Are you-- seeking to renew a relationship? --, considering a new relationship? -- troubled with establishing a long-term relationship? -- divorced and trying to understand why your marriage failed? -- experiencing problems in love, romance, sex, intimacy or marriage? -- a therapist or counselor who would like to provide an accessible resource for your clients? -- Millions of books on relationships have been printed over the years. Why do we need another? We need The Art of Love: The Craft of Relationship for the same reasons that over four and a half million readers wanted Spencer Johnson's Who Moved My Cheese. Following Johnson's methods of teaching to a broad, modern audience, The Art of Love: The Craft of Relationship presents the profound principles that form a loving relationship in an easily accessible manner. Using a very simple approach, it will help people shift their attitudes and provide them with the skills to create loving, long-lasting partnerships. There are so many titles in print on change because it is an ongoing challenge for most of us. So are relationships. With more than six decades of experience working with couples, we knew we had vital information, lessons, and insights to share, but we insisted that the book be short, engaging, and easy to read. A helpful book does not have to be dense to be packed with wisdom, skills, and ideas that can open the door to a new era of fulfilling relationships. We have brought complex material and common sense into a format that is carefully constructed to achieve results by being communicative and consistent, enjoyable and hopeful. Unlike the textbook appearance of most self-help books that include psychological jargon, case examples and exercises, The Art of Love: The Craft of Relationship uses stories and dialogue to teach profound insights and valuable skills. It sticks to people talking in a way the reader can identify with and understand. It brings hope because the reader who is experiencing stress in a relationship can see that other people, like them, are, too. And, that learning a few basic skills can bring lasting change and renew love. The best news is that our book will be useful to many people because it will give them a new way to look at their relationship and the skills to handle problem after problem in a way that builds love and trust. Our mission is to appeal strongly to those who are considering a relationship, seeking to renew one, or are looking for a way to understand a partner and a process for dealing with problems in love, romance, sex, intimacy and living together.
Finalist for the Baileys Women's Prize Annie McDee, thirty-one, lives in a shabby London flat, works as a chef, and is struggling to get by. Reeling from a sudden breakup, she's taken on an unsuitable new lover and finds herself rummaging through a secondhand shop to buy him a birthday gift. A dusty, anonymous old painting catches her eye. After spending her meager savings on the artwork, Annie prepares an exquisite birthday dinner for two--only to be stood up. The painting becomes hers, and Annie begins to suspect that it may be more valuable than she'd thought. Soon she finds herself pursued by parties who would do anything to possess her picture: an excited Russian oligarch, an avaricious sheikha, an unscrupulous art dealer. In her search for the painting's identity, Annie will unwittingly discover some of the darkest secrets of European history--and the possibility of falling in love again.
A fascinating look at the key components of romantic love--sex, idealization, aggression, self-pity, guilt, and commitment--argues that romance does not diminish in a long-term relationship, describes the barriers to lasting love, and offers helpful advice on how to promote an enduring love by eliminating self-destructive efforts to protect oneself from its risks. In this remarkable translation, James Michie breathes new life into the notorious Roman's mock-didactic elegy. In lyrical, irreverent English, he reveals love's timeless dilemmas and Ovid's enduring brilliance as both poet and cultural critic.

The Craft of Relationship

The social system of 'courtly love' soon spread after becoming popularized by the troubadours of southern France in the twelfth century. This book codifies life at Queen Eleanor's court at Poitiers between 1170 and 1174 into "one of those capital works which reflect the thought of a great epoch, which explain the secret of a civilization."

This original and lucid account of the complexities of love and its essential role in human well-being draws on the latest scientific research. Three eminent psychiatrists tackle the difficult task of reconciling what artists and thinkers have known for thousands of years about the human heart with what has only recently been learned about the primitive functions of the human brain. A General Theory of Love demonstrates that our nervous systems are not self-sufficient. Our earliest childhood, our brains actually link with those of the people close to us, in a silent rhythm that alters the very structure of our brains, establishes life-long emotional patterns, and makes us, in large part, who we are. Explaining how relationships function, how parents shape their child' s developing self, how psychotherapy really works, and how our society dangerously flouts essential emotional laws, this is a work of rare passion and eloquence that will forever change the way you think about human intimacy.

In the spirit of Gretchen Rubin' s megaseller The Happiness Project and Eric Weiner' s The Geography of Bliss, a journalist embarks on a project to discover what it takes to love where you live The average restless American will move 11.7 times in a lifetime. For Melody Warnick, it was move #6, from Austin, Texas, to Blacksburg, Virginia, that threatened to unhinge her. In the lonely aftermath of unpacking, she wondered: Aren' t we supposed to put down roots at some point? How does the place we live become the place we want to stay? This time, she had an epiphany. Rather than hold her breath and hope this new town would be her family' s perfect fit, she would figure out how to fall in love with it--no matter what. How we come to feel at home in our towns and cities is what Warnick sets out to discover in This Is Where You Belong. She dives into the body of research around place attachment--the deep sense of connection that binds some of us to our cities and increases our physical and emotional well-being--then travels to towns across America to see it in action. Inspired by a growing movement of placemaking, she examines what its practitioners are doing to create likeable locales. She also speaks with frequent movers and loyal stayers around the country to learn what draws highly mobile Americans to a new city, and what makes us stay. The best ideas she imports to her adopted hometown of Blacksburg for a series of Love Where You Live experiments designed to make her feel more locally connected. Dining with her neighbors. Shopping Small Business Saturday. Marching in the town Christmas parade. Can these efforts make a halfhearted resident happier? Will Blacksburg be the place she finally stays? What Warnick learns will inspire you to embrace your own community--and perhaps discover that the place where you live right now . . . is home.

Before you is an invitation to introduce you to Erich Fromm's magnificent The Art of Loving: An enquiry into the nature of love. There may be parts of this book with which you fervently agree, and others where you vehemently do not. In either case, you will not regret the time you spent reading it. The pleasure you gain from its reading and the impact of the book on your life will be immeasurable. You can talk or argue about Fromm's The Art of Loving, but, for our part, we have limited ourselves to a few short remarks on the rationality (or irrationality) of that phenomenon called love.

The Art of Loving and the Joy of Being Loved

Cambridge University professor Reynold Nicholson once remarked that the 13th-century Persian poet Rumi is the "greatest mystical poet of any age." In Rumi's vision, love is the very matrix of existence: love is what moves life. His poetry expresses the deepest and the most inclusive layers of love, and thus connects us to an immense source of joy, compassion, creativity, and mystery. This book is a new anthology and an original translation of Rumi's poetry. It is divided into three parts. Part I contains two essays, one on Rumi's life ("A Messenger from the Sun") and the other on his poetic vision and thought ("The Path of Love in the Ocean of Life"), which together help the reader better situate his poetry. Part II presents 144+1 quatrains (Rubaiyat) of Rumi categorized into 12 thematic chapters: On the Pain and Joy of Longing; The Search; Who Am I?; The Beloved's Face; Die to Yourself; The Art of Living; Night Secrets; Water of Life; Fire of Love; Unity and Union; Peaceful Mind; and Rumi on His Life, Poetry and Death. These poems have been selected and translated from the authentic Persian editions of Rumi's Divan-e Shams. For readers interested in the cadence and rhythm of the poems in the original language the Persian reading (in English script) is also given under each translated poem. Part III is a selection of 12 wisdom stories from Rumi's own life (taken from a 14th-century biographical work on Rumi). A glossary of symbolic terms in Rumi's poetry, and references to the original sources of the translated poems are also given at the end of the book. This anthology brings fresh insight into the work and mind of a master poet who mapped the path of spiritual quest and union, and painted in words the art of loving.

Sometimes the things that come the easiest are the hardest to keep. A lesson learned. In a bold move, Olivia risks everything to put her name on the lips of the wealthiest art collectors in New York. But before she can achieve her career goals she must reimagine herself as a person, an artist, and as a lover.

Seventeen-year-old Dylan Marshall is practically invisible. No-one knows he is homeless and caring for his alcoholic father – and no-one knows he’s the infamous street artist Xavier, whose portraits are painted all over town. Dylan’s only glimmer of hope is the chance to win a place in his dream art school. It’s his one chance to escape, and his last chance at a life away from the streets. But Dylan didn’t count on Libby Green. When the overachieving do-gooder catches him graffitiing, Dylan is sure his art-school dreams are over. Instead, Libby offers him a bargain: help her with an art project, in exchange for her silence. Libby Green is not what Dylan expected. And the longer they spend together, the harder it is to guard the truth of his life. Dylan never expected to have another secret: the girl who could ruin everything makes his soul beam every colour imaginable.

No matter what your unique situation, there's something here for you. Jane provides the map and you choose the route to a more joyful, contented life.
