A no nonsense examination of what it takes to not only climb stronger, but to be a better climber.

Along with telling the story of his life and personal business success, Kevin O'Leary explains how to be a successful businessperson, entrepreneur, and personal investor. The truth won't let her go. Sophie Winters nearly died. Twice. The first time, she's fourteen, and escapes a near-fatal car accident with scars, a bum leg, and an addiction to Oxy that'll take years to kick. The second time, she's seventeen, and it's no accident. Sophie and her best friend Mina are confronted by a masked man in the woods. Sophie survives, but Mina is not so lucky. When the cops deem Mina's murder a drug deal gone wrong, casting partial blame on Sophie, no one will believe the truth: Sophie has been clean for months, and it was Mina who led her into the woods that night for a meeting shrouded in mystery. After a forced stint in rehab, Sophie returns home to a chilly new reality. Mina's brother won't speak to her, her parents fear she'll relapse, old friends have become enemies, and Sophie has to learn how to live without her other half. To make matters worse, no one is looking in the right places and Sophie must search for Mina's murderer on her own. But with every step, Sophie comes closer to revealing all: about herself, about Mina---and about the secret they shared.

**United States Director of National Intelligence, James Clapper had been President Obama's senior intelligence advisor for six and a half years, longer than his three predecessors combined. He led the US Intelligence Community through a period that included the raid on Osama bin Laden, the Benghazi attack, the leaks of Edward Snowden, and Russia's influence operation on the 2016 U.S election. In Facts and Fears, Clapper traces his career through the growing threat of cyberattacks, his relationships with Presidents and Congress, and the truth about Russia's role in the presidential election. He describes, in the wake of Snowden and WikiLeaks, his efforts to make intelligence more transparent and to push back against the suspicion that Americans' private lives are subject to surveillance. Finally, it was living through Russian interference in the 2016 presidential election and seeing how the foundations of American democracy were--and continue to be--undermined by a foreign power that led him to break with his instincts grown through more than five decades in the intelligence profession, to share his inside experience. Clapper considers such controversial questions as, is intelligence ethical? Is it moral to intercept communications or to photograph closed societies from orbit? What are the limits of what we should be allowed to do? What protections should we give to the private citizens of the world, not to mention our fellow Americans? Is there a time that intelligence officers can lose credibility as unbiased reporters of hard truths by asserting themselves into policy decisions? Facts and Fears offers a privileged look inside the United States intelligence community and addresses with the frankness and professionalism for which James Clapper is known some of the most difficult challenges in our nation's history.**

**From New York Times bestselling author Mariah Stewart comes**

a novel of sexy romantic suspense for fans of Nora Roberts, Catherine Coulter, and Karen Robards. In her thrill-packed trilogy *Cold Truth*, *Hard Truth*, and *Dark Truth*, Mariah Stewart proved beyond a shadow of a doubt that she can brilliantly and suspensefully handle the truth. Can you? Then prepare yourself for the shocking, eye-opening *Final Truth*, in which a woman who specializes in exposing lies finds herself trapped in a real-life nightmare. All that stands between Lester Ray Barnes and the state of Florida's death chamber is a judge's signature. He is sentenced to die for the rape and murder of a young woman, his conviction hinging on two pieces of evidence: DNA testing and an eyewitness who placed him at the scene. But when the story breaks that the DNA testimony at trial had been fabricated and that the eyewitness was coerced by a cop, all hell breaks loose. In the absence of credible evidence to sustain the conviction, the court is forced to set Lester Ray free. It's the sort of circus the media adore-until it turns into the kind of Grimm's fairy tale the media love even more. Intrigued by the story of a young man railroaded by justice, true-crime writer Regan Landry is drawn into Lester Ray's camp like a moth to a flame. For Regan, writing is a way to stay connected to her late literary-legend father, and her knack for detective work makes her a natural when it comes to uncovering new leads in even the murkiest mysteries. Eager for the spotlight, Lester Ray willingly agrees to work with Regan on a tell-all about his experience as an innocent man on death row. But less than a week after leaving prison, he vanishes from the Sunshine State. Soon after, darkness descends on the outer banks of North Carolina as a string of women are raped and murdered in a frenzied spree. Fearing the worst, Regan, along with Special Agent Mitch Peyton and the FBI, sweeps in to confront the unspeakable: the horrifying possibility that they have helped to free a cunning monster with an insatiable appetite for death-and a ruthless determination never to be caged again. In the shocking finale to the bestselling series that began with *Stalking Jack the Ripper*, Audrey Rose and Thomas are on the hunt for the depraved, elusive killer known as the White City Devil. A deadly game of cat-and-mouse has them fighting to stay one step ahead of the brilliant serial killer---or see their fateful romance cut short by unspeakable tragedy. Audrey Rose Wadsworth and Thomas Cresswell have landed in America, a bold, brash land unlike the genteel streets of

**London. But like London, the city of Chicago hides its dark secrets well. When the two attend the spectacular World's Fair, they find the once-in-a-lifetime event tainted with reports of missing people and unsolved murders. Determined to help, Audrey Rose and Thomas begin their investigations, only to find themselves facing a serial killer unlike any they've encountered before. Identifying him is one thing, but capturing him---and getting dangerously lost in the infamous Murder Hotel he constructed as a terrifying torture device---is another. Will Audrey Rose and Thomas see their last mystery to the end---together and in love---or will their fortunes finally run out when their most depraved adversary makes one final, devastating kill?**
