

The First Round Table The Legends Of King Arthur Book 1

The compulsively readable and sometimes jaw-dropping story of the life of a notorious madam who played hostess to every gangster, politician, writer, sports star and Cafe Society swell worth knowing, and who as much as any single figure helped make the twenties roar—from the Pulitzer Prize-winning author of *The Most Famous Man in America*. “Applegate’s tour de force about Jazz Age icon Polly Adler will seize you by the lapels, buy you a drink, and keep you reading until the very last page.... A treat for fiction and nonfiction fans alike.” —Abbott Kahler, *New York Times* bestselling author (as Karen Abbott) of *The Ghosts of Eden Park* Simply put: Everybody came to Polly’s. Pearl “Polly” Adler (1900-1962) was a diminutive dynamo whose Manhattan brothels in the Roaring Twenties became places not just for men to have the company of women but were key gathering places where the culturati and celebrity elite mingled with high society and with violent figures of the underworld—and had a good time doing it. As a Jewish immigrant from eastern Europe, Polly Adler’s life is a classic American story of success and assimilation that starts like a novel by Henry Roth and then turns into a glittering real-life tale straight out of F. Scott Fitzgerald. She declared her ambition to be “the best goddam madam in all America” and succeeded wildly. Debby Applegate uses Polly’s story as the key to unpacking just what made the 1920s the appallingly corrupt yet glamorous and transformational era that it was and how the collision between high and low is the unique ingredient that fuels American culture. Some of the most fascinating and exciting stories about King Arthur and his knights have been almost completely overlooked. *The Book of Arthur* offers an extensive selection of these forgotten tales with an introduction detailing their origins and their place in the Arthurian tradition.

Join Sir Cumference and the gang for more wordplay, puns, and problem solving in the clever math adventure that introduces readers to the concepts of area and perimeters. When young Per visits her uncle Sir Cumference and his family, she learns how to play the game, “Inners and Edges.” After she finds a clue linking the game to the mysterious castle on the island of Immeter, she must figure out how to find the perimeter and area of a circle to unlock the island’s secret. Fans will love cracking the code with Per and the gang in this new installment of the Sir Cumference series that makes math fun and accessible for all.

Kings, queens, and great adventure await in the legendary land of

Camelot It all began with a boy and a sword. When young Arthur pulls an enchanted sword from a stone, his destiny is sealed: He is to become the king of England. Full of powerful wizards and valiant knights, the timeless tale of King Arthur, Camelot, and the Knights of the Round Table is a mix of jealousy, wonder, and heart that has captivated imaginations for centuries. This ebook has been professionally proofread to ensure accuracy and readability on all devices.

Sir Cumference Gets Decima's Point

Read Along or Enhanced eBook: King Arthur was a good ruler, but in this math adventure he needs a good ruler. Geometry is explained with humor in SIR CUMFERENCE AND THE FIRST ROUND TABLE, making it fun and accessible for beginners. What would you do if the neighboring kingdom were threatening war? Naturally, you'd call your strongest and bravest knights together to come up with a solution. But when your conference table causes more problems than the threat of your enemy, you need expert help. Enter Sir Cumference, his wife Lady Di of Ameter, and their son Radius. With the help of the carpenter, Geo of Metry, this sharp-minded team designs the perfect table conducive to discussing the perfect peace plan. Thanks to Sir Cumference, even the most hesitant will be romancing math.

Your organization functions and grows through conversations—face-to-face and electronic, from the mailroom to the boardroom. The quality of those conversations determines how smart your organization is. This revelatory book shows you how the Round Table of Arthurian legend can help foster collaboration and transform today's world of business, nonprofits, and government. "When I want a group to work effectively, I turn immediately to my colleague of thirty-five years, David Perkins. This book is a distillation of his knowledge and wisdom." —Howard Gardner author of Frames of Mind: The Theory of Multiple Intelligences and Intelligence Reframed "David Perkins applies his wit and inventive mind to create a fresh perspective on the world of collaboration in organizations. His archetypes and toolboxes offer valuable insights to anyone facing the challenges of collaborative problem solving." —David Straus author of How to Make Collaboration Work

A seemingly ordinary village participates in a yearly lottery to determine a sacrificial victim.

A funny and pun-filled retelling of "The Sword and Stone" that introduces readers to mathematical angles. King Arthur has hidden his sword, Edgecalibur and issued a challenge to the knights. The first knight to find the sword will be the next king. Can Sir Cumference and Lady Di point Radius's best friend, Vertex in the right direction? Will Vertex's sharp thinking give him the edge? Join Sir Cumference, Lady Di of Ameter, and their son, Radius, in this new adventure where they race to help Vertex find the sword and discover the secrets of cubes, pyramids, cylinders, and cones.

Sir Cumference and the Dragon of Pi

The Mice of the Round Table I: A Tail of Camelot

The Round Table Movement and the Fall of the 'Second' British Empire (1909-1919)

Sir Cumference and the Sword in the Cone

An Archaeological Investigation

I. A Tail of Camelot

In spite of the general phobia of federalism, there is a strong federalist trend within British political culture. In three very different historical contexts, federalism

inspired the action of political movements such as the Imperial Federation League, the Round Table and the Federal Union. Indeed, it was regarded as the solution to problems arising from the first signs of the possible collapse of Great Britain and its Empire. The Round Table Movement played a particularly interesting role in this regard, attempting to reverse the rapid and inexorable decline of the British Empire. It was a political organisation with roots in all the major peripheries of the Empire and almost unlimited financial resources. This volume discusses the strategies and means employed by the group in order to maintain the British Empire's global prominence. The book's main argument is that we did not have a "British century" – the nineteenth – and an "American century" – the twentieth – but, rather, four centuries of Anglo–Saxon supremacy, which witnessed the affirmation of the national principle – expression of the Continental political tradition – and its overcoming through its opposite, the federal principle, the expression of the insular political tradition.

An epic adventure of daring, legend and legacy begins below the floorboards of Camelot. Below the carpets and flagstones of Camelot lies a secret world much like Arthur's royal court. Lord Yvers Christopher leads the castle creatures with a steady paw, upholds a tenuous truce with the animals of the Darkling Woods and guards the world's greatest treasure: the Holy Grail. Unknown to the knights above, the mice of the round table strive to ensure the safety of all who live within the castle walls, human and otherwise. So when Yvers is assassinated, the whole of Camelot is at risk. His grandson Calib Christopher must follow in his pawsteps but does the young mouse have the strength and power to lead his people and unite with the Darklings against the evil that threatens them all? A rich, fun fantastical new series from new talent Julie Leung.

After battling dragons and helping Arthur reclaim his rightful place upon the throne, the mighty Sir Lancelot ventures off alone to seek an inner peace that's always eluded him. However, following an all too brief trip to a magical sanctuary, Lancelot heeds the call for help from his first love, Elaine of Corbenic. Her kingdom has been overrun by monsters and Lancelot is the only man with the strength to stop them. Nonetheless, as he battles the beasts in the service of Elaine and her aging father, King Pellès, Lancelot begins to unravel a deeper mystery. And it all seems to lead back to an unusual young man named Galahad. Experience the classic tales of King Arthur and his Knights of the Round Table like never before with this thrilling re-imagining of ancient legend. Packed with swordplay, magic, romance and humor, "The Legends of King Arthur" promise to take readers of all ages on an unforgettable journey of fantasy and adventure! Witness new twists on classic stories like: The Lady of the Lake Elaine of Corbenic and the mystical shores of Avalon Inspired by modern classics like: William Goldman's "The Princess Bride" and J.K. Rowling's "Harry Potter" series Following the tradition of classic Arthurian texts like: Sir Thomas Malory's "Le Morte D'Arthur" T.H. The Legends of King Arthur : Book 1

King Arthur's stories are timeless tales that have been told countless times since the fifteenth century when Sir Thomas Malory introduced them in *Le Morte d'Arthur*. The basis for the upcoming film, this collection is retold by famed American poet and author Sidney Lanier. He imbues the legendary stories with action and adventure, accompanied by N. C. Wyeth's breathtaking illustrations. Readers will enjoy the daring exploits of Arthur and his knights. You'll find the tale of how Arthur pulled the sword from the stone to become king of England and be introduced to his brave knights Sirs Launcelot, Gawaine, Tristram, Galahad, and more. Their search for the Holy Grail through the tragic final battle will thrill you and capture your imagination. The Arthurian legends are coursing with drama and adventure. Instilled with themes of loyalty, conflict, romance, and courage, these stories will fill readers of any age with wonder. Experience them in this edition of *King Arthur and the Knights of the Round Table*.

Archival and scientific research reveal the origins and purpose of the Winchester Round Table.

The Lottery

The Algonquin Round Table New York

"That is the thing about New York," wrote Dorothy Parker in 1928. "It is always little more than you had hoped for. Each day, there, is so definitely a new day." Now you can journey back there, in time, to a grand city teeming with hidden bars, luxurious movie palaces, and dazzling skyscrapers. In these places, Dorothy Parker and her cohorts in the Vicious Circle at the infamous Algonquin Round Table sharpened their wit, polished their writing, and captured the energy and elegance of the time. Robert Benchley, Parker's best friend, became the first managing editor of Vanity Fair before Irving Berlin spotted him onstage in a Vicious Circle revue and helped launch his acting career. Edna Ferber, an occasional member of the group, wrote the Pulitzer-winning bestseller So Big as well as Show Boat and Cimarron. Jane Grant pressed her first husband, Harold Ross, into starting The New Yorker. Neysa McMein, reputedly "rode elephants in circus parades and dashed from her studio to follow passing fire engines." Dorothy Parker wrote for Vanity Fair and Vogue before ascending the throne as queen of the Round Table, earning everlasting fame (but rather less fortune) for her award-winning short stories and unforgettable poems. Alexander Woollcott, the centerpiece of the group, worked as drama critic for the Times and the Worker wrote profiles of his friends for The New Yorker, and lives on today as Sheridan Whiteside in The Man Who Came to Dinner. Explore their favorite salons and saloons, their homes and offices (most still standing), while learning about their colorful careers and private lives. Packed with archival photos, drawings, and other images--including never-before-published material--this illustrated historical guide includes current information on all locations. Use it to retrace the footsteps of the Algonquin Round Table, and you'll discover that the golden age of Gotham still surrounds us.

The most famous and influential work of English fantasy ever published,

reimagined for a new generation of readers by John Matthews, one of the world's leading Arthurian experts, and illustrated by internationally acclaimed Tolkien artist, John Howe.

A mysterious new threat sparks a dangerous quest in book two of the epic middle grade series Booklist called "a charming blend of Arthurian legend and Brian Jacques' Redwall series." Young mouse Calib Christopher has nearly completed his training to become a squire to the Knights of the Round Table when news of a deadly plague comes to the castle. Soon all of Camelot is showing signs of the illness, animals and humans alike. Desperate to find a cure, Calib and his friend Cecily set off on a treacherous voyage to find the mythical, healing island of Avalon. But even as their journey takes them over land and sea, back at home, Calib's human friend Galahad discovers that the true enemy may have already found a way inside the castle walls... Perfect for fans of New York Times bestselling series like Wings of Fire and Warriors, Mice of the Round Table brings to life a legendary world of animals and magic that kids will want to return to again and again.

Young Knights of the Round Table

King Arthur & the Knights of the Round Table

It is almost impossible to escape the Spanish Inquisition alive. However, Edgar Allan Poe's unnamed narrator, after suffering innumerable tortures upon his body and soul in the hands of his tormentors, sees the light of the day at the very end of his sanity's tether. Even despite the lack of supernatural elements, "The Pit and the Pendulum" (1842) has enjoyed and influenced several notable movie adaptations. Animations such as The "Flinstones", TV series like "Crime Scene Investigation", to films like Roger Corman's "The Pit and the Pendulum" (1961), starring Vincent Price and some torture methods found in the "Saw" franchise, the story's famous pendulum scene is a rather fruitful source of inspirations. Yet, despite the terrific torments, the story focuses primarily on how terror is implicitly depicted through the workings of the mind. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

There was no reason for Arthur to think he would ever become king. A peasant and son of a baker, Arthur grew up in the castle town of Camelot. When he attended the Choosing Ceremony, it was merely to see

who would draw the Holy Sword, Excalibur-to see who would inherit the throne of the recently departed King Uther. He never expected the sword would choose him...But it did.Now, at the young age of fourteen, he has become King Arthur, and for all the power he has gained, he has made just as many enemies. Surrounded by the Knights of the Round Table, and led by the mysterious mage, Merlin, Arthur is grateful for his allies, though he would just as soon return to his old life. Surely, someone more worthy should be chosen as king.Arthur is in the middle of chaos, a world where everyone wants more than they let on, where many hate the idea of a young boy with no noble background being crowned king; where cold stares and whispered words are just as sharp as an assassin's blade.As Arthur fends for his life, he must draw on the strength of his knights, especially fifteen-year-old Mordred, who becomes closer to him than the mere bounds of duty. He must become king, not just in name, but in his heart.And he must do it quickly, because his enemies want more than just his crown...

A passionately urgent call for all of us to unlearn imperialism and repair the violent world we share, from one of our most compelling political theorists In this theoretical tour-de-force, renowned scholar Ariella Aïsha Azoulay calls on us to recognize the imperial foundations of knowledge and to refuse its strictures and its many violences. Azoulay argues that the institutions that make our world, from archives and museums to ideas of sovereignty and human rights to history itself, are all dependent on imperial modes of thinking. Imperialism has segmented populations into differentially governed groups, continually emphasized the possibility of progress while it tries to destroy what came before, and voraciously seeks out the new by sealing the past away in dusty archival boxes and the glass vitrines of museums. By practicing what she calls potential history, Azoulay argues that we can still refuse the original imperial violence that shattered communities, lives, and worlds, from native peoples in the Americas at the moment of conquest to the Congo ruled by Belgium's brutal King Léopold II, from dispossessed Palestinians in 1948 to displaced refugees in our own day. In Potential History, Azoulay travels alongside historical companions—an old Palestinian man who refused to leave his village in 1948, an anonymous woman in war-ravaged Berlin, looted objects and documents torn from their worlds and now housed in archives and museums—to chart the ways imperialism has sought to order time, space, and politics. Rather than looking for a new future, Azoulay calls upon us to rewind history and unlearn our imperial rights, to continue to refuse imperial violence by making present what was invented as “past” and making the repair of torn worlds the substance of politics.

Part of the popular Sir Cumference series! Baker Pia is back with a handy way of counting by tens and fractions in this fun introduction to the decimal system. This time the focus is back on Pia of Chartres from Sir Cumference and the Off-the-Charts Dessert. She is kidnapped by a family of ogres--Tentt, the father, Hoondrit, the mother, and their ten daughters, Una to Decima. Pia is asked to help the ogres

prepare a feast for a large celebration, which will involve tens, hundreds, even thousands of pieces of dessert! Readers will learn about place value and the decimal system of notation in this latest medieval math adventure. The endnote includes a diagram with place names.

For fans of the Sir Cumference series with Pi on their mind, here is the second installment in this fun look at math and language. This time the math adventure is centered around a potion that changes Sir Cumference into a fire-breathing dragon. Can Radius change him back? Join Radius on his quest through the castle to solve a riddle that will reveal the cure. It lies in discovering the magic number that is the same for all circles. Perfect for parent and teachers who are looking to make math fun and accessible for everyone. Snatched from their cradles by faerie thieves, Rick, Roxy, and Tiago have been brainwashed to hate humans and trained in the art of magical warfare. When Avalon is attacked by an unseen enemy, the Fey send them to Earth to investigate a rumour that the Round Table is being re-formed. But they soon discover that the truth is much, much worse . . .

Sir Thomas Malory's *Le Morte d'Arthur* is the basis for the vast literature concerning King Arthur and his Knights of the Round Table. Malory compiled, translated, and edited the tales from earlier French sources, and all later authors who added to Arthurian legend are indebted to his work. This handsome edition features 16 of Arthur Rackham's finest color illustrations, and Malory's text was edited for modern readers by English scholar Alfred W. Pollard. An essential treasury edition for any collector of Arthurian myths or Rackham enthusiast. Film fans will also cherish this deluxe hardcover: the stories have inspired numerous movie adaptations, including the 2017 release *Knights of the Roundtable: King Arthur*, directed by Guy Ritchie and starring Charlie Hunnam, Jude Law, Eric Bana, Djimon Hounsou, and Annabelle Wallis.

High-rise Mystery

Old Legends, New Voices

The Romance of King Arthur and His Knights of the Round Table

King Arthur most probably never existed and if he did we know precious little about him, and yet he is one of the most famous Britons, while Excalibur and Camelot are perhaps the world's best known sword and castle, and Hollywood doesn't tire of returning to the world of Arthurian romance - another major movie is to be released in 2016. So, what's the truth behind King Arthur? How did the legends take hold? And why have they endured for so long? Long before the Marvel Universe there was the universe of Arthurian romance and King Arthur and the Knights of the Round Table examines the fact and the fiction behind Arthur, Lancelot, Merlin, Guinevere, Galahad, among others, as well as the quest for the Holy Grail. Beginning in the 12th century, the book explores what factual basis there is for the tales and how the characters, stories and motifs developed through histories, epic poems and prose tellings. The book also charts the revived interest in Arthurian romance in the 19th century and considers how the tales still hold the popular imagination today. Illustrated with more than 180 color and black-and-white artworks and photographs and maps, King Arthur and the Knights of the Round Table is an expertly written account of where literature, mythology and history meet. Howard Pyle's classic tale of magic, bravery, and honor tells of the adventures of King Arthur. From the time young Arthur pulled the fabled sword from the stone, he was a just king. As the head of the Round Table, King Arthur led the most gallant men and brought peace to the land. King Arthur's most dramatic struggles are retold in the Calico Illustrated Classics adaptation of Pyle's King Arthur and the Knights of the Round Table. Calico Chapter Books is an imprint of Magic Wagon, a division of ABDO Group. Grades 3-8.

Early childhood can be a time of rich discovery, a period when educators have an opportunity to harness their students' fascination to create unique learning opportunities. Some teachers engage with their students' ideas in ways that make learning collaborative--but not all students have access to these kinds of learning environments. In Segregation by Experience, the authors filmed and studied a first-grade classroom led by a Black immigrant teacher who encouraged her diverse group of students to exercise their agency. When the researchers showed the film to other schools, everyone struggled. Educators admired the teacher but didn't think her practices would work with their own Black and brown students. Parents of color—many of them

immigrants—liked many of the practices, but worried that they would compromise their children. And the young children who viewed the film thought that the kids in the film were terrible, loud, and badly behaved; they told the authors that learning was supposed to be quiet, still, and obedient. In *Segregation by Experience* Jennifer Keys Adair and Kiyomi Sánchez-Suzuki Colegrove show us just how much our expectations of children of color affect what and how they learn at school, and they ask us to consider which children get to have sophisticated, dynamic learning experiences at school and which children are denied such experiences because of our continued racist assumptions about them.

Rebecca D. Cox draws on five years of interviews and observations at community colleges, where she shows how students and their instructors misunderstand and ultimately fail one another, despite good intentions. Eye-opening even for experienced faculty and administrators, *The College Fear Factor* reveals how the traditional college culture can actually pose obstacles to students' success, and suggests strategies for effectively explaining academic expectations.

A Historical Guide

Lancelot of the Lake

Sir Cumference and the Great Knight of Angleland

Sword Stone Table

Powerful warriors of nobility and honor, the Knights of the Round Table fought for king and country, rescued damsels, and went on dangerous quests. But true love may be the most perilous quest of all... Sir Geraint is one of King Arthur's ablest knights but is considered impulsive by his father, the king of Cornwall. When he rashly marries Enid, a beautiful and mysterious swordswoman, Geraint's decision sparks questions about whether the love that's captured his heart so suddenly is a blessing—or a curse... Used to the gentle ladies of Camelot, Geraint is at once infatuated with and suspicious of his bride, a strong and independent warrior woman, gifted with magic powers by the Lady of the Lake. Enid has come to Camelot to secretly learn the fighting techniques that may help her small, peaceful tribe resist a rumored invasion. When she realizes that Geraint may not trust her, Enid is torn between fierce loyalty to her people and a powerful love for her husband that no magic can cure. Fearing that Enid has been deceiving him, Geraint takes her on a dangerous journey that will not only test her true feelings but determine whether the differences that attracted them will fuse into a real, long-lasting love—or tear them apart and ignite a senseless war between their two kingdoms...

At just 18 years old, Arthur is on the verge of being crushed under the weight of his great destiny. The mighty castle at Tintagel has fallen. King Uther Pendragon lies dead. The mad King Vortigern sits upon the throne with a dragon at his command. And Merlin, having turned traitor, stands at the new king's side. Now Arthur, with the help of the mysterious sword in the stone and

his loyal mentors, Gawain and Percival, embarks on a daring mission to retake the crown. However, his greatest challenges lie not in overcoming his enemies, but in finding a way to reunite with two lost friends: a wounded knight called Lancelot and an assassin named Guinevere. Experience the classic tales of King Arthur and his Knights of the Round Table like never before with this thrilling re-imaginings of ancient legend. Packed with swordplay, magic, romance and humor, "The Legends of King Arthur" promise to take readers of all ages on an unforgettable journey of fantasy and adventure! While riding through the forests of Angleland, cousins Per and Radius realize they are lost and are desperate for a map to guide them home. Soon they come across a mysterious house in the hills. Inside they find a map to a treasure belonging to Xaxon Yellowbeard, the fiercest Viking warrior of his time. Per and Radius must decode the strange numbered grid on the map, while trying to steer clear of the pack of bungling bandits who are on their tail. Will they find the treasure in time? Cindy Neuschwander delivers yet another intriguing math adventure featuring the well-known characters of Angleland. Readers will enjoy following Per and Radius in their quest while learning how coordinate geometry relates to everyday life. Wayne Geehan's beautiful illustrations offer a bit of comic relief, while also clearly demonstrating the concepts explored in the story.

"Featuring stories by a bestselling, cross-genre assortment of some of the most exciting writers working today, an anthology of gender-bent, queered, race-bent, and inclusive retellings from the vast lore surrounding King Arthur, Camelot, and the Knights of the Round Table. The stories are so iconic that just a name, a word, conjures romance and betrayal, chivalry and magic. These are legends so embedded in our culture that they feel real; that as early as the twelfth century, Geoffrey of Monmouth, Thomas Malory, and Edmund Spenser were like, "I gotta get to writing fanfic of that." Indeed, from their very earliest incarnations, these stories were waiting to be reinterpreted and retold; they have lived through the centuries because they were transformed. Sword Stone Table marks a continuation of that tradition and the start of a brand-new one. Here you'll find the Lady of the Lake reimagined as a Ugandan sorceress and the Lady of Shalott as a wealthy, isolated woman in a futuristic Mexico City penthouse spying on Lancelot via advanced technology; you'll discover
