Wet felting requires no knowledge of knitting or crocheting and gives the crafter/designer complete freedom and control from the beginning. Hand-painted and solid-color roving--wool that has not been spun into yarn--is arranged on a surface and subjected to hot water and agitation to create felt fabric. With Nancy's freeform methods, wool yarns, novelty yarns, bits of felt (called prefelt), and other fibers are worked into the felt to create highly textured and patterned fabrics--felt inlays--and each individual piece is unique.
