

The Eternal Tide Star Trek Voyager

An original novel set in the universe of Star Trek: Voyager, from the New York Times bestselling author! As the Federation Starship Voyager continues to lead the Full Circle Fleet in its exploration of the Delta Quadrant, Admiral Kathryn Janeway remains concerned about the Krenim Imperium and its ability to rewrite time to suit its whims. At Captain Chakotay's suggestion, however, she orders the fleet to focus its attention on a unique planet in a binary system, where a new element has been discovered. Several biospheres exist on this otherwise uninhabitable world, each containing different atmospheres and features that argue other sentient beings once resided on the surface. Janeway hopes that digging into an old-fashioned scientific mystery will lift the crews' morale, but she soon realizes that the secrets buried on this world may be part of a much larger puzzle—one that points to the existence of a species whose power to reshape the galaxy might dwarf that of the Krenim. Meanwhile, Lieutenants Nancy Conlon and Harry Kim continue to struggle with the choices related to Conlon's degenerative condition. Full Circle's medical staff discovers a potential solution, but complications will force a fellow officer to confront her people's troubled past and her own future in ways she never imagined...™, ®, & © 2018 CBS Studios, Inc. Meanwhile, as the U.S.S. Titan embarks upon a search for this potent technology in the hope of using it to heal the wounds the Federation sustained during the recent Borg crisis, Captain Riker must balance his responsibility for his crew's safety against the welfare of the Hranrarii and his duty to the Prime Directive. "Del Rey book." Battling the Taurans in space was one problem as Private William Mandella worked his way up the ranks to major. In spanning the stars, he aged only months while Earth aged centuries.

It's tough being a teenage Slayer. On the verge of failing her junior year thanks to the annoying Principal Snyder, who seems to be acting even stranger than usual lately, Buffy agrees to meet with a tutor ... one who may not have her best interests in mind. Not helping her studies is the fact that recently she's been exhausted, waking up each morning feeling more tired than she did the night before. To make matters worse, she's tasked with investigating the disappearance of a little girl who went missing hours before a child vampire surfaced in Sunnydale, accompanied by a wheelchair-bound male -- who matches the

description of the blond-haired vampire known as Spike. Fighting off exhaustion and uneasy at the prospect of staking a child vamp, Buffy learns that Principal Snyder is the target of a sleep deprivation spell that has taken over Sunnydale. Putting aside her fear that her tutor is out to get her, and hoping that the sleeping spell affects humans and demons alike, Buffy investigates Snyder's odd behaviour; following him to his childhood home where she discovers he has arranged to have his abusive mother banished to the demon dimension. Meanwhile Spike's flaky consort Drusilla, who has been playing mother figure to the child vampire, is learning how difficult it is to be a parent. As sleep takes hold of the citizens of Sunnydale, Buffy begins to realize that unless she breaks the spell soon, the nightmare is just beginning.

Those who tried never returned, and those who didn't, always wondered what they were missing by not attempting the perilous journey to 'Heaven'. The official designation of the giant anti-gravity floating disc was 'International Land Extension U.S.23'. But to the people living like sardines in the fam-apts and dormitories on the ground below, it was known as 'Heaven'. Government regulations meant that it was almost impossible for a human being to get to 'Heaven' - almost, but no quite, as Vic Sterling found out when he began to hunt for his missing half-brother Johnny Considine. For Johnny, along with over a hundred other rebels, had decided they could no longer stand the living conditions on Earth and had hitched a ride to 'Heaven', a 'Heaven' full of unexpected dangers for Vic when he decided to follow.

B'Elanna Torres has no intention of celebrating the Day of Honor. A day of glory for others of Klingon heritage, the day for Torres has always been a dark one, for reasons that stretch back to childhood memories she has tried to forget. This Day of Honor is no better. Trouble with the warp engines has crippled the U.S.S. Voyager just as it confronts a deadly threat. Torres and Tom Paris must put their lives on the line to restore the engines. With time running out, Torres has one last chance to accept the great loss she once suffered and reveal the true feelings she has buried for years.

Ape Man, Space Man Earth's colonists have spread throughout the cosmos, and have almost divided into two separate species. One is the Swimmers, who have adapted to living in zero-gravity, and regard themselves as the next step in evolution, and those who prefer to live on the surface of a planet as little better than apes. The latter group, the Walkers, are not about to say farewell to the planets they grew up on, and think the Swimmers are not so much advanced as deranged. Crowell, born a Swimmer but now a Walker by choice, is caught in the middle as the two sides seem headed for war. Then he discovers the true cause of the altercation: a hidden alien race moving behind the scenes to provoke a war so that they can pick up the pieces after the two sides have obliterated each other. The Shadow of Heaven

A hundred years before the Starship Voyager was transported to the Delta Quadrant, Lieutenant Tuvok served under one of Starfleet's most famous officers: Captain Hikaru Sulu of the Starship Excelsior. Now those days have come back to haunt him. While traveling through an uncharted nebula, Tuvok is besieged by recurring memories of his time with Captain Sulu—repressed memories that may well kill him unless their source is determined in time. To save her closest friend, Captain Kathryn Janeway follows Tuvok to the century-old bridge of the Excelsior during a desperate battle. There Tuvok, Captain Janeway, Captain Sulu and Commander Janice Rand must face a menace to galactic life unlike anything known before...

In the climactic conclusion to the Star Trek: Destinytrilogy the greatest menace to the galaxy, the Borg, were absorbed into the Caeliar gestalt -- with one exception, Seven of Nine, who finds herself trapped in a half existence, neither drone nor human. Seven agrees to join Chakotay, the former captain of the USS Voyager, to rendezvous with the ships that Starfleet Command has sent into the Delta Quadrant and see if they can solve the mystery of the Caeliar's disappearance. In a region of space which has lived in fear of instant annihilation, Voyager is charged with reaching out to possible allies and resolving old enmities. But these are not the friendly stars of the Federation, and out here the unknown and the unexpected cannot be dealt with by standard Starfleet protocols.

“YOU WERE TOLD NOT TO RETURN TO OUR SPACE.” Little is known about the Children of the Storm—one of the most unique and potentially dangerous species the Federation has ever encountered. Non-corporeal and traveling through space in vessels apparently propelled by thought alone, the Children of the Storm at one time managed to destroy thousands of Borg ships without firing a single conventional weapon. Now in its current mission to the Delta Quadrant, Captain Chakotay and Fleet Commander Afsarah Eden must unravel whythree Federation starships—the U.S.S. the powerful Children of the Storm . . . with thousands of Starfleet lives at stake from an enemy that the Federation can only begin to comprehend. . . .

The eagerly awaited continuation of OLD WOUNDS! Captain Chakotay and his sister, Sekaya, are being held captive beneath the surface of Loran II by a Changeling -- an outcast Founder masquerading as Chakotay's second-in-command, Andrew Ellis. To Chakotay's horror, the Changeling gives the two prisoners over to the infamous Cardassian scientist Crell Moset, who plans to use Chakotay's Sky Spirit-enhanced DNA to create a super species that will bring him the fame and acceptance he craves. Leaving Chakotay and Sekaya to their fate, the Changeling assumes Chakotay's image and infiltrates the Starship Voyager™, putting the entire crew at risk. Dr. Jarem Kaz and Lieutenant Harry Kim, increasingly suspicious of their captain's odd behavior, turn to Admiral Janeway and Lieutenant Commander Tom Paris for help. As Paris races to save Voyager from catastrophe, the real Chakotay must undertake a "Spirit Walk" that could set him and his sister free -- or lead to their ultimate destruction....

Star Trek: The Next Generation: Before Dishonor

Voyager is dispatched on an urgent mission to the planet Kerovi, Captain Chakotay and his first officer, Commander Thomas Paris, must choose between following their orders and saving the lives of two of those dearest to them. B'Elanna Torres and her daughter, Miral, are both missing in the wake of a brutal attack on the Klingon world of Boreth. With the aid of their former captain, Admiral Kathryn Janeway -- as well as many old friends and new allies -- Voyager's crew must unravel an ancient mystery, placing themselves between two warrior sects battling for the soul of the Klingon people...while the life of Miral hangs in the balance. As Voyager is drawn into a desperate struggle to prevent the annihilation of the Federation, lives are shattered, and the bonds that were forged in the Delta Quadrant are challenged in ways that none could have imagined. For though destiny has dealt them crushing blows, Voyager's crew must rise to face their future...and begin a perilous journey in which the wheel of fate comes full circle.

An enemy so intractable that it cannot be reasoned with. The entire race thinks with one mind and strives toward one purpose: to add our biological distinctiveness to their own and wipe out individuality, to make every living thing Borg. In over two centuries, the Federation has never encountered a greater threat. Twice Starfleet assembled and threw countless starships to stand against them. The Borg were stopped, the price paid in blood. Humanity breathed a sigh of relief, assuming it was safe. And with the destruction of the transwarp conduits, the Federation believed that the killing blow had finally been struck against the Borg. Driven to the point of extinction, the Borg continue to fight for their very existence, for their culture. They will not be denied. They must not be stopped. The old rules and assumptions regarding how the Collective should act have been dismissed. Now the Borg kill first, assimilate later. When the Enterprise manages to thwart them once again, the Borg turn inward. The dark places that even the drones never realized existed are turned outward against the enemy they have never been able to defeat. What is revealed is the thing that no one believed the Borg could do.
