How does this all fit together in a way that is easy to see to grow our Faith and thus salvation? These and many more keys to opening our hearts to the Gospel of Jesus are

Biblical interpretation of the Abrahamic Covenants and his descendants often present a bias against the Arabs and Ishmaelites

perhaps due to lack of full knowledge of God's covenantal promises and blessings to humanity. Dr. Cherian presents clear evidences that God has no partiality and that Jews, Christians, Arabs, Muslims, Hindus and all people are equally called to be the partakers of the Kingdom of God. Ishmael was not rejected, but he and his generations were abundantly blessed, and they have a continuous role to play in the end stages of the world. As a skilled detective the author examines the Scriptures and calls all people to unlock the Bible and fight for the Eternal Promised Land. The book presents: *A complete history of God and humanity

*This fresh assessment of covenant
theology may represent the first
book-length examination of the
structural relationships of the Old
Testament covenants. Tremper
Longman, a professor of Old
Testament at Westminster
Theological Seminary, describes*

The Covenants of Promise as “a marvelously written and profound book which deals with some of the most crucial issues in biblical theology.” “The significance of The Covenants of Promise,” writes the author, “is in its application of the structure of the covenants to biblical theology. . . . The division of the Old Testament covenants into the categories ‘promissory’ and ‘administrative’ is unique in the literature on the covenants.” This complex “bi-covenantal” structure within which God disposes of the inheritance promised to his people becomes discernible in the biblical text through a sound application of proper exegetical theology. The

textual evidence leads one to question the way some tenets of traditional covenant theology have been expressed, but not the tenets themselves. The author first explores the promise in its Old and New Testament settings. He deals with the way in which the promise is expressed in the major covenants, devoting considerable space to the law in the teachings of Jesus and Paul. Next he argues that the promise covenant is eternally valid and that circumcision, the law, and the new covenant are “administrative covenants.” Finally he examines the implications of this structure for biblical theology. Selected topics are the redemptive

relationship between Father and Son, the covenant of works, law and grace, and the relationship between the testaments.

The gospel of Jesus Christ is intimately bound up with the glory of Christ Himself. Moreover, all of the major themes of Christian theology are vitally informed by the person and work of our glorious Lord. Aware of these connections, Ryan McGraw gives us a big-picture view of the gospel that begins with the eternal plan of salvation, moves through the covenants of works and of grace, traces every stage of Christ's incarnation and work, and concludes with His reign in the church. Throughout the book,

careful attention is given to the importance of the Trinitarian nature of God and the believer's union with Christ. from the perspective of biblical eschatology. Eschatology first appears in Genesis rather than in Revelation, for it is about the chief end of man and God's creation. It is placed in the beginning rather than at the end of theology as the central and foundational motif. "The chief end of man" in the Westminster Shorter Catechism, for instance, is an eschatological concept in nature as well as in redemption.

Eschatology precedes redemption, but "the eschatology of nature" is fulfilled through "the eschatology of redemption" in Jesus Christ. The "Golden Chain" of Ordo Salutis and the progress of redemptive history will be interpreted from the perspectives of covenant, eschatology, and Christology.

in the tinder dry atmosphere of Middle Eastern affairs. Events there continue to wield influence among peoples and in places well beyond the region itself. This raises for Christians the acute theological problem of how to relate to the "land of promise" today and in light of the land of the Bible. Our hope is that this volume of essays will contribute to a more informed and theologically coherent response to the "Land of Promise." It is offered here in the name of peace for all peoples in that place and among those who continue to look to her as a place of promise.
