great literature and art. Kate Millett's analysis targets four revered authors—D. H. Lawrence, Henry Miller, Norman Mailer, and Jean Genet—and builds a damning profile of literature's patriarchal myths and their extension into psychology, philosophy, and politics. Her eloquence and popular examples taught a generation to recognize inequities masquerading as nature and proved the value of feminist critique in all facets of life. This new edition features the scholar Catharine A. MacKinnon and the New Yorker correspondent Rebecca Mead on the importance of Millett's work to challenging

Professional Cooking/Baking "This book is a resource and guide for all those who did not have the joy of learning the art of baking, side by side, from a mother or grandmother." Markus Farbinger The Culinary Institute of America From the Foreword

Hegel is known as "the father of art history," yet recent scholarship has overlooked his contributions. This is the first comprehensive

Read Book The Classic Art Of Sensual Massage

interpretation of Hegel's philosophy of art in English in thirty years. In a new analysis of Hegel's notorious "end of art" thesis, Hegel's Aesthetics shows the indispensability of Hegel's aesthetics for understanding his philosophical idealism and introduces a new claim about his account of aesthetic experience. In a departure from previous interpretations, Lydia Moland argues for considering Hegel's discussion of individual arts--architecture, sculpture, painting, music, and poetry--on their own terms, unlocking

Read Book The Classic Art Of Sensual Massage

new insights about his theories of perception, feeling, selfhood, and freedom. This new approach allows Hegel's philosophy to engage with modern aesthetic theories and opens new possibilities for applying Hegel's aesthetics to contemporary art. Moland further elucidates his controversial analysis of symbolic, classical, and romantic art through clarifying Hegel's examples of each. By incorporating newly available sources from Hegel's lectures on art, this book widely expands our understanding of the particular

Read Book The Classic Art Of Sensual Massage

artworks Hegel discusses as well as the theories he rejects. Hegel's Aesthetics further situates his arguments in the intense philosophizing about art among his contemporaries, including Kant, Lessing, Herder, Schelling, and the Schlegel brothers. Ultimately, the book offers a rich vision of the foundation of his ideas about art and the range of their application, confirming Hegel as one of the most important theorists of art in the history of philosophy. In the mid-sixteenth century, at almost 60 years of age, Titian invented a new way of painting: the paint was applied to the canvas rapidly and freely and overlaid with brushstrokes that were both light and dense: the forms broke up and a great sensuality and profound spirituality became evident. Titian used an extraordinarily prescient technique to create engaging, stirring painting that in some ways seems to relate to the literary work of the poet Torquato Tasso and even take up the imaginary writings of Ludovico

Ariosto published in Venice in the 1530s. Such a painting style had never previously been imagined and was so revolutionary that it was to influence many artists of subsequent centuries through to the modern age. Late Titian became the yardstick not only for younger contemporary painters like Tintoretto, Veronese and Bassano, but also great artists of subsequent centuries like Rubens, Rembrandt, Velazquez, Gericault and Delacroix and on to the Expressionists.

Stanway explores how couples today can achieve not only greater intimacy in their relationships, but also be more innovative in their lovemaking. Subjects covered include attraction and courtship, the art of seduction, the role of fantasy, sensual and erotic massage, understanding arousal, sex drives, and desire, and how to create romantic opportunities. This fully illustrated, full-color volume celebrates the art of courtship anew as it frankly discusses the issues of intimacy and commitment that all couples face. Practical suggestions regarding romantic settings, the role of sex toys, and

A collection of the rare '50s pinups that led to the artist's final gig, as Playboy's first star cartoonist. In the rarefied realm of classic cartoon pin-up art, nobody did it better than Jack Cole. With his quirky line drawings and sensual watercolors, Cole, under Hugh Hefner's guiding hand,

Read Book The Classic Art Of Sensual Massage

catapulted to stardom in the 1950s as Playboy's marquee cartoonist, a position he held until his untimely death at the age of 43. Jack Cole, most recently the subject of a book profile by Art Spiegelman and Chip Kidd (Jack Cole and Plastic Man: Forms Stretched To Their Limits) has been justly celebrated as the creator of Plastic Man and an innovative comic book artist of the 1940s. Cole had sold a handful of cartoons to magazines such as Boy's Life, Colliers and Judge in the '30s and '40s, but after finishing his 14-year run on Plastic Man, he found himself back at square one in an idiom that didn't come naturally to him: the

gag cartoon. According to Cole, his savior was the Humorama line of down-market digest magazines. This girls and gags magazine circuit proved to be the perfect training ground to regain his footing and develop his craft at single panel cartoons. While Cole may have been honing his skills as a gag writer, his ability to render the female form was already without peer. Though he signed his cartoons "Jake," Cole's exquisite line drawings and masterful use of ink-washa skill he carried over Playboy betrayed his pseudonym. In comparison to his contemporaries, however, Cole was probably Humorama's least prolific artist.

Read Book The Classic Art Of Sensual Massage

Though his images were frequently used for covers, Cole's cartoons were few and far between, with scarcely a single drawing appearing every five issues. Along with a foreword by Warner Brothers Animation designer Shane Glines, this volume collects the best of these hidden gems, including several shot from Cole's stunning original art. Most of these drawings have not seen print in more than 50 years; taken together, they provide a rare glimpse into the singular artistry of Jack Cole.

A gloriously illustrated examination of the origins and development of the nude as an artistic subject in Renaissance Europe Reflecting an era when Europe looked to both the classical past and a global future, this volume explores the emergence and acceptance of the nude as an artistic subject. It engages with the numerous and complex connotations of the human body in more than 250 artworks by the greatest masters of the Renaissance. Paintings, sculptures, prints, drawings, illuminated manuscripts, and book illustrations reveal private, sometimes shocking, preoccupations as well as surprising public beliefs—the Age

of Humanism from an entirely new perspective. This book presents works by Albrecht Dürer, Lucas Cranach, and Martin Schongauer in the north and Donatello, Raphael, and Giorgione in the south; it also introduces names that deserve to be known better. A publication this rich in scholarship could only be produced by a variety of expert scholars; the sixteen contributors are preeminent in their fields and wide-ranging in their knowledge and curiosity. The structure of the volume—essays alternating with shorter texts on individual artworks—permits studies both broad and granular. From the religious to the magical and the poetic to the erotic, encompassing male and female, infancy, youth, and old age, *The Renaissance Nude* examines in a profound way what it is to be human.

garde: Defining Modern and Traditional in France, 1900-1960 is a collection of eight essays and a scholarly introduction by established and emerging scholars that challenges the continuing modernist slant of twentieth-century art history. The intention is not to perpetuate the vulgar opposition between avant-garde and reactionary art that characterized early-twentieth-century discourse and has marked much subsequent historical writing, but rather to investigate the complex relationship that both innovative and conservative artists had to the concept of tradition. How did artists and art critics conceive of tradition in relation to modernity? What was the role of

Read Book The Classic Art Of Sensual Massage

an artist's institutional positioning in determining expectations for his or her art? What light is thrown on the structure of the French art world by considering artists from abroad who worked in Paris? How did the war alter modernist and avant-garde paradigms and foreshadow crucial changes upon art production in the postwar period to 1960? Particular attention is paid to the terms academic, pompier, official, and arrière-garde, originally used to situate the more conservative artists and works as second-rate or as the negative foil to the assumed radicalism of the avant-garde. By re-evaluating the work of artists pushed to the historical margins by such
