"A wondrous, sparkling fusion of wisdom and insight." - Patricia Santhuff What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an, and all the sacred stories from traditions around the world, have in common? They open our hearts to wonder, mystery, passion, and joy. I know, on the outside these stories seem very different, confusing,

conflicting, and often violent and divisive. But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The

stories are all a call to awaken, to live passionately and consciously, and to enter the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path! Fortunately, that's what all the sacred stories are really about. THE DOOR IS OPEN uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology

Laura Knight-Jadczyk's series, The Secret History of the World, is one of the most ambitious projects ever undertaken to provide a cogent, comprehensive account of humanity's true history and place in the cosmos. Following the great unifying vision of the Stoic Posidonius, Laura weaves together the study of history, mythology, religion, psychology and

File Type PDF The Astrology Bible The Definitive To The Zodiac Godsfield Bibles

physics, revealing a view of the world that is both rational and breathtaking in its all-encompassing scope. This second volume, Comets and the Horns of Moses, (written in concert with several following volumes soon to be released) picks up the dangling threads of volume one with an analysis of the Biblical character of Moses -- his possible true history and nature -- and the cyclical nature of cosmic catastrophes in Earth's history. Laura skillfully tracks the science of comets, revealing evidence for the

File Type PDF The Astrology Bible The Definitive To The Zodiac Godsfield Bibles

fundamentally electrical and electromagnetic nature of these celestial bodies and how they have repeatedly wreaked havoc and destruction on our planet over the course of human history. Even more startling however, is the evidence that comets and cometary fragments have played a central role in the formation of human myth and legend and the very concept of a 'god'. As she expertly navigates her way through the labyrinth of history, Laura uncovers the secret knowledge of comets that has been

File Type PDF The Astrology Bible The Definitive To The Zodiac Godsfield Bibles

hidden in the great myths, ancient astronomy (and astrology) and the works of the Greek philosophers. Concluding with a look at the political and psychological implications of cyclical cometary catastrophes and what they portend for humanity today, Comets and the Horns of Moses is a marvel of original thought and keen detective work that will rock the foundations of your understanding of the world you live in, and no doubt ruffle the feathers of the many academics who still cling to an outdated and blinkered view of

history.

An exploration of astrology's impact on history considers such topics as the fervent observance of astrology by notable Greeks and Romans, St. Thomas Aquinas's belief that astrology was compatible with Christianity, and the astrological consultations of such modern figures as Winston Churchill and Ronald Reagan.

The perfect introduction to the power of meditating with crystals. Judy Hall, world-renowned crystal expert, explains how to use crystals in everyday mindfulness practice to help focus awareness and be in the moment. Are you looking for a better way to practice mindfulness? Crystals can help in so many ways. They have been around for millions of years and in their terms the passing of decades is merely the blink of an eye, so they offer new ways of perceiving your life. Gazing into the depths of a crystal offers you instant clarity and stillness of mind. Providing a point of soft focus, crystals help you to stay attentively in the present moment without

judging it or needing it to change. The unique qualities of each crystal assist in switching off your mind's chatter. Crystals can ease your anxieties, dispel your anger, show you how to forgive and let the past be, and so much more. They can help you make a decisive move (when that's appropriate). They connect you to yourself at a very deep level. The introduction covers what mindfulness is, how it works, what the benefits are for you and how crystals can help you practise it. Part 1 looks at specific topics that are relevant to your mindfulness practise, such as staying grounded, becoming centred, shutting off the chattering mind and accepting yourself. Part 2 is a comprehensive crystal mindfulness directory featuring 24 beautifully photographed crystals. Each description of the crystal and its benefits to mindfulness is accompanied by an exercise for a specific purpose, as well as other features such as keywords and a Crystal

Reflection to use for instant access to inner calm. Flick through the pages until a picture catches your eye and work with the crystal as suggested, or target your crystal mindfulness practise more specifically using the book's headings. Then tune into the crystal you need and the magic will happen.
