This chance encounter and its startling consequences propel Katey on a year–long journey into the upper echelons of New York society—where she will have little to rely upon other than a bracing wit and her own brand of cool nerve. With its sparkling depiction of New York’s social strata, its intricate imagery and themes, and its immensely appealing characters, *Rules of Civility* won the hearts of readers and critics alike.

Bestselling author Joelle Sterling concludes her vampire trilogy as a young woman must decide between love and saving her world. In the town of Frombleton, government and law enforcement are run by vampires, and humans can’t get justice—particularly after the sun goes down. Holland Manning has been studying witchcraft at the elite Stoneham Academy. Having reached the rare pinnacle of Witch of the First Order, Holland is the only human who has the power to thwart the vampires’ heinous designs. She alone can save the town’s residents. While devising a plan to overthrow the vampire regime, Holland is appalled to discover that another threat to humans has found its way to Frombleton: a growing band of ravenous zombies are prowling the streets, devouring the vampire’s food source and challenging their seat of power. And to Holland’s horror, at the helm of the marauding flesh eaters is the recently returned love of her life, Jonas! No matter who wins, the human race is doomed unless Holland can make the arduous decision to choose victory over love.

This “luminous, meditative novel on the boundaries between childhood, adulthood, and old age” follows one day in the lives of three generations of women (Entertainment Weekly). Like Normal People charts a family constellation that revolves around an off-kilter center: Lena is forty-eight years old, but mentally locked in childhood. Moving deftly between present and past, the novel follows Lena’s day-long escape from her residential home with her troubled twelve-year-old niece. While this odd couple takes refuge on a honky-tonk southern California beach, Lena’s widowed mother, Ella, goes in search of them. In the process, Ella relives her own life’s dreams and disappointments: her marriage to a sweet, loving shoe salesman; her discovery of Lena’s disability; and her aching attempts to give her daughter a “normal” childhood. For so long, Lena has been the focus of Ella’s world—but now, she must contemplate the prospect of letting her daughter go. Covering three entire lifetimes in the course of one day, this powerful, emotional story from the author of Refund, a National Book Award finalist, is “an uplifting and bittersweet testament to uncompromising love” (The New York Post).
