President in history.  
The Rise of Theodore Roosevelt begins at the apex of his international prestige. That was on New Year's Day, 1907, when TR, who

had just won the Nobel Peace Prize, threw open the doors of the White House to the American people and shook 8,150 hands. One visitor remarked afterward, "You

this book tells the story of TR's irresistible rise to power. During the years 1858-1901, Theodore Roosevelt transformed himself from a frail,

Married to his childhood sweetheart in 1886, he became the country squire of Sagamore Hill on Long Island, a

and wrote fourteen books. By 1901, the man Senator Mark Hanna called "that damned cowboy" was vice president. Seven months later, an assassin's
