**A groundbreaking guide centering around the Enneagram—the most popular system for personality typing—presents a vast array of insight for determining personality types, from recognizing each type's WakeUp Call and Red Flag to letting go of self-defeating habits and reactions. Original.**

**Buckle up, folks. It's time to jump in, embrace your inner self, and release the things that are holding you back from wholeness. Enter the Millenneagram. The Enneagram is an ancient personality typing system that has a sneaky way of revealing who we are and why we do the things we do. Using nine types, it gets to the root of our fears and motivations, unveiling our inner-most selves. Millenneagram reinvigorates the Enneagram by putting a modern spin on the classic nine types. Hannah Paasch, creator of the popular #millenneagram threads on Twitter, reveals how this system acts as a map toward our authentic selves. For Hannah, the Enneagram is not about changing who we are, but rather nurturing and loving our whole selves, even the pain in the ass qualities.**

**"Only from this position of wholeness, rootedness in who we are, what we believe, and what kind of story we are writing, will we be able to act bravely for the sake of justice and humanity – to approach our f\*cked-up world with the grounded courage it asks of us." With her trademark irreverent humor and empowering affirmations, Millenneagram reframes the classic Enneagram types with a fresh perspective and new names that cut right to the chase: #1 The Machine "I'm an Enneagram 1 and I Can Fix This!" #2 The Parent "I'm an Enneagram 2 and Can I Get You a Refill?" #3 The Winner "I'm an Enneagram 3 and All I Do Is Win." #4 The Tortured Artist "I'm an Enneagram 4 and I'm Deeper Than You." #5 The Detective "I'm an Enneagram 5 and I Read an Article About That." #6 The Oracle "I'm an Enneagram 6 and I'm Loyal as Fuck." #7 The Party "I'm an Enneagram 7 so This Might Be Vodka In My Mug." #8 The Dragon "I'm an Enneagram 8 so Nice Try, Bitch." #9 The Wallflower "I'm an Enneagram 9 so Let's Just All Chill Out, Dude." A powerful tool for self-discovery (that doesn't take itself too seriously), Millenneagram is an invitation for introspection and growth. Hannah's revamped Enneagram goes beyond simply identifying with a type: it gives us permission to be our truest, enough-as-is, bad-ass selves. Hurley and Dobson explore how the wisdom of the Enneagram allows you to bring out the best in yourself and others. Delving deeper than other systems of personality exploration, the Enneagram system of nine distinctive patterns of unconscious motivation reveals the primary sources of our behavior and the reasons we live as we do. Through detailed descriptions and discerning self-inventory questions, Hurley and Dobson make discovering your personality type fun and easy. They provide simple, proven methods for neutralizing negative attitudes about self and others and releasing untapped potential. Armed with the Enneagram's insights, readers learn to transform weaknesses into strengths, break free of crippling patterns, choose new ways of relating to others, and enjoy balance and harmony. For example: The Achiever can move from dissatisfied perfectionism to effective leadership and become a Pathfinder. The Observer can move from fear of commitment to curiosity and courage and become an Explorer. The Helper can move from over-involvement in the lives of others to mutual relationships and become a Partner. Inspirational, easy-to-use and practical -- What's My Type? puts the Enneagram system to work for you.**

The Achiever Motivated by the need to be productive, to achieve success, and to avoid failure. Would you like to get back in touch with your roots and your deepest desires? Do you desire to build healthy relationships and go back to being yourself? We start small and innocent in this world; but as we grow older, we realize that life can be sometimes painful. No one likes pain and it is only human nature to protect ourselves to cope with pain. It is as if we put on armor; another term for that armor is personality. The problem is we sometimes think our personality armor is who we truly are and we, therefore, lose sight of our true selves. The armor that once protected us often ends up keeping us from being who we truly are and causes all kinds of problems in relationships, work and life in general. Wouldn't it be nice to be able to identify what is our personality armor and what is our true self? There is a way, it's called the enneagram. Most personality assessments tell you what your type is and what personality is but they don't go as far as to tell you what your underlying belief system, psychological growth pattern and what your core psychological issues are. The Enneagram points to the belief system for each personality type. In this book, I will present to you all the nine types of enneagram probably in a way you haven't seen or read about before to help you determine your type. Here is a preview of what you'll learn: → The history of the enneagram and what it is. → Why study the enneagram? → Importance of the enneagram in relationships, business, community and in spiritual growth → How to effectively use the enneagram → Determine your enneagram type by taking the test. → The good qualities, stressors, and stress behaviors of all the nine types. → How to interpret the test results. → And much more! New from Helen Palmer, a "leading teacher and practitioner of the Enneagram" (San Francisco Chronicle), the first Enneagram book to give practical advice, in fascinating detail, on how to have the best possible relationships in love and business.

How the mysterious nine-pointed symbol of the enneagram illuminates the worst pitfalls and highest virtues of our psyches. The Enneagram of Passions and Virtues elucidates human experience beyond the personality structure. In the tradition of the enneagram, the Virtues are said to be the affective atmosphere that replaces the compulsive and reactive emotional patterns—called the Passions—as one becomes freer of the ego. Sandra Maitri shows how the shift in our consciousness, or soul, from being informed by the Passions to being informed by the Virtues, is one of the hallmarks of inner development. In this book, Maitri explores how our awareness of the Passions, in turn, leads to the manifestation of the Virtues. This shift supports growth on the level of personality as well as on the level of what is beyond-Being, or True Nature. Maitri is widely known as one of the most literate and in-depth writers and teachers on the uses of the enneagram as a tool of inner development. In this book she provides what can be for some an entry into inner work, and for others, who have been engaged in the journey for a longer time, a uniquely incisive explication of concepts they may have missed.

If you finally want to make peace with yourself, understand why you hate your co-worker and identify the traits that would make your crush drool over you, then continue reading... I've always hated personality tests (probably except the ones about a certain Magic School and its 4 Houses). Anyways, they seemed like the perfect excuse to start labeling people instead of spending time getting to know them. One day, tired from the usual drama at work, I decided to hit the books and learn about ways to improve my communication with my co-workers. That's when I first came across the Enneagram. Having studied and used this personality typing system since has opened my eyes to a framework through which I could connect with myself and others in a way I would've never imagined. A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

The definitive guide to using this ancient psychological system to gain self-knowledge and achieve personal growth—now expanded and revised. The Enneagram is an extraordinary framework for understanding more about ourselves. No matter from which point of view we approach it, we discover fresh conjunctions of new and old ideas. So writes Don Riso in this expanded edition of his classic interpretation of the Enneagram, the ancient psychological system used to understand the human personality. In addition to updating the descriptions of the nine personality types, *Personality Types, Revised* greatly expands the accompanying guidelines and, for the first time, uncovers the Core Dynamics, or Levels of Development, within each type. This skeletal system provides far more information about the inner tension and movements of the nine personalities than has previously been published. This increased specificity will allow therapists, social workers, personnel managers, students of the Enneagram, and general readers alike to use it with much greater precision as they unlock the secrets of self-understanding, and thus self-transformation. “No Enneagram teachers I’ve come across offer such a rich and dynamic picture of how each personality type expresses itself in the world, and the process by which we can move through progressive stages of psychological and spiritual growth.”—Tony Schwartz, author of *What Really Matters: Searching for Wisdom in America*
