

The Fourth Doctor Adventures Series 7a Doctor Who The Fourth Doctor Adventures

In the year 1464, the Kingdom is engulfed by civil war as the renowned houses of Lancaster and York fight to the death for the crown of England. Richard, Duke of Gloucester, the future Richard III, arrives, aged twelve, for the safety of Middleham Castle to begin his training for knighthood. His new companions discover he can change from kindness to cold rage within the wink of an eye. Men, it was said, watched him with wary eyes, for they knew when the young pup found his teeth, he would make a dangerous enemy. Far in the north, Margaret of Anjou, warrior Queen to Henry VI, prepares to fight against the advancing armies of Edward IV. Why does she abandon her husband, and flee to France vowing never to return? Who blackmails her, seven years later, to join forces with her most hated enemy, to return and fight once again for the crown of England? King Edward IV, tall, handsome, and clever, is a brilliant warrior, whose Achilles' heel is women; he loves them all. What dark forces drive him into a secret marriage that rips his kingdom apart? He is forced to fight Louis XI of France, and the mighty Earl of Warwick, not only for his crown but also his life. From the courts of Edward IV, Louis XI, and Margaret of Anjou, comes intrigue, betrayal, witchcraft, and love. The Dreams of Kings weaves plots and characters together to make a roller-coaster read of the period they call the WAR of the ROSES.

White consumes the New Hampshire landscape, as US troops close like a platoon of ghosts on an armed cult, following a spate of unnaturally severe blizzards. Screams are carried on the frosty winds, but as the troops break in they find the house deserted. A gunfight with no victims. The Doctor, hoping to give Leela a taste of life among the tribes of Native America, finds he has fractionally misjudged his coordinates, and they too are trapped in the frozen wastes, for he has strangely lost his homing affinity with the TARDIS. In the nearby small town of Winnepesaukee, a little girl called Amber Mailloux, distressed by the disappearance of her father, frustrated with her mother's roaming, unsettled life, feels almost at one with the heartless, lonely raging of the storm. But none of them know that the snow, the ice is not just a backdrop, but the real enemy. At the heart of the drift is a living presence, glorying in the cold, inhuman structures of the ice. And it's hungry...

The Doctor inadvertantly materializes on Ashkellia, where the tomb of the dreaded Valdemar lies. Or are the tales of the evil ruler - reputedly responsible for the chaos surrounding the Higher Dimensions - only a myth after all?

The blood of innocents has been spilt. A terrible sequence of events has been set in motion. The forces of darkness are on the move. Deep underground, an army of light prepares itself for the oncoming war. The Doctor's used to winning. The knowledge and wisdom held with the Cholq'ij as a sacred calendar is very deep, so the information I present within these pages is simply a starting point for all those who want to begin their journey within this wisdom. Although the format of this book may be seen as a daily calendar (and can be used as such), my purpose in creating it this way is to accompany you on an inner journey. It is a way which allows you to begin to relate to, and understand the 20 energies making up the Cholq'ij; to begin to understand the Mayan signs themselves - a way which helps you to understand how those 20 energies relate to and influence us, in a very personal way. In the first pages you will find some theoretical information regarding the Sacred Calendar, the 20 energies which make it up, and an explanation of the importance of knowing your Mayan Sign. In this way you can begin to become familiar with the concepts of each of the different energetic vibrations manifesting within our universe, and the beautiful dance of transformation it brings to us. Within this book is a day by day guide for the whole year of 2019 on the Gregorian Calendar, combined with the messages of the Cholq'ij. On each date you will see a different quote related to the energy of that day, and how to connect, meditate, or act in harmony with the natural, universal vibration manifesting that day. You will have a space to make small notes about the main emotions, sensations, and events that you face each day. Making notes will help allow you to gain a better idea about your physical and emotional states, the way your relationships are going, messages you are receiving in your dreams, or situations which may seem out of the ordinary. This may expand into meeting someone from your past, the birth or death of a loved one, messages coming from nature, magical manifestations, or when an opportunity suddenly arises. This book is here as an effective guide; one where you can begin to relate to the energies of the Cholq'ij. Little by little, everything will begin to become clarified, and you will come to understand which days are beneficial to you for certain activities and which days are not. From my heart to yours, I hope that the words contained here will become a constant support for the greatest adventure you may ever take; The journey of knowing yourself, and understanding the constant natural movement of energy in which we all live in, and to begin dancing within its natural rhythms.
