Thirty years after The Beatles split up, the music of Lennon, McCartney, Harrison and Starkey lives on. What exactly were the magical ingredients of those legendary songs? Why are they still so influential for today's bands? This ground-breaking book sets out to explore Beatles' songwriting techniques in a clear and readable style. It is aimed not only at musicians but anyone who has ever enjoyed the work of one of the most productive and successful songwriting partnerships of the 20th Century. Author Dominic Pedler explores the chord sequences, melodies, harmonies, rhythms and structures of The Beatles' self-penned songs, while challenging readers to enhance their appreciation of the lyrics themselves with reference to the musical context. Throughout the book the printed music and lyrics of The Beatles' songs appear alongside the text, illustrating the author's explanations. The Songwriting Secrets Of The Beatles is an essential addition to Beatles literature, a new and perceptive analysis of both the music and the lyrics written and performed by what Paul McCartney still calls 'a really good, little band'.

(Guitar Book). This unique publication contains 52 favorite Beatles songs arranged exclusively for the guitar. It is designed to provide an accurate look into the lead and rhythm guitar styles of George Harrison and John Lennon. Written in tablature, this book also provides numbers, strums, accents and picking patterns for those who do not read music.
