Jason Bourne is one of the most popular and compelling characters in modern fiction. Originally created by bestselling author Robert Ludlum, now New York Times bestselling writer Eric Van Lustbader carries on Ludlum's legacy with a new novel about the rogue secret agent who has lost his memory . . . Jason Bourne has been pursued by powerful governments--and escaped. Hunted by the most skilled assassins in the world--and outsmarted them. Targeted by terrorists--and defeated their plans for global chaos. But now, Bourne wants only one thing: retribution. **THE BOURNE RETRIBUTION** Bourne's friend Eli Yadin, head of Mossad, learns that Ouyang Jidan, a senior member of China's Politburo, and a major Mexican drug lord may have been trafficking in something far more deadly than drugs. Yadin needs Bourne to investigate. Bourne agrees, but only because he has a personal agenda: Ouyang Jidan is the man who ordered Rebeka--one of the only people Bourne has ever truly cared about--murdered. Bourne is determined to avenge her death, but in the process he becomes enmeshed in a monstrous world-wide scheme involving the Chinese, Mexicans, and Russians. Bourne's increasingly desperate search for Ouyang takes him from Tel Aviv to Shanghai, Mexico City, and, ultimately, a village on China's coast where a clever trap has been laid for him. Bourne finds himself pursued on all sides and unsure whom he can trust. As he moves closer to Ouyang, closer to avenging the woman he loved, he also moves ever closer to his own death . . .

***From one of the most interesting and iconic musicians of our time, a piercingly tender, funny, and harrowing account of the path from suburban poverty and alienation to a life of beauty, squalor, and unlikely success out of the NYC club scene of the late '80s and '90s. There were many reasons Moby was never going to make it as a DJ and musician in the New York club scene. This was the New York of Palladium; of Mars, Limelight, and Twilo; of unchecked, drug-fueled hedonism in pumping clubs where dance music was still largely underground, popular chiefly among working-class African Americans and Latinos. And then there was Moby—not just a poor, skinny white kid from Connecticut, but a devout Christian, a vegan, and a teetotaler. He would learn what it was to be spat on, to live on almost nothing. But it was perhaps the last good time for an artist to live on nothing in New York City: the age of AIDS and crack but also of a***

*defiantly festive cultural underworld. Not without drama, he found his way. But success was not uncomplicated; it led to wretched, if in hindsight sometimes hilarious, excess and proved all too fleeting. And so by the end of the decade, Moby contemplated an end in his career and elsewhere in his life, and put that emotion into what he assumed would be his swan song, his good-bye to all that, the album that would in fact be the beginning of an astonishing new phase: the multimillion-selling Play. At once bighearted and remorseless in its excavation of a lost world, Porcelain is both a chronicle of a city and a time and a deeply intimate exploration of finding one's place during the most gloriously anxious period in life, when you're on your own, betting on yourself, but have no idea how the story ends, and so you live with the honest dread that you're one false step from being thrown out on your face. Moby's voice resonates with honesty, wit, and, above all, an unshakable passion for his music that steered him through some very rough seas. Porcelain is about making it, losing it, loving it, and hating it. It's about finding your people, your place, thinking you've lost them both, and then, somehow, when you think it's over, from a place of well-earned despair, creating a masterpiece. As a portrait of the young artist, Porcelain is a masterpiece in its own right, fit for the short shelf of musicians' memoirs that capture not just a scene but an age, and something timeless about the human condition. ## A Covert-One Novel

Now, New York Times bestselling writer Eric Van Lustbader carries on Jason Bourne's story with a new novel about the rogue secret agent who has lost his memory . . . In this thrilling and absorbing new novel Jason Bourne is faced with an impossible mission. He has been hired to impersonate a high-level government minister at a political summit meeting in Qatar, shielding the minister from any assassination attempts. Suddenly, armed gunmen storm the room, killing everyone but Bourne. Their target, however, isn't the minister Bourne impersonates...it is Bourne himself. Kidnapped and transported to an underground bunker, Bourne finds himself face-to-face with an infamous terrorist named El Ghadan ("Tomorrow"). El Ghadan holds as his captive Soraya Moore, former co-director of Treadstone, and a close friend to Bourne, along with her two year old daughter. Scrawled in a pool of blood is one name the world wanted to forget: Jason Bourne. The second Bourne novel.

A Jason Bourne novel from the #1 New York Times bestselling author Facing down mercenaries in Africa, Jason Bourne witnesses the death of an art dealer named Tracy Atherton. Her killing dredges up snatches of Bourne's impaired memory, in particular the murder of a young woman on Bali who entrusted him with a strangely engraved ring-an artifact of such powerful significance that people have killed to obtain it. Now he's determined to find the ring's owner and purpose. But Bourne never knows what terrible acts he'll discover he committed when he digs into the past. The trail will lead him through layers of conspiracy to a vicious Russian mercenary, Leonid Arkadin, who was also a graduate of the Central Intelligence training program Treadstone. A covert course designed to create ruthless assassins for C.I., it was shuttered by Congress for corruption. Yet before it was dismantled, it produced Bourne and Arkadin, giving them equal skills, equal force, and equal cunning. As

Bourne's destiny circles closer to Arkadin's, it becomes clear that the eventual collision of these men is not of their own making. Someone else has been watching and manipulating them. After Bourne is ambushed and nearly killed while in Indonesia, he fakes his death to take on a new identity and mission- to find out who is trying to assassinate him. In the process, Bourne begins to question who he really is and what he would become if he no longer carried the Bourne identity. Across the globe, an American passenger airliner is shot down over Egypt- apparently by an Iranian missile-leaving the world wondering if it was an accident or an act of aggression. A massive global team lead by Soraya Moore is assembled to investigate the attack before the situation escalates. When Bourne's search for his would-be assassin intersects with Soraya's search for the group behind the airplane bombing, Bourne is thrust into a race to prevent a new world war.
