hopes to use her abilities to his advantage-to escape the spiritual ream and take a corporeal form. When Ogoun, the Loa of War, intervenes he recruits Annabelle to join him as a student at the Voodoo Academy. Will she be able to master the arts, and fend off Kalfu's spiritual assaults? Or, is she ultimately a puppet in a battle between Voodoo demigods? Voodoo Academy is the first book in the Gates of Eden: The Voodoo Legacy series.

Many myths and fallacies have surrounded the life of Prince Mangosuthu Buthelezi; a man who has played a profound and undeniable role in shaping the history and culture of South Africa for more than half a century. Yet even his opponents refer to him as the doyen of South African politics. This book chronicles Buthelezi's legacy in South Africa's struggle for liberation. It examines his utterances, beliefs and warnings, to the ANC alliance, the apartheid government and the people of South Africa at large. In doing so, it exposes the myths and

challenges the propaganda, while forging a clearer picture of the man about whom so much has been written. The book considers Buthelezi's principled advocacy of peaceful change, when it was fashionable to cry for violence. It explores his influential role at the negotiating table at CODESA and reflects on why his vision and commitment could not be ignored by his opponents. His active espousal of federalism, in direct opposition to the unitary one-party state envisioned by the ANC, is also investigated. Finally the book chronicles Buthelezi's service in the Government of National Unity and the reasons why Presidents Nelson

intent on creating a new home for themselves. The peaceful indigenous peoples fled before the marauding hordes and hid defiantly in the mountain peaks awaiting a signal from god. They learned the arts of magic and warfare as they hid from the intruders, who divided the land amongst themselves and set up a civilization where the many toil and slave for the elite few. The Forgotten Legacy series begins with Young Lord of Khadora as Marak, a young soldier in the service of one of the clans of Khadora is chosen as a sacrifice for the benefit of his lord. Marak is sent on a fool's mission to defeat one of the small bands of indigenous people known as the Chula,

a race of dreaded cat-people. Marak, however, is not your normal clan soldier. His mother is a mage slave to the clan lord and his father is unknown, presumed dead. What makes Marak different though, is his abhorrence for Khadoran culture, a society that feeds on the helpless and victimizes all but the most wealthy and powerful.

Refusing to accept his given role in life, Marak sets out to change the very fabric of society. The young soldier has a brilliant military mind and warrior skills that so far have not been bested, but his real weapons are the resources that Khadoran society discards. His weapon is compassion and it is an emotion that has long been dead in Khadora. It is a fine edge that Marak must walk to stay alive. While not knowing how a populace will react to his endeavors, Marak has little doubt what the reactions of the clan lords will be. Marak will have to defend himself against rival clan lords fearful of his efforts, the dreaded

And right now they're all seriously pissing me off. As they each try and fail to dominate me, the only person who remains on my

Plus, lest I forget, there are still the blood-drinking monsters that dog our steps and leave a few nasty surprises along our journey.
