

The Flame And Hawks Eye

Two beautiful sisters make a perilous journey through the wilderness to Fort William Henry at the height of the French and Indian War, accompanied by Hawkeye, the frontier scout, and his Mohican companions, Chingachcook and Uncas.

"Through these literary studies, Maze demonstrates how broadly American culture is saturated with the wilderness mystique - and how the construction of the environment is an exercise of cultural power."--BOOK JACKET.

FAVOURED... Norway, AD 785. A wild place, a place of blood, a place where the gods hold sway . . . Sigurd Haraldarson and his oathsworn band are winning fame and reputation. But to confront his hated enemy – the oath-breaker and betrayer King Gorm – they must win riches too. When a daring raid goes wrong, Sigurd finds himself a prisoner of the powerful Jarl Guthrum. Bound like a slave, he is taken to the sacred temple at Ubsola to face the sacrificial knife. But here Sigurd discovers a potent relic: Gungnir, a great spear that would give him the power to assemble a host strong enough to challenge King Gorm, and avenge the betrayal of his father and the murder of his family. The roar of Odin and the wild hunt will be as nothing compared to Sigurd's rage, for he and his warriors will be borne on the wings of the storm . . . Wings of the Storm concludes the Viking saga, started in God of Vengeance and Winter's Fire.

(The Rise of Sigurd 3): An all-action, gripping Viking saga from bestselling author Giles Kristian

The five novels in The Leatherstocking Tales (collected in two Library of America volumes), Cooper's great saga of the American wilderness, form a pageant of the American frontier. Cooper's hero, Natty Bumppo, is forced ever farther into the heart of the continent by the advance of civilization that he inadvertently serves as advance scout, missionary, and critic. Leatherstocking first appears in The Pioneers (1823), as an aged hunter living on the fringe of settlement near Templeton (Cooperstown), New York, at the end of the eighteenth century. There he becomes caught in the struggles of party, family, and class to control the changing American land and to determine what sort of civilization will replace the rapidly vanishing wilderness. When Natty Bumppo started an American tradition by setting off into the sunset at the novel's close, one early reader said, "I longed to go with him." The Last of the Mohicans (1826) is a pure unabashed narrative of adventure. It looks back to the earlier time of the French and Indian Wars, when Natty and his two companions, Chingachcook and Uncas, survivors of a once-proud Indian nation, attempt a daring rescue and seek to forestall the plan of the French to unleash their Mingo allies on a wave of terror through the English settlements. The Prairie (1827) takes up Natty in his eighties, driven by the continuous march of civilization to his last refuge on the Great Plains across the Mississippi. On this vast and barren stage, the Sioux and Pawnee, the outlaw clan of Ishmael Bush, and members of the Lewis and Clark expedition enact a romantic drama of intrigue, pursuit, and biblical justice that reflects Cooper's historical dialects of culture and nature, of the American nation and the American continent. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.
