Poker is a game of table position, flop texture, players in a hand, personalities, and so much more. This book teaches you how to identify and analyze those variables, become a great strategist, and have confidence in any poker situation. Decide to Play Great Poker is written by Annie Duke, the world's most renowned woman poker player, with John Vorhaus, himself a winning poker player and prolific author.

The authors offer an optimistic assessment based upon frank and stark conclusions about what colleges must do—and must not do—to remain relevant in the coming decades.

Millions of people play online multiplayer games (MMO) games like World of Warcraft every day. Many of those players belong to guilds, organized groups whose members play together in order to defeat difficult bosses, compete with rivals, or undertake special challenges. Leading a guild is not a trivial matter, but many players dive into this challenging role completely unprepared. Scott F. Andrews has been helping guild leaders and officers since 2007 through his weekly column for WoW.com, Officers' Quarters. In The Guild Leader's Handbook, Andrews offers a complete guide to conceptualizing, establishing, and maintaining a successful guild. The book will help leaders decide what sort of structure and focus their guild should have and covers fundamentals like recruiting, managing officers, creating and enforcing reasonable policies, and handling the interpersonal drama that threatens guild harmony. Andrews gives sage advice on how leaders can prepare their guilds for successful PvE (Player vs. Environment) dungeon crawls and raids and explains guidelines for fairly distributing the spoils of battle. He also covers how to assemble a competitive force in PvP (Player vs. Player) and how to lead a community of roleplaying specialists. The Guild Leader's Handbook is a comprehensive guide to guild creation and success, written by a recognized expert on the subject.

A Game Informer "Best Role-Playing Game Releases Of 2018" Selection Stand with your guild in the first Dungeons & Dragons book to explore the world of Magic: The Gathering. In Guildmasters' Guide to Ravnica, the world's most popular roleplaying game meets the world's most popular trading card game. Released to coincide with the Magic set Guilds of Ravnica, it's the perfect blend of story from the creators of Magic: The Gathering, wrapped around the rules, monsters, and magic of fifth edition Dungeons & Dragons. • Everything you need to create characters and run adventures in Ravnica—one of the richest, most beloved settings in Magic: The Gathering. • 5 new races, specific to Ravnica, plus 2 new subclasses, 78 new monsters, and 17 new magic items. • "Krenko's Way;" a ready-made adventure for level 1 characters. • Dungeons & Dragons is the world's greatest roleplaying game. Created in 1974, D&D transformed gaming culture by blending traditional fantasy with miniatures and wargaming.

Rock Paper Scissors (RPS), the ultimate decision-making tool, is played the world over. By the late twentieth century, however, the sport's illustrious governing body, the World Rock Paper Scissors Society, had fallen on hard times. It was then that brothers Douglas and Graham Walker boldly took up the challenge to restore the World RPS Society to its former glory, and now they bring you the ultimate strategy guide to this time-honored game. The Official Rock Paper Scissors Strategy Guide covers the whole RPS scene from the school yard to the pro level, including RPS culture around the world, the personality behind each throw, and secrets of the RPS masters. Learn how to intimidate your opponent and anticipate his next move. Get the answers to burning questions such as "Does Rock crush Scissors, or are Scissors dulled by Rock?" and "Who invented RPS?" Forget about flipping a coin or consulting your Magic 8 Ball - Rock Paper Scissors is the only decision-making tool anyone needs.

Whether you are already a leader or aspire to be one, we all know how challenging it is to run a guild, clan, corp, kinship, or any sort of organization. So why try to do it alone? There is little doubt that taking on a position of leadership requires hard work and dedication. You're going to be responsible for motivating your team, assigning resources, and all of the managerial intricacies that come with your position. Collected within the pages of The Guild Leader's Companion you'll find common sense-based knowledge of a leader that has been in the trenches for over ten years. That is where The Guild Leader's Companion comes in! Adam "Ferrel" Trzonkowski has shared his proven advice, strategies, and tactics from his decade-long journey as a successful guild leader. Take a moment to sit down with the 2nd Edition and you will learn everything, good and bad, about leadership. You'll discover topics that range from dealing with other players to the specifics behind resource management, all framed in Ferrel's own positivity-driven, socially-focused leadership style.

Essays on the post-modern reception and interpretation of the middle ages.

"Citizen Soldier Handbook: Saving Our Second Amendment" is a manual for you to underline, scribble in, fill with Post-It's and notes. This Action Manual is meant for Citizens - Free Men and Women - who want to keep and safeguard our Constitutional Rights. The Right to Keep and Bear Arms was designed to keep our Citizens free from the overbearing and tyrannical nature of government. As Thomas Jefferson noted, "The strongest reason for the people to retain the right to keep and bear arms is, as a last resort, to protect themselves against tyranny in government." The 2nd Amendment is not for hunting but for Freedom. This Action Manual protects our 200 year old Right to Bear Arms with modern methods, strategies and tactics. •Email campaigns•Publicity•Emergency Preparedness - lead by example•Pressuring PoliticiansAnd more! The books almost 300 pages are not talk, talk, talk, but Action, Action, Action. You undertake the action to help you, your family and your community. And our Great Country, Jefferson said, "The beauty of the Second Amendment is that it will not be needed until they try to take it." We live in uncertain economic times where police departments, city services and other infrastructure is under enormous economic pressure to cut back. The city attorney of San Bernardino (CA) suggested that its citizens armed themselves and lock their doors, given that city's precipitous rise in murder and assaults. Residents of Oakland (CA) patrol their streets, given the lack of police response in their neighborhoods. Responsible citizens with Rights matter in America. During the riots in Los Angeles, many Americans defended their homes, their lives and the rights of their families against marauding gangs because they had Rights. You can too. Thomas Jefferson was fond of quoting ancient wisdom, including this notable quote about a good armed Citizen: "Laws that forbid the carrying of arms...disarm only those who are neither inclined nor determined to commit crimes... Such laws make things worse for the assaulted and better for the assailants; they serve rather to encourage than to prevent homicidal crimes." -Cesare Beccaria)Fight for your Rights TODAY for tomorrow may be too late. And too late for your children."Citizen Soldier Handbook: Saving Our Second Amendment"

Leadership Matters

Bigger Than You

Human trafficking is one of the most pressing social justice issues of our time. Though renewed interest in this issue among Christians is a wonderful thing, misinformed and misguided efforts can do more harm than good. Written by seasoned leaders and grounded in theology and up-to-date data, this accessible and compelling handbook will educate churches and organizations for truly effective work.

This guide is the go-to resource for project management practitioners. The project management profession has significantly evolved due to emerging technology, new approaches and rapid market changes. Reflecting this evolution, The Standard for Project Management enumerates 12 principles of project management and the PMBOK® Guide – Seventh Edition is structured around eight project performance domains.This edition is designed to address practitioners' current and future needs and to help them to be more proactive, innovative and nimble in enabling desired project outcomes. This edition of the PMBOK® Guide:•Reflects the full range of development approaches (predictive, adaptive, hybrid, etc.);•Provides an entire section devoted to tailoring the development approach and processes;•Includes an expanded list of models, methods, and artifacts;•Focuses on not just delivering project outputs but also enabling outcomes; and•Integrates with PMStandards™ for information and standards application content based on project type, development approach, and industry sector.

The literature of ideas. When author Pamela Sargent used those words to describe science fiction in 1975, the genre had exploded into the literary mainstream. As a literature of ideas, science fiction has proven to be a powerful metaphor for the world around us, offering a rich tapestry of imagination through which to explore how we lead, how we think, and how we interact. To Boldly Go assembles more than thirty writers from around the world—experts in leadership and strategy, senior policy advisors and analysts, professional educators and innovators, experienced storytellers, and ground-level military leaders—to help us better understand ourselves through the lens of science fiction Each chapter of To Boldly Go draws out the lessons that we can learn from science fiction, drawing on classic examples of the genre in ways that are equally reliable and entertaining. A chapter on the burdens of leadership by Ghost Fleet author August Cole launches readers into the cosmos with Captain Avatar aboard the space battleship Yamato. In another chapter, the climactic Battle of the Mutara Nebula from The Wrath of Khan weighs the advantages of experience over intelligence in the pursuit of strategy. What does inter-species conflict in science fiction tell us about our perspectives on social Darwinism? Whether using Star Trek: Deep Space Nine to explore the nuances of maritime strategy or The Expanse to better understand the threat posed by depleted natural resources, To Boldly Go provides thoughtful essays on relevant subjects that will appeal to business leaders, military professionals, and fans of science fiction alike.

Read the Wall Street Journal Bestseller for "cultivating intense focus" for fast, powerful performance results for achieving success and true meaning in one's professional life (Adam Grant, author of Give and Take). Deep work is the ability to focus without distraction on a cognitively demanding task. It's a skill that allows you to quickly master complicated information and produce better results in less time. Deep Work will make you better at what you do and provide the sense of true fulfillment that comes from craftsmanship. In short, deep work is like a super power in our increasingly competitive twenty-first century economy. And yet, most people have lost the ability to go deep-spending their days instead in a frantic blur of e-mail and social media, not even realizing there's a better way. In Deep Work, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a series of four "rules," for transforming your mind and habits to support this skill. 1. Work Deeply 2. Embrace Boredom 3. Quit Social Media 4. Drain the Shallows A mix of cultural criticism and actionable advice, Deep Work takes the reader on a journey through memorable stories—from Carl Jung building a stone tower in the woods to focus his mind, to a social media pioneer buying a round-trip business class ticket to Tokyo to write a book free from distraction in the air—and no-nonsense advice, such as the claim that most serious professionals should quit social media and that you should practice being bored. Deep Work is an indispensable guide to anyone seeking focused success in a distracted world. An Amazon Best Book of 2016 Pick in Business & Leadership Wall Street Journal Business Bestseller A Business Book of the Week at 800-CENT-READ

The Guild Leader's Handbook Strategies and Guidance from a Battle-Scarred MMO Veteran No Starch Press

Good brand is just good business. Brand is the intentional leader's North Star. It helps us engage customers and employees, unleash our competitive advantage, and fuel enduring growth.And yet, despite this power, brand is grossly underused. Few leaders leverage brand fully, believing (wrongly) that brand is quirky and elusive. But when a tool this vital is dismissed, the business suffers mightily. The good news is that all leaders can ignite brand to create value. Lindsay Pedersen deconstructs what brand is and why it is indispensable for leaders. Then she shares her step-by-step process to tame the infinite possibilities and pinpoint a brand positioning that is true and robust-ironclad-to unlock the most value. In this book, learn how to...•Leverage brand as a strategic platform for growing with purpose-Lead more effectively with brand as your North Star-Use brand to excite customers and employees-Identify your Uncommon Denominator and Benefit Ladder-Follow the principles of storytelling to generate business growthBrand is sorely underutilized. When you ignore it or use it only superficially, you forgo your most sustainable competitive advantage. It's time to start using brand as your North Star-it's time to make your brand ironclad.
