

The Forgotten Soldier He Wasn't A Soldier He Was Just A Boy

The true tale of an unknown soldier found dead at Gettysburg, clutching a photograph of his children, and the wave of publicity that led to his eventual identification and celebration throughout the North.

When Shawna Nicholson, Chief Resident of an Iowa hospital, treats an emergency patient who came from the future with multiple wounds and amnesia, neither Shawna nor the mystery man is prepared for the deadly pursuers determined to destroy Shawna's patient and anyone who tries to stop them.

At the end of the First World War, countries across Europe participated in an unprecedented ritual in which a single, anonymous body was buried to symbolize the overwhelming trauma of the battlefields. *The Tomb of the Unknown Soldier* explores the creation and reception of this symbolic national burial as an emblem for modern mourning. Bringing together literature, newspaper accounts, wartime correspondence, and popular culture, *The Tomb of the Unknown Soldier* examines how the Unknown Soldier was imagined in diverse national contexts and used by radically opposed political parties. Laura Wittman argues that this monument established a connection between the wounded body vulnerable to the war machine and a modern identity defined by common mortality and social alienation. Highly original and interdisciplinary, *The Tomb of the Unknown Soldier* powerfully links the symbolic language and ethics of mourning to a fascinating national ritual.

An international bestseller, this is a German soldier's first-hand account of life on Russian front during the second half of the Second World War. When Guy Sajer joins the infantry full of ideals in the summer of 1942, the German army is enjoying unparalleled success in Russia. However, he quickly finds that for the foot soldier the glory of military success hides a much harsher reality of hunger, fatigue and constant deprivation. Posted to the crack *Grosse Deutschland* division, with its sadistic instructors who shoot down those who fail to make the grade, he enters a violent and remorseless world where all youthful hope is gradually ground down, and all that matters is the brute will to survive. As the biting cold of the Russian winter sets in, and the tide begins to turn against the Germans, life becomes an endless round of pounding artillery attacks and vicious combat against a relentless and merciless Red Army. A book of stunning force, this is an unforgettable reminder of the horrors of war.

The Ordeal of a World War II G.I. from the Home Front to the Hurtgen Forest

Treading Water

Mortarman

An MM Military Romance Novel

Written by Joe Kubert, Bob Haney, Frank Robbins, Robert Kanigher, David Michelinie and Archie Goodwin Art by Kubert, Jack Sparling,

Gerry Talaoc and others Cover by Ken Barr Assuming a wide variety of disguises to battle the Nazis, the Unknown Soldier plunges deep behind enemy lines in this 560-page black-and-white SHOWCASE trade, collecting stories from his first appearance in STAR-SPANGLED WAR STORIES #151 to issue #190.

This is a story of Carroll A. Durham becoming a soldier as an African American during the Vietnam War. It is a story that has never been told. Carroll was diagnosed with post-traumatic stress disorder in 1993. He is a poster child for getting the word out about what it was like for 300,000 veteran casualties who served out of 2, 500,000 troops that served in Vietnam. There are very few books in the market about the African American soldier. This story tells of the trials and tribulations of black male youth growing up during the Civil Rights Movement in the new integrated army. The story is also similar to the 30,000 casualties of the Iraq war who suffer just like the Vietnam veteran along with their families. Carroll dreamed of being a soldier growing up in his father's footsteps by him being a person in uniform during World War II. Carroll wanted to know what it was like being a soldier in the Vietnam War. He wants this story to get out to the families of the Vietnam Era so they can see what their patriots went through during this period in our American history.

At the outbreak of the First World War, an entire generation of young men charged into battle for what they believed was a glorious cause. Over the next four years, that cause claimed the lives of some 13 million soldiers--more than twice the number killed in all the major wars from 1790 to 1914. But despite this devastating toll, the memory fostered by the belligerents was not of the grim reality of its trench warfare and battlefield carnage. Instead, the nations that fought commemorated the war's sacredness and the martyrdom of those who had died for the greater glory of the fatherland. The sanctification of war is the subject of this pioneering work by well-known European historian George L. Mosse. *Fallen Soldiers* offers a profound analysis of what he calls the Myth of the War Experience--a vision of war that masks its horror, consecrates its memory, and ultimately justifies its purpose. Beginning with the Napoleonic wars, Mosse traces the origins of this myth and its symbols, and examines the role of war volunteers in creating and perpetuating it. His book is likely to become one of the classic studies of modern war and the complex, often disturbing nature of human perception and memory.

The award-winning combat historian and author of *Washington's Immortals* honors the Unknown Soldier with this "gripping story" of America's part in WWI (*Washington Times*). The Tomb of the Unknown Soldier is sacred ground at Arlington National Cemetery. Originally constructed in 1921 to hold one of the thousands of unidentified American soldiers lost in World War I, it now receives millions of visitors each year. "With exhaustive research and fluid prose," historian Patrick O'Donnell illuminates the saga behind the creation of the Tomb itself, and the stories of the soldiers who took part in its consecration (*Wall Street Journal*). When the first Unknown Soldier was laid to rest in Arlington, General John Pershing selected eight of America's most decorated veterans to serve as Body Bearers. These men appropriately spanned America's service branches and specialties. Their ranks include a cowboy who relived the charge of the light brigade, an American Indian who heroically breached mountains of German barbed wire, a salty New Englander who dueled a U-boat for hours in a fierce gunfight, a tough New Yorker who sacrificed his body to save his ship, and an indomitable gunner who, though blinded by gas, nonetheless overcame five machine-gun nests. In telling the stories of these brave men, O'Donnell shines a light on the service of all veterans, including the hero they brought home. Their stories present an intimate narrative of America's involvement in the Great War, transporting readers into the midst of dramatic battles that ultimately decided the conflict.

Gettysburg's Unknown Soldier

Army Wives

A Novel

The Life, Death, and Celebrity of Amos Humiston

Pike Logan returns with his most dangerous and personal threat yet: a Taskforce operator gone rogue.

The First World War was a conflict of unprecedented ferocity. After the last shot was fired and the troops marched home, approximately three million soldiers remained unaccounted for. An unassuming English chaplain first proposed a symbolic burial in memory of all the missing dead; subsequently the idea was picked up by almost every combatant country. Acclaimed author Neil Hanson focuses on the lives of three soldiers – an Englishman, a German, and an American – using their diaries and letters to offer an unflinching yet compassionate account of the front lines. He describes how each man endured nearly unbearable conditions, skillfully showing how the Western world arrived at the now time-honored way of mourning and paying tribute to all those who die in war. From the Trade Paperback edition.

This Christmas join the De La Fuentes and McKenzies in Blossom Creek as they celebrate the grand opening of Emelia's Restaurant. Over twenty years after Levi De La Fuente's parents opened the first Emelia's, Levi and his cousin Ryan are getting ready to open a second location. Emma De La Fuente manages the first Emelia's in Essex, Vermont for her parents. She's in town to assist her brother and cousin in getting the new restaurant ready for its grand opening. However, she didn't plan on the strong attraction she feels toward the town Sheriff. The man with his sweet words and heated looks has managed to derail her plans on returning home. While his sister is distracted, Levi finds himself in need of rescuing from a rather embarrassing situation. Luckily for him, Vivien Taylor, owner of Temptations, Blossom Creek's handmade chocolate store, appears just at the right time. If only he didn't crave the sweet woman, then maybe, this situation wouldn't be so awkward. Blossom Creek just might be warm enough to melt the snow this holiday season.

Chronicles the remarkable story of a World War I soldier who was discovered wandering in France with no memory of his identity and who was the focus of twenty years of court battles when he was "claimed" by hundreds of families whose fathers, husbands, sons, and brothers had been lost in combat. Reprint.

The Forgotten Soldier (Part 1 of 3): He wasn't a soldier, he was just a boy

Micah's Soldier

The Nurses of St Croix

From Crimea to Afghanistan: the Real Lives of the Women Behind the Men in Uniform

The Ashgrove

Bestselling author Charlie Connelly returns with a First World War memoir of his great uncle, Edward Connelly, who was an ordinary boy sent to fight in a war the likes of which the world had never seen. But this is not just his story; it is the story of all the young forgotten soldiers who fought and bravely died for their country

When Micah sees Garrison across the terminal, he knows the love is still there, but will it be enough to keep Garrison from walking away forever? In the second grade, Garrison Douglas saved Micah Stills from the bully trying to steal his lunch money, creating a bond that would last a lifetime. Or so Micah thought. Ten years later, Micah's best friend and first love is an enlisted Marine. Steady, strong, dependable Garrison has always been his hero and Micah will do whatever it takes to be the supportive partner left behind. In contrast to his sturdy Marine, Micah's slighter form is a vibrant canvas from the tips of his color-streaked hair to the graphic ink adorning his body. Sure, people judge his book by its cover, but he knows who he is and more importantly, Garrison loves the whole of him.

Garrison thought he was strong enough to do his duty for his country and come out unscathed. Nothing could have prepared him for the things he would see or do in the heat of battle. Every mission takes away another part of him and he fears the man he has become. How can he trust that, if his mind plays tricks on him, he won't strike out at the man he loves the most? While Garrison is struggling with his demons overseas, Micah has dedicated his time to military support groups. The exposure to the harsh realities the soldiers and their families face long after they return home is often heartbreaking, but he sees it as necessary. Like Garrison, he also wonders what his lover has become. Unlike Garrison, he'll embrace the changes so long as he comes home alive. Just the idea of physically hurting Micah sickens Garrison and he breaks up with him to protect him. Micah is devastated, but his feelings never falter. Now Garrison is coming home for good and Micah is determined that he'll receive a hero's welcome. With the help of veteran soldier and new friend, Jared Ramos, Micah arranges a proper homecoming. The only glitch is that he's not supposed to be there to see it, but the temptation proves too much. Armed with a ridiculously over-the-top outfit and plenty of places to hide, Micah is able to see for himself that Garrison is whole and healthy. When Micah's plan goes awry, Garrison is there to save him once again, but will Micah convince him to stay or will Garrison walk away forever?

From bestselling author Diney Costeloe, a young woman fights to save a treasured war memorial and uncovers a tragic story that reverberates from World War I to the present day. 'This is our secret, pet. You mustn't tell anyone about us planting this tree for dad. It's our secret.' 1921. In the sleepy village of Charlton Ambrose, eight ash trees stand as a timeless memorial to the men killed in the Great War. On a dark and chilly night, a ninth tree appears. Who planted it and why? And who was 'the unknown soldier' for whom it is marked? 2001. Eighty years later, the memorial is under threat from developers. Local reporter, Rachel Elliott, is determined to save it, and to solve the mystery of the ninth tree. The trail will take her into the dark heart of her own family history; to a great, but tragic, love;

and to a secret that has been kept since the war to end all wars. This ebook edition was previously published as The Lost Soldier. This title is published in paperback as The Lost Soldier. What readers are saying about THE NURSES OF ST CROIX: 'I didn't want it to end. It is beautifully written and pulls on every emotional string in our bodies' 'I loved reading this ... Diney Costeloe is a fabulous author ... I really felt as though I was living the story with the characters. I definitely recommend this book!' 'Diney Costeloe is an awesome writer, all her books are just wonderful and unputdownable'

This solemn, rhythmic intonation of the shipping forecast on BBC radio is as familiar as the sound of Big Ben chiming the hour. Since its first broadcast in the 1920s it has inspired poems, songs and novels in addition to its intended objective of warning generations of seafarers of impending storms and gales. Sitting at home listening to the shipping forecast can be a cosily reassuring experience. There's no danger of a westerly gale eight, veering southwesterly increasing nine later (visibility poor) gusting through your average suburban living room, blowing the Sunday papers all over the place and startling the cat. Yet familiar though the sea areas are by name, few people give much thought to where they are or what they contain. In ATTENTION ALL SHIPPING Charlie Connelly wittily explores the places behind the voice, those mysterious regions whose names seem often to bear no relation to conventional geography. Armchair travel will never be the same again.

Unknown Soldiers

Blood Red Snow

The Living Unknown Soldier

Fallen Soldiers : Reshaping the Memory of the World Wars

The True Story of a Young German Soldier on the Russian Front

With every step, the Tomb Guards pay homage to America's fallen. Discover their story, and that of the unknown soldiers they honor, through resonant words and illustrations. Keeping vigil at the Tomb of the Unknown Soldier, in Arlington National Cemetery, are the sentinel guards, whose every step, every turn, honors and remembers America's fallen. They protect fellow soldiers who have paid the ultimate sacrifice, making sure they are never alone. To stand there--with absolute precision, in every type of weather, at every moment of the day, one in a line uninterrupted since midnight July 2, 1937--is the ultimate privilege and the most difficult post to earn in the army. Everything these men and women do is in service to the Unknowns. Their standard is perfection. Exactly how the unnamed men came to be entombed at Arlington, and exactly how their fellow soldiers have come to keep vigil over them, is a sobering and powerful tale, told by Jeff Gottesfeld and luminously illustrated by Matt Tavares--a tale that honors the soldiers who honor the fallen.

Günter Koschorrek wrote his illicit diary on any scraps of paper he could lay his hands on, storing them with his mother on infrequent trips home on leave. The diary went missing, and it was not until he was reunited with his daughter in America some forty years later that it came to light and became Blood Red Snow. The author's excitement at the first encounter with the enemy in the Russian Steppe is obvious. Later, the horror and confusion of fighting in the streets of Stalingrad are brought to life by his descriptions of the others in his unit their differing manners and techniques for dealing with the squalor and death. He is also posted to Romania and Italy, assignments he remembers

fondly compared to his time on the Eastern Front. This book stands as a memorial to the huge numbers on both sides who did not survive and is, some six decades later, the fulfilment of a responsibility the author feels to honour the memory of those who perished.

The Forgotten Soldier: He wasn't a soldier, he was just a boy Harper Collins

Eight ash trees were planted in 1921 as a memorial to those men from the village of Charlton Ambrose who were killed in World War One. Now the Ashgrove is under threat from developers, and the village is torn between the need for more housing and the wish to preserve the memorial. This book helps discover the real men behind the names.

Love of an Unknown Soldier

Professional Journal of the United States Army

A Story of Grief and the Great War

Volume one

The Memoirs of a German Soldier on the Eastern Front

The Lost Soldier offers a perspective on World War II we don't always get from histories and memoirs. Based on the letters home of Pete Lynn, the diary of his wife, Ruth, and meticulous research in primary and secondary sources, this book recounts the war of a married couple who represent so many married couples, so many soldiers, in World War II. The book tells the story of this couple, starting with their life in North Carolina and recounting how the war increasingly insinuated itself into the fabric of their lives, until Pete Lynn was drafted, after which the war became the essential fact of their life. Author Chris J. Hartley intricately weaves together all threads—soldier and wife, home front and army life, combat, love and loss, individual and army division—into an intimate, engaging narrative that is at once gripping military history and engaging social history.

The Vietnam War put a once-proud nation in turmoil. During the height of the conflict, the antiwar movement caused civil unrest in America. Young men evaded the draft by fleeing to Canada, claiming conscientious objector status, homosexuality, or marriage with child. But author Rick R. Garcia, the only son born to Hispanic parents, got caught up in the 1969 lottery draft. Pop Smoke, Birds Inbound chronicles Garcias story as he was shipped far away to the land of Hush-a-bye to fight in the most controversial war in which the United States ever participated. He was inducted into the US Army on August 20, 1970, and after the completion of eight weeks of intense advance infantry training, he was issued orders to report to Oakland Army Base, gateway to Southeast Asia. Eventually, Garcia was assigned to Blackfoot Platoon, Company Bravo, Second Battalion, Eighth Regiment, First Cavalry Division. Pop Smoke, Birds Inbound narrates a factual account of one soldier's triumphs and failures between firefightsa story of survival, from living to loving. It presents a unique glimpse

into the life of a grunt, from combat to drugs to sexual exploits, along with incisive portraits of those individuals who fought in a war the United States would never win.

If they can find a way to work together, Sean & Julian might be able to save a friend and each other in the process. After devoting eighteen years of his life to the US Navy, Petty Officer First Class Shane Parker is struggling with the very real possibility of becoming unnecessary. If he doesn't make Chief Petty Officer before his twenty—and it doesn't seem likely that he will—he'll be retired from active service and placed on the Fleet Reserve list until his mooring lines are officially cut forever. While it would all be very honorable and ceremonial, he simply wasn't civilian material. Before even swearing-in, Julian Brand knew he wasn't cut out to be a soldier, but refusing wasn't an option. Generations of Brand man made careers in the military and the expectation of every Brand son was to follow in those prestigious footsteps. Though the prospect of being rolled back hindered his every step, he survived Battle Stations and did his time. Six years out of uniform and Julian still struggles to find familial acceptance as he fights to live life on his terms. On the surface, they couldn't be more different, but when Jared Ramos calls, neither are capable of refusing.

Most families have an army wife somewhere in their past. Over the centuries they have followed their men to the front, helped them keep order in far-flung parts of the empire or waited anxiously at home. *Army Wives* uses first hand accounts, letters and diaries to tell their story. We meet the wives who made the arduous journey to the Crimean war and witnessed battle at close quarters. We hear the story of life in the Raj and the, often terrifying, experiences of the women who lived through its dying days. We explore the pressures of being a modern army wife - whether living in barracks or trying to maintain a normal home life outside 'the patch'. In the twentieth century two world wars produced new generations of army wives who forged friendships that lasted into peacetime. *Army Wives* reveals their experience and that of a new breed of independent women who supported their men through the Cold War to the current war on terror. Midge Gillies, author of acclaimed *The Barbed-Wire University*, looks at how industrial warfare means husbands can survive battle with life-changing injuries that are both mental and physical - and what that means for their family. She describes how army wives communicate with their husbands - via letters and coded messages, to more immediate, but less intimate, texts and Skype. She examines bereavement, from the seances, public memorials and deaths in a foreign field of the Great War to the modern media coverage of flag-draped coffins returning home by military plane. Above all, *Army Wives* examines what it really means to be part of the 'army family'.

In this heart-stopping thriller from New York Times bestselling author Brad Taylor, Pike Logan returns with his most dangerous and personal threat yet: a Taskforce Operator gone rogue. For years, the extralegal counterterrorist unit known as the Taskforce has worked in the shadows, anticipating and preventing attacks around the globe. Created to deal with a terrorist threat that shuns the civilized rule of law, it abandoned the same, operating outside of the US Constitution. Though wildly successful, it was rooted in a fear that the cure could be worse than the disease. And now that fear has come home. A Special Forces soldier is killed on an operation in Afghanistan, and complicit in the attack is a government official of an allied nation. While the US administration wants to forget the casualty, one Taskforce member will not. When he sets out to avenge his brother's death, his actions threaten to not only expose the Taskforce's activities, but also destroy a web of alliances against a greater evil. Pike Logan understands the desire, but also the danger. Brought in to eliminate the risk, he's now forced to choose between his friend and the administration he's sworn to protect, while unbeknownst to either of them, the soldier's death is only the beginning...

Harry Cardwell, 21 year-old shepherd from the border hills, is already one of the 'veterans' of the Somme battlefield. Returning from leave Harry confronts a burly Sergeant auctioning off a tin of very intimate love-letters and photographs found in a shelled dug-out. Trying to protect the privacy of those letters, Harry buys them himself. A simple act of decency that is to have a lifetime of consequence. Annie is the nurse in the photographs. A former volunteer from New England with her doctor husband on a Harvard Medical Unit, she has ended up a widow on an ambulance train serving the Western Front. We are two strangers who meet in hell, she writes to Harry when he finally tracks her down. We come from two different worlds and have no mutual friends. Why should we hide anything from one another? *Love Of An Unknown Soldier* is the first volume in the Harry and Annie Series. *A Long Road Home, When War Came*

A young man with a French father but a German mother is inducted into the Wehrmacht in the summer of 1942. He could just as easily have become a French soldier. Following his initial excitement, the book becomes a horrifying chronicle of misery, cold, fear, starvation and disillusionment. THE FORGOTTEN SOLDIER is one of those few classic accounts of an individual's experience of an international anguish, the single most harrowing and incredible account of war that you are ever likely to read.

Follows the efforts of American and British counterterrorist agents to identify and take out an Al Qaeda terrorist who has secured his release from the Guantanamo prison and who is hiding in a remote desert outpost while plotting to bomb a western city. Reprint.

The illustrated edition of the classic German WWII autobiography

This book recounts the horror of World War II on the eastern front, as seen through the eyes of a teenaged German soldier. At first an exciting adventure, young Guy Sajer's war becomes, as the German invasion falters in the icy vastness of the Ukraine, a simple, desperate struggle for survival against cold, hunger, and above all the terrifying Soviet artillery. As a member of the elite Gross Deutschland Division, he fought in all the great battles from Kursk to Kharkov. His German footsoldier's perspective makes The Forgotten Soldier a unique war memoir, the book that the Christian Science Monitor said "may well be the book about World War II which has been so long awaited." Now it has been handsomely republished as a hardcover containing fifty rare German combat photos of life and death at the eastern front. The photos of troops battling through snow, mud, burned villages, and rubble-strewn cities depict the hardships and destructiveness of war. Many are originally from the private collections of German soldiers and have never been published before. This volume is a deluxe edition of a true classic.
