An Introduction to the Philosophy of

Fishing with Hand Grenades

How Not to Die Alone

The greatly anticipated
final book in the New York
Times bestselling Hunger
Games trilogy by Suzanne
Collins.

The basis of this book is
my initial introduction
into combat in Vietnam as
a 1st Lieutenant with the
Vietnamese Ranger
infantry. I was the Deputy
Senior Advisor to the
Vietnamese 52d Ranger
Battalion located at Xuan

Loc, Long Khanh Province,
III Corps, South Vietnam.
The book is 95 percent
fact and 5 percent
speculation regarding a
major action the battalion
fought in June of 1967
near the Dong Ngai River,
War Zone D. The action
begins with a Viet Cong
(VC) soldier surrendering
to U.S. elements in Long
Kanh. He related that a VC
company was building a
base camp near the Dong
Ngai along a stream named
Suoi Long. The
intelligence led the
commanding general of the
18th ARVN Division to

assign the task of finding and destroying the camp to the 52d Rangers. The Rangers deployed in less than 24 hours from initial notification to a Landing Zone approximately 2½ kilometers from the reported base camp. The Rangers were immediately engaged and ambushed by a full strength Main Force VC battalion backed by an entire VC regiment, which quickly engaged the trapped Rangers that night and early morning. No U.S. support was available other than long range artillery. In desperation,

Access Free The Grunt Lonely Hearts 3 Latrivia S Nelson

the Ranger battalion commander, the following morning at dawn, ordered a covering assault into the attacking VC by one company to be followed by a withdrawal under pressure of the remainder of the battalion aided by more than 72 tactical airstrikes within a 45 minute period. As I regrouped into our new perimeter at around 10 a.m., I counted a total of 32 Rangers left from an original assault force of 450. During the Christmas period in December 1967, a number of Ranger prisoners

held by the VC during this action were released back to our control as a good will gesture. During the debrief of the ex-POWs, they independently related that they were told by their captors that the entire action was planned at the highest level in order to trap and destroy a major South Vietnamese unit. We had no reason to doubt the authenticity of the report and this book is based on the supposition that it is true. The character of Hu, the informant, and his actions are real. The

death of Gen Do, COSVN commander, and the effect of the B-52 Arc Light strike with subsequent movement into Laos, is as the former POWs related to us. The portrayal of Do and his planning briefings are conjecture. The remainder of the description is as I saw the action, the players, and the effects. For this action, the 52d Ranger Battalion was awarded a second U.S. Presidential Unit Citation, one of the very few Vietnamese units to garner two of the highest awards the U.S.

Out of My Mind

With the appearance of Grunch of
Giants, R. Buckminster Fuller
consummates his literary canon, his
panoramic lifetime survey of all
aspects of the responsibility of human
beings for their own destiny. This book
is a modern allegory - his long-
gestated myth-of the villainy of
capitalism and the fecklessness of
classic economics. For Fuller, the
academic discipline of economics is

Access Free The Grunt Lonely Hearts 3 Latrivia S Nelson

irrelevant since it derives from an invalid assumption of scarcity. In fact, he has long argued that future historians of our era may subsume our business practices as a branch of mythology; thus it is not surprising that the word economic appears nowhere in his text. Fuller's myth is no idle fairy tale, since he faces his question - the question of a technological imperative which only he could raise with the deadly seriousness of satire. That question is: Can our system of national political sovereignties and corporate profits survive the inevitable technology revolution require to obviate wars by effecting a worldwide rise in the standard of living. One of the functions of myth is to resolve contradictions in our culture. Grunch of Giants portrays the rising of multinational corporations in the

Access Free The Grunt Lonely Hearts 3 Latrivia S Nelson

paradoxical role of function both as the epitome of capitalistic selfishness and as the inadvertent vehicle for the dissolution of national political boundaries - the last deterrent to a one-world economy. The result is more subversive of the property and profit values of the capitalist system than anything dreamed of since Karl Marx.
