

## **The Different Drum Community Making And Peace**

**The author of the best-selling *The Road Less Traveled* presents a visionary account of the soul's journey in the afterlife, told through the experiences of a fictional psychiatrist who attempts to fulfill his destiny.**

**The author of *The Road Less Traveled*, the bestselling and most influential book of psychiatric and spiritual instruction in modern times, now offers a deeply moving meditation on what euthanasia reveals about the status of the soul in our age. Its trenchant and sensitive treatment of the subject will define our humanity for generations to come.**

**"A Touchstone book." Includes bibliographical references. Now available in a book/CD combination: M. Scott Peck's cherished work accompanied by the music that inspired it.**

**Rocket Boys**

**More Stories from The Hunter-Gatherer Way**

**Glimpses of the Devil**

**Boomer Guru**

**A Pilgrimage of Faith, Reason, and Discovery**

**Pokko and the Drum**

**The Love You Deserve**

**The most comprehensive holistic guide to transforming adult ADD / ADHD. "The Drummer and the Great Mountain - A Guidebook to Transforming Adult ADD/ADHD" starts with the premise that ADD/ADHD is a neurological type, not a disorder -- shared by countless artists and great minds throughout history. It offers a soulful, comprehensive, and holistic support system for creative individuals looking to maximize their potential and minimize their challenges with focus and consistency. Topics covered: Nutrition, Exercise, Emotional Support Tools, Time Management, Life Visioning, Creating Effective Support Systems, ADD / ADHD and Addiction, Meditation and Mindfulness Practices, and much more. Who Can Benefit: 1. Anyone diagnosed (or self-diagnosed) with ADD / ADHD. 2. Artists, musicians, entrepreneurs, and creative-types who struggle with consistency, structure, self-motivation, and possibly addictive tendencies. 3. People taking ADD / ADHD medication who are looking for effective, natural alternatives. 4. Social Workers, therapists, and wellness professionals seeking a comprehensive support plan for their clients. 5. Spouses, partners, and parents looking for ways to effectively support their loved ones. 6. Teachers, life coaches and support professionals wanting to discover more in-depth tools of support. "The Drummer and the Great Mountain is an informative, practical guidebook for those of us with the artistic or entrepreneurial temperament, offering a treasure trove of survival tools, personal growth techniques and coping mechanisms for a personality type that can often be at odds with our linear, rational society." ~ Warren**

**Goldie, Author** "This book seems to not only span the whole spectrum of the ADD/ADHD subject but pierces deeply, bringing into focus the essential value of each part of our lives to augment – even perfect – our given natures; no matter how unique, rare or misunderstood." ~ **Doro Kiley, Life Coach** "Michael has taken a deeper look at how the foods we eat affect our brain chemistry. He has done a beautiful job explaining this phenomenon in clear and understandable terms; offering a realistic roadmap on how to recognize and take control of detrimental dietary patterns." ~ **Jennifer Copyak, Nutritionist**  
When a little boy begins banging on pots and pans in his front yard, other children soon join him, until the entire city is moving to the beat.

In **THE BEAT OF A DIFFERENT DRUM, More Stories from the Hunter-Gatherer Way**, the author explores the mysteries of the Bronze Age; stone circles; stone rows; evolution and the reason for the planet. As well as sharing many "a-ha!" moments whilst gathering wild food on the "Ring of the Wild Food Year" migration route. Down to earth philosophy and female intuition make this a highly original account of journeys beyond the limits of every day thinking. Having walked around the world as a young woman, and been taught by Aborigines, Bushmen, Pygmies and North American Indians, Ffyona Campbell's unique perspective delighted readers in her last book. **THE HUNTER-GATHERER WAY, Putting Back the Apple**, was an unusual look at Stonehenge; the Druids; the Iron Age; the sword in the stone; and Adam and Eve. The author also pieced together an annual migration route we took as hunter-gatherers.

**NEW YORK TIMES BESTSELLER** • "The memorable scenes are powerfully drawn. . . . A spiritual mystery . . . both moving and brave."—The New York Times Book Review The acclaimed author of the phenomenal bestseller *The Road Less Traveled* adds a natural gift for storytelling to his spiritual insight and profound awareness of human nature in this mesmerizing, deeply moving new work. Among those within the self-contained world of the Willow Glen nursing home are two extraordinary people. One is there to give care, the other to receive it. Yet together they form a bond of love and trust that transcends their expectations and changes their lives. Stephen Solaris—Imprisoned in a helpless body since birth, unable to even speak, he has an incredible ability to touch the hearts and minds of those around him with the power of his personality. Heather Barsten—a nurse whose devotion to her patients surpasses her ability to fulfill her own needs. From Stephen she learns the importance of being true to one's heart—and she finds herself falling in love. Then violence shatters Willow Glen. Now a murderer roams the halls of the home, and the residents and staff must confront a truly terrifying evil and face their innermost fears, suspicions, and darkest secrets. . . . *A Bed by the Window* is an exceptional work, a gripping psychological thriller and a luminous synthesis of Peck's thinking on good and evil, spiritual growth, and the miracles worked by love. "Scott Peck . . . [is] a born storyteller. . . . His unique insights and wisdom [come] through pin] pure story. This is . . . a page-turner, a book

A Publishers Weekly Most Anticipated Book for Fall 2019 "In embracing one's own beat, Pokko discovers, extraordinary things can happen."

—Publishers Weekly (starred review) "Forsythe's coy, playful writing is a wonder on its own, but the lush...illustrations beautifully elevate the tale...Inspirational."

—Booklist (starred review) "Celebrating both community and individuality, this droll, funny offering will tickle kids and adults alike."

—Kirkus Reviews "Has the feel of an instant classic, the kind of book you can easily convince yourself has been around forever, spreading joy."

—Quill & Quire (starred review) From E.B.

White Read Aloud honor artist Matthew Forsythe comes a picture book about a magical drum, an emerald forest, and the little frog who dares to make her own music.

The biggest mistake Pokko's parents ever made was giving her the drum. When Pokko takes the drum deep into the forest it is so quiet, so very quiet that Pokko decides to play.

And before she knows it she is joined by a band of animals —first the raccoon, then the rabbit, then the wolf—and soon the entire forest is following her.

Will Pokko hear her father's voice when he calls her home? Pokko and the Drum is a story about art, persistence, and a family of frogs living in a mushroom.

The author traces the boyhood enthusiasm for rockets that eventually led to a career at NASA, describing how he built model rockets in the family garage in West Virginia, inspired by the launch of the Soviet satellite Sputnik. Reprint.

"So compelling in its exploration of the human psyche, it's as hard to put down as a thriller...such a force of energy, intensity, and straightforwarness.

Just as The Road Less Traveled provided hope and guidance for individuals seeking growth, this major new work by M. Scott Peck, M.D., offers a needed prescription for our deeply ailing society.

Our illness is Incivility--morally destructive patterns of self-absorption, callousness, manipulativeness, and materialism so ingrained in our routine behavior that we do not even recognize them.

There is a deepening awareness that something is seriously wrong with our personal and organizational lives. Using examples from his own life, case histories, and dramatic scenarios of businesses that made a conscious decision to bring civility

to their organizations , Dr. Peck demonstrates how change can be effected and how we and our organizations can be restored to health. This wise, practical, and radical book is a blueprint for achieving personal and societal well-being.

A soundchip book with a difference! By pressing the big buttons in this unique and charming book, children can drum along to a variety of different tunes. The lively artwork and simple step-by-step instructions make learning the basics great fun, and then they can press a button to activate the music and drum along with it. A perfect way to stimulate creativity in children and encourage them to have fun with rhythm. Five different tunes to play along to, plus another button that has a simple "beat" to use for practising. Fans of our keyboard books will love this new twist on the idea.

'Life is difficult. This is a great truth, one of the greatest truths.' A timeless classic in personal development, *The Road Less Travelled* is a landmark work that has inspired millions. Drawing on the experiences of his career as a psychiatrist, Scott Peck combines scientific and spiritual views to guide us through the difficult, painful times in life by showing us how to confront our problems through the key principles of discipline, love and grace. Teaching us how to distinguish dependency from love, how to become a more sensitive parent and how to connect with your true self, this incredible book is the key to accepting and overcoming life's challenges and achieving a higher level of self-understanding.

In the 1980s and 1990s, thousands of women wrote to psychiatrist M. Scott Peck, MD, to thank him for pulling them through difficult patches of their lives with his ground-breaking and best-selling self-help book, *The Road Less Traveled*. Yet Peck's own life was in turmoil. While his readers, and those who attended his spiritual workshops and talks, told him how his words had helped them make decisions about their marriages, careers, insecurities and self-doubts, in 1992 one woman told *Life* magazine that after one spiritual group session she had been seduced by Peck. M. Scott Peck's *The Road Less Traveled* began with the words, "Life is difficult." He made it difficult for his family, so difficult that only two of his three children

attended his funeral. Arthur Jones' Boomer Guru explores that dichotomy in a deeply researched biography based primarily on hours of recorded interviews with the frank but conflicted guru. This biography of "the nation's shrink" is that rare account: a psychiatrist on the couch. Peck's *The Road Less Traveled* had more than 10 million "boomer" readers. The book spent more than a decade on the New York Times Best Seller List, longer than any other book by a living author in that category. On the 10th anniversary of Peck's death, this candid biography of the boomer guru is an intriguing recap of both the times and the man. Explores love, relationships, and spiritual growth, covering blame and forgiveness, the New Age movement, death and the meaning of life, and other topics.

***The Read Write Inc. Phonics storybooks provide structured practice in decoding words and reading through phonics. Each set of books is carefully graded so that children can read them with confidence, as soon as they have learned the sounds linked to the set. There are seven sets of books ,with 10-13 books in each set. The work of M. Scott Peck has had a profound effect on the lives of millions of readers. Now Dr Peck has produced the 'closest thing to an autobiography I will ever write'. A book that tells more about himself than ever before, while at the same time helping readers to see truths about themselves and their lives. IN SEARCH OF STONES is, on the surface, the story of a three-week trip through the British countryside that Dr Peck took with his wife Lily - looking for the ancient megalithic stones that became an obsession for them. But the search for the stones is a search for meaning and romance and, ultimately, an exploration of our own life journey.***

***Golf. It's the ultimate head game. And when nothing but the best advice will do, along comes M. Scott Peck, M.D., the celebrated psychiatrist and author of the best-selling self-help book of all time, *The Road Less Traveled*. In *Golf and the Spirit*, M. Scott Peck writes a book for beginners and masters alike--and even for nongolfers. It goes beyond mechanics to explore the deeper issues, ways of successfully managing the emotional, psychological, and spiritual aspects of this most wonderful, maddening, deflating, and inspiring game. Playing side by side with M. Scott Peck on an imaginary course of his own design--complete with illustrations of each hole--you will come to see the profound truths in this seemingly simple game. Appreciate that life is not linear. Come to understand your own anger and how to heal that which gets in your way. Accept the gifts of humility. Appreciate kenosis, the process by which the self empties itself of self. Benefit from teachers. Know that in weakness often there is strength. Realize that to experience the blessings of golf and life fully, you must accept the divinity that underlies all things. Like the best-selling volumes of Harvey Penick and Michael***

***Murphy, Golf and the Spirit makes a unique contribution to the literature of golf and life. It goes beyond the body to address the heart and soul of the game, creating a rare opportunity for transformation in the lives of its readers, both on and off the fairway. It seems to me the human condition is most basically that we are willful creatures living in a world that, much of the time, doesn't behave the way we want it to. We live in the tension between our will and reality. Sometimes with great effort and expertise, we can change reality or bend it to our will. At other times--also with great effort and expertise--it is we who must change by coming to accept the limitations of the world and of ourselves. How we do this--how we deal with the hazards of life--is quite akin to how we deal with the hazards of a golf course. Sooner or later golfers who stick with the game long enough will almost always come to see it as a metaphor for life. But the word metaphor fails to do justice to all that golf has to teach us. I would go even further and say that, in its own way, golf is life and, not only that, life condensed. If we choose to use it as such, I believe that golf, next to marriage and parenthood, can routinely be the greatest of life's learning opportunities.***

Looks at the importance of community in contemporary society, examining such topics as individualism, group dynamics, and nationalism.

"At a time when slick, superficial, psychological works are foisted on the lay-public, Allen Wheelis has written a serious treatise."--San Francisco Sunday Examiner-Chronicle

Arnold Mindell, Ph.D., shows how working with power, rank, revenge and abuse helps build sustainable communities. Mindell is the co-founder of processwork and author of numerous books, including "Quantum Mind" "The Deep Democracy of Open Forums" and "The Leader as Martial Artist". He has appeared on national radio and television and works internationally with multi-racial and highly conflicted groups.

Ruth Finnegan's Oral Literature in Africa was first published in 1970, and since then has been widely praised as one of the most important books in its field. Based on years of fieldwork, the study traces the history of storytelling across the continent of Africa. This revised edition makes Finnegan's groundbreaking research available to the next generation of scholars. It includes a new introduction, additional images and an updated bibliography, as well as its original chapters on poetry, prose, "drum language" and drama, and an overview of the social, linguistic and historical background of oral literature in Africa. This book is the first volume in the World Oral Literature Series, an ongoing collaboration between OBP and World Oral Literature Project. A free

online archive of recordings and photographs that Finnegan made during her fieldwork in the late 1960s is hosted by the World Oral Literature Project (<http://www.oralliterature.org/collections/rfinnegan001.html>) and can also be accessed from publisher's website.

Further Along the Road Less Traveled

A Memoir

*Winner of the Henry-Russell Hitchcock Award, Victorian Society of America (2014) When P. T. Barnum met twenty-five-inch-tall Charles Stratton at a Bridgeport, Connecticut hotel in 1843, one of the most important partnerships in entertainment history was born. With Barnum's promotional skills and the miniature Stratton's comedic talents, they charmed a Who's Who of the 19th century, from Queen Victoria to Charles Dickens to Abraham Lincoln. Adored worldwide as "General Tom Thumb," Stratton played to sold-out shows for almost forty years. From his days as a precocious child star to his tragic early death, *Becoming Tom Thumb* tells the full story of this iconic figure for the first time. It details his triumphs on the New York stage, his epic celebrity wedding, and his around-the-world tour, drawing on newly available primary sources and interviews. From the mansions of Paris to the deserts of Australia, Stratton's unique brand of Yankee comedy not only earned him the accolades of millions of fans, it helped move little people out of the side show and into the lime light.*

*The best-selling author of *The Road Less Traveled* and *A Different Drum* offers 365 daily inspirational thoughts in a pocket-sized format, focusing on the challenges of everyday life. Original. 125,000 first printing.*

*The Different Drum Community Making and Peace Touchstone*

*The legendary bestselling author and renowned psychiatrist M. Scott Peck, whose books have sold over 14 million copies, reveals the amazing true story of his work as an exorcist -- kept secret for more than twenty-five years -- in two profoundly human stories of satanic possession. In the tradition of his million-copy bestseller *People of the Lie: The Hope for Healing Human Evil*, Scott Peck's new book offers the first complete account of exorcism and possession by a modern psychiatrist in this extraordinary personal narrative of his efforts to heal patients suffering from demonic and satanic possession. For the first time, Dr. Peck discusses his experience in conducting exorcisms, sharing the spellbinding details of his two major cases: one a moving testament to his healing abilities, and the other a perilous and ultimately unsuccessful struggle against darkness and evil. Twenty-seven-year-old Jersey was of average intelligence; a caring and devoted wife and mother to her husband and two young daughters, she had no history of mental illness. Beccah, in her mid-forties and with a superior intellect, had suffered from profound depression throughout her life, choosing to remain in an abusive relationship with her husband, one dominated by distrust and greed. Until the day Dr. Peck first met the young woman called Jersey, he did not believe in the devil. In fact, as a mature, highly experienced psychiatrist, he expected that this case would resolve his ongoing effort to prove to himself, as scientifically as possible, that there were absolutely no grounds for such beliefs. Yet what he discovered could not be explained away simply as madness or by any standard clinical diagnosis. Through a series of unanticipated events, Dr. Peck found himself thrust into the role of exorcist, and his desire to treat and help Jersey led him down a path of blurred boundaries between science and religion. Once there, he came face-to-face with deeply entrenched evil and ultimately witnessed the overwhelming healing power of love. In *Glimpses of the Devil*, Dr. Peck's celebrated gift for integrating psychiatry and religion is demonstrated yet again as he recounts his journey from skepticism to eventual acknowledgment of the reality of an evil spirit, even at the risk of being shunned by the medical establishment. In the process, he also finds himself compelled to confront the larger paradox of free will, of a commitment to goodness*

*versus enslavement to the forms of evil, and the monumental clash of forces that endangers both sanity and the soul. Glimpses of the Devil is unquestionably among Scott Peck's most powerful, scrupulously written, and important books in many years. At once deeply sensitive and intensely chilling, it takes a clear-eyed look at one of the most mysterious and misunderstood areas of human experience.*

*Golf and the Spirit*

'The overall purpose of human communication is - or should be - reconciliation. It should ultimately serve to lower or remove the walls of misunderstanding which unduly separate us human beings, one from another...' Although we have developed the technology to make communication more efficient and to bring people closer together, we have failed to use it to build a true global community. Dr M. Scott Peck believes that if we are to prevent civilization destroying itself, we must urgently rebuild on all levels, local, national and international and that is the first step to spiritual survival. In this radical and challenging book, he describes how the communities work, how group action can be developed on the principles of tolerance and love, and how we can start to transform world society into a true community.

In the dense rainforest of the west coast of Vancouver Island, the Somass River (c̓uuma̓ as) brings sockeye salmon (mi̓aat) into the Nuu-chah-nulth community of Tseshaht. C̓uuma̓ as and mi̓aat are central to the sacred food practices that have been a crucial part of the Indigenous community's efforts to enact food sovereignty, decolonize their diet, and preserve their ancestral knowledge. In *A Drum in One Hand, a Sockeye in the Other*, Charlotte Coté shares contemporary Nuu-chah-nulth practices of traditional food revitalization in the context of broader efforts to re-Indigenize contemporary diets on the Northwest Coast. Coté offers evocative stories of her Tseshaht community's and her own work to revitalize relationships to ha̓um (traditional food) as a way to nurture health and wellness. As Indigenous peoples continue to face food insecurity due to ongoing inequality, environmental degradation, and the Westernization of traditional diets, Coté foregrounds healing and cultural sustenance via everyday enactments of food sovereignty: berry picking, salmon fishing, and building a community garden on reclaimed residential school grounds. This book is for everyone concerned about the major role food plays in physical, emotional, and spiritual wellness.

The drum kit has provided the pulse of popular music from before the dawn of jazz up to the present day pop charts. *Kick It*, a provocative social history of the instrument, looks closely at key innovators in the development of the drum kit: inventors and manufacturers like the Ludwig and Zildjian dynasties, jazz icons like Gene Krupa and Max Roach, rock stars from Ringo Starr to Keith Moon, and popular artists who haven't always got their dues as drummers, such as Karen

Carpenter and J Dilla. Tackling the history of race relations, global migration, and the changing tension between high and low culture, author Matt Brennan makes the case for the drum kit's role as one of the most transformative musical inventions of the modern era. Kick It shows how the drum kit and drummers helped change modern music--and society as a whole--from the bottom up. Provides advice on etiquette and modern social graces, covering the art of being oneself in any situation, ways to make other people comfortable, and the art of seduction.
