

The Beliefs Of A Unitarian By Alfred Hall General Assembly Of Book

Fifteen personal stories from laity and clergy alike show what it means to be a Unitarian Universalist Christian today. These men and women arrive at their faith by many paths--influenced by the Bible, Jesus Christ Superstar and even the Bernstein Mass.

Here is a fresh and much-needed look at UU Christians, who, for decades, have kept the work and spirit of Christianity alive in our liberal religion. Foreword by Carl Scovel.

These 23 essays by some of the most prominent leaders in Unitarian Universalist Paganism bring Pagan and Earth-centered theo/alogy to life for a new generation. Featuring the writings of both clergy and laypeople, this vibrant collection demonstrates the many expressions of nature-based spirituality and the ways they feed the souls of so many. The essayists describe a broad array of practices, including Wiccan traditions, Neo-Pagan rituals and celebrations, worship of the divine feminine, and nature-based beliefs and practices that bring us into harmony and balance with our natural environment. Contributors also describe the development of nature-based theo/alogy within Unitarian Universalism—including the organization of the Covenant of Unitarian Universalist Pagans, the addition of the sixth Source to the UUA bylaws recognizing Earth-centered spirituality, and the integration of Pagan practices into congregational life.

McLennan addresses the concept of Jesus as historical figure and as the presents Christ. In doing so he explores the reality and meaning of the Christmas and Easter stories, the Trinity, Christ's divinity, miracles, salvation, religious pluralism and exclusivism, and more.

"Unitarian Christianity" by William Ellery Channing. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Unitarianism, still evolving after its foundation 450 years ago, is "a faith without a creed." This book presents the findings of a survey conducted in 2017 to assess the range and depth of present-day Unitarian beliefs, values, and spiritual practices and, in doing so, to explore what it is that holds Unitarians "together in diversity"

Introduces the Unitarian Universalist religion, describing the beliefs upon which it was founded, how its members worship, and how they serve their community.

Unitarian Christianity

Universalists and Unitarians in America

Embracing Two Religions in One Interfaith Family

Unknown to most Americans, Thomas Jefferson, John Quincy Adams and Benjamin Franklin were Unitarians. Today their beliefs have been called heretic or Christian, godless or liberal, argumentative or religious, or all of the above. Anatole B since 1948, uses history and theology to place these conflicting qualities into a unified liberal Judeo-Christian context. Browde is convinced that faith is besieged because Unitarian church goers have diverse belief systems. The power of th one is too close to a creed and is therefore often devalued. Using sermons and essays by ministers and philosophers, Browde shows how Unitarianism beliefs dating from the sixteenth century overcame the restrictions of Calvinist predest free religion. Unitarians are free to believe in God, be humanists, have faith in an unknown, or in Christ as a prophet. His narrative provides an insight to the controversies that plagued believers throughout Unitarian history and demonstrat faith can make every service a celebration of joy and love.

A book on the growing number of interfaith families raising children in two religions Susan Katz Miller grew up with a Jewish father and Christian mother, and was raised Jewish. Now in an interfaith marriage herself, she is one of the grow boldly electing to raise children with both faiths, rather than in one religion or the other (or without religion). In Being Both, Miller draws on original surveys and interviews with parents, students, teachers, and clergy, as well as on her own controversial grassroots movement. Almost a third of all married Americans have a spouse from another religion, and there are now more children in Christian-Jewish interfaith families than in families with two Jewish parents. Across the c challenging the traditional idea that they must choose one religion. In some cities, more interfaith couples are raising children with “both” than Jewish-only. What does this mean for these families, for these children, and for religious institu distinct benefits for families who reject the false choice of “either/or” and instead embrace the synergy of being both. Reporting on hundreds of parents and children who celebrate two religions, she documents why couples make this choi faith education. But often families who choose both have trouble finding supportive clergy and community. To that end, Miller includes advice and resources for interfaith families planning baby-welcoming and coming-of-age ceremonies, an education programs. She also addresses the difficulties that interfaith families can encounter, wrestling with spiritual questions (“Will our children believe in God?”) and challenges (“How do we talk about Jesus?”). And finally, looking beyond

Being Both provides the first glimpse of the next interfaith wave: intermarried Muslim, Hindu and Buddhist couples raising children in two religions. Being Both is at once a rousing declaration of the benefits of celebrating two religions, and who are seeking guidance and community support.

Menachem Kellner is Professor Emeritus of Jewish Thought at the University of Haifa and now chair of the Department of Philosophy and Jewish thought at Shalem College in Jerusalem.

In this highly anticipated collection, Unitarian Universalist Humanists present their faith perspectives in 23 engaging and thought-provoking essays. The contributors, both lay and ordained, demonstrate why Humanism has been one of the bedrock theologies of Unitarian Universalism for the last hundred years. They reflect on what it means to be a religious Humanist today and how they see the movement evolving in the twenty-first century. They explore Humanist history, beliefs, approach to life, social justice, community, and religious education. Together, these voices proclaim a passionate affirmation of a rich and dynamic tradition within Unitarian Universalism.

In twenty-two simple yet profound reflections, seasoned minister Mark Belletini explores the many and varied forms of grief. His honest, poetic essays serve as a prism, revealing the distinct colors and manifestations of grief in our lives. He addresses the way we respond to loss of people in our lives, loss of love, loss of focus, and loss of the familiar—understanding that grief is as much a part of our lives as our breathing. Belletini uses specific and personal stories to open up to the universal experience. Nothing Gold Can Stay is a gift of awareness, showing how the shades of grief serve our deepest needs.

Macaulay challenges the prevailing belief that religion in the southdeveloped solely through "revivalistic emotion" and not by religious rationalism. "

A Chosen Faith

Unitarianism an Affirmative Faith

For over a generation now, conservative religion has seemed to be dominant in America. But there are signs of a liberal religious renaissance. For it to flourish, laypeople need a sense of their theological heritage. A House for Hope lays out, in lively and engaging language, the theological house that religious liberalism has inherited—and suggests how this heritage will need to be spiritually and theologically transformed. With chapters that suggest liberal religious commitment is based on common hopes rather than adherence to religious creeds, ask why human beings gather in communities with spiritual goals in the first place, discuss the importance of social and cultural context, and seek a Spirit that moves within us and among us, A House for Hope will provide religious liberals not only a theological but also a spiritual foundation for the years ahead.

A very thorough history of Unitarianism throughout American history,.how it has organized itself, and what it has accomplished. Contents include: English Sources of American Unitarianism --- The Liberal Side of Puritanism --- The Growth of Democracy in the Churches --- The Silent Advance of Liberalism ---- The American Unitarian Association ---- The Denomination Awakening --- Unitarians and Reforms --- The Future of Unitarianism; and much more. Originally published in 1902. George Willis Cooke (1848-1923), born in Comstock, Michigan, was a Unitarian minister, writer, editor, and lecturer best known now for his landmark history of the Unitarian movement in the 19th century and for his work on transcendentalist writers and publications. An insatiable reader throughout his life, Cooke was largely self-taught. His first major work, published in 1881, was Ralph Waldo Emerson: His Life, Writings and Philosophy. He wrote several other studies of transcendentalism, with particular attention to the utopian community, Brook Farm, and the transcendentalist periodical, The Dial. His book, Unitarianism in America, first published in 1902, was the standard work on 19th century Unitarianism for some time and is still the major source of information on Unitarian developments in the early decades after the Unitarian controversy.

Appointed by the Board of Trustees of the Unitarian Universalist Association of Congregations in 2017, the UUA Commission on Institutional Change served through June 2020. Widening the Circle of Concern: Report of the UUA Commission on Institutional Change represents the culmination of the Commission ’ s work analyzing structural and systemic racism and white supremacy culture within Unitarian Universalism and makes recommendations to advance long-term cultural and institutional change that redrems the essential promise and ideals of Unitarian Universalism. The members and staff of the UUA Commission on Institutional Change were Chair Rev. Leslie Takahashi, Mary Byron, Cir L ’ Bert Jr., Rev. Dr. Natalie Fenimore, Dr. El i as Ortega, Caitlin Breedlove, DeReau K. Farrar, and Project Manager Rev. Marcus Fogliano.

Inspirational Readings

The story of a former Evangelical Christian turned openly gay atheist who now works to bridge the divide between atheists and the religious The stunning popularity of the “New Atheist” movement—whose most famous spokesmen include Richard Dawkins, Sam Harris, and the late Christopher Hitchens—speaks to both the growing ranks of atheists and the widespread, vehement disdain for religion among many of them. In Faitheist, Chris Stedman tells his own story to challenge the orthodoxies of this movement and make a passionate argument that atheists should engage religious diversity respectfully. Becoming aware of injustice, and craving community, Stedman became a “born-again” Christian in late childhood. The idea of a community bound by God’s love—a love that was undeserved, unending, and guaranteed—captivated him. It was, he writes, a place to belong and a framework for making sense of suffering. But Stedman’s religious community did not embody this idea of God’s love: they were staunchly homophobic at a time when he was slowly coming to realize that he was gay. The great suffering this caused him might have turned Stedman into a life-long New Atheist. But over time he came to know more open-minded Christians, and his interest in service work brought him into contact with people from a wide variety of religious backgrounds. His own religious beliefs might have fallen away, but his desire to change the world for the better remained. Disdain and hostility toward religion was holding him back from engaging in meaningful work with people of faith. And it was keeping him from full relationships with them—the kinds of relationships that break down intolerance and improve the world. In Faitheist, Stedman draws on his work organizing interfaith and secular communities, his academic study of religion, and his own experiences to argue for the necessity of bridging the growing chasm between atheists and the religious. As someone who has stood on both sides of the divide, Stedman is uniquely positioned to present a way for atheists and the religious to find common ground and work together to make this world—the one world we can all agree on—a better place.

How is a free faith expressed, organised and governed? How are diverse spiritualities and theologies made compatible? What might a religion based in reason and democracy offer today’s world? This book will help the reader to understand the contemporary liberal religion of Unitarian Universalism in a historical and global context. Andrea Greenwood and Mark W. Harris challenge the view that the Unitarianism of New England is indigenous and the point from which the religion spread. Relationships between Polish radicals and the English Dissenters existed and the English radicals profoundly influenced the Unitarianism of the nascent United States. Greenwood and Harris also explore the US identity as Unitarian Universalist since a 1961 merger and its current relationship to international congregations, particularly in the context of twentieth-century expansion into Asia.

For those contemplating religious choices, Unitarian Universalism offers an appealing alternative to religious denominations that stress theological creeds over individual conviction and belief. In this new edition of the classic introductory text on Unitarian Universalism, which includes a revealing, entertaining foreword by best-selling author Robert Fulghum (All I Really Need to Know I Learned in Kindergarten, It Was on Fire When I Lay Down on It), a new preface by UU moderator Denise Davidoff, and two new chapters by the authors, John Buehrens and Forrest Church explore the many sources of the living tradition of their chosen faith.

Being Both

Christ for Unitarian Universalists

"Why mess around with Catholicism when you can have your own customized religion?" Fed up with his parents' boring old religion, agnostic-going-on-atheist Jason Bock invents a new god -- the town's water tower. He recruits an unlikely group of worshippers: his snail-farming best friend, Shin, cute-as-a-button (whatever that means) Magda Price, and the violent and unpredictable Henry Stagg. As their religion grows, it takes on a life of its own. While Jason struggles to keep the faith pure, Shin obsesses over writing their bible, and the explosive Henry schemes to make the new faith even more exciting -- and dangerous. When the Chutengodians hold their first ceremony high atop the dome of the water tower, things quickly go from merely dangerous to terrifying and deadly. Jason soon realizes that inventing a religion is a lot easier than controlling it, but control it he must, before his creation destroys both his friends and himself.

In 2011, Nancy Shaffer’s life suddenly changed when she was diagnosed with a fatal brain tumor. Here is her heartrending and heartwarming account of her final year as she came to terms with impending death. Part journal, part reflection, and fully honest, Shaffer’s account of her journey through denial to peaceful acceptance will lend inspiration and courage to those in need, and insight to those who give pastoral care.

The Seven Principles of Unitarian Universalism continue to be plumbed for meaning, depth and inspiration. This elegant volume presents fresh perspectives from seven ministers who joined the ministry after the Principles took their current form. Here are essays, prayers, chalice lightings, litanies, meditations and worship readings on each Principle-helping us reflect on their significance and the ways they call us to ethical action and deeper spirituality.
