

The Firm By John Grisham

When the death of a partner in a legal firm is followed by \$90 million disappearing from the firm's account, his partners know he is still alive, and the hunt is on.

Includes a note from the author, questions for discussion, and an excerpt from "The Rooster Bar."

John Grisham says THE TUMOR is the most important book he has ever written. In this short book, he provides readers with a fictional account of how a real, new medical technology could revolutionize the future of medicine by curing with sound. THE TUMOR follows the present day experience of the fictional patient Paul, an otherwise healthy 35-year-old father who is diagnosed with a malignant brain tumor. Grisham takes readers through a detailed account of Paul's treatment and his family's experience that doesn't end as we would hope. Grisham then explores an alternate future, where Paul is diagnosed with the same brain tumor at the same age, but in the year 2025, when a treatment called focused ultrasound is able to extend his life expectancy. Focused ultrasound has the potential to treat not just brain tumors, but many other disorders, including Parkinson's, Alzheimer's, hypertension, and prostate, breast and pancreatic cancer. For more information or to order a free hardcopy of the book, please visit The Focused Ultrasound Foundation's website www.fusfoundation.org. Here you will find a video of Grisham on the TEDx stage with the Foundation's chairman and a Parkinson's patient who brings the audience to its feet sharing her incredible story of a focused ultrasound "miracle." Readers will get a taste of the narrative they expect from Grisham, but this short book will also educate and inspire people to be hopeful about the future of medical innovation.

In his first collection of novellas, law is a common thread, but America ’ s favorite storyteller has several surprises in store. “ Homecoming ” takes us back to Ford County, the fictional setting of many of John Grisham ’ s unforgettable stories. Jake Brigance is back, but he ’ s not in the courtroom. He ’ s called upon to help an old friend, Mack Stafford, a former lawyer in Clanton, who three years earlier became a local legend when he stole money from his clients, divorced his wife, filed for bankruptcy, and left his family in the middle of the night, never to be heard from again—until now. Now Mack is back, and he ’ s leaning on his old pals, Jake and Harry Rex, to help him return. His homecoming does not go as planned. In “ Strawberry Moon, ” we meet Cody Wallace, a young death row inmate only three hours away from execution. His lawyers can ’ t save him, the courts slam the door, and the governor says no to a last-minute request for clemency. As the clock winds down, Cody has one final request. The “ Sparring Partners ” are the Malloy brothers, Kirk and Rusty, two successful young lawyers who inherited a once prosperous firm when its founder, their father, was sent to prison. Kirk and Rusty loathe each other, and speak to each other only when necessary. As the firm disintegrates, the resulting fiasco falls into the lap of Diantha Bradshaw, the only person the partners trust. Can she save the Malloys, or does she take a stand for the first time in her career and try to save herself? By turns suspenseful, hilarious, powerful, and moving, these are three of the greatest stories John Grisham has ever told.

Then one morning Devine's tedious routine is shattered by an anonymous email: She is dead. Sara Ewes, Devine's coworker and former girlfriend, has been found hanging in a storage room of his office building—presumably a suicide, at least for now—prompting the NYPD to come calling on him. If that wasn't enough, before the day is out, Devine receives another ominous visit, a confrontation that threatens to dredge up grim secrets from his past in the army unless he participates in a clandestine investigation into his firm. And apart from this high-stakes conspiracy, there's a killer out there with their own agenda, and Devine is the bull's-eye.
