technique involves using different types of looms to achieve different types of braids. The possibilities are endless and can be customized to suit everybody, so find your Kumihimo supplies and get started When doing Kumihimo you will learn that using a different number of strands, as well as different colors, will change the overall look. Different types of stringing material can also change the look, as well as adding beads to all or some of the strands. Keep in mind that you may not want to use a stringing material that stretches. In Kumihimo each thread in one single "slit" is referred to as a warp. Here we will be using the round Kumihimo disk with 32
