

The Hairy Dieters Eat For Life How To Love Food Lose Weight And Keep It Off For Good Hairy Bikers

A beautiful and heart-wrenching middle grade debut, this title is a memorable story, full of love, healing, friendship, and hope. When eleven-year-old Addie goes to stay with a foster family on a remote Exmoor farm in the midst of a very cold winter, she is full of hurt, anger and a deep mistrust of everyone around her. But when she rescues a tiny wild foal from the moorland snow, Addie discovers that perhaps she's not so alone after all. And as adventure and unexpected friendship blossom, Addie is determined that both of them will know what it is to be home again soon... Author Susanne Bailey delivers a warm, evocative debut set in the natural world that's sure to inspire readers who are eager for an adventure story about the healing bond between humans and their animal friends.

From acclaimed author Dr. Jason Fung, a revolutionary guide to reversing diabetes. Dr. Jason Fung forever changed the way we think about obesity with his best-selling book, The Obesity Code. Now he has set out to do the same for type 2 diabetes. Today, most doctors, dietitians, and even diabetes specialists consider type 2 diabetes to be a chronic and progressive disease—a life sentence with no possibility of parole. But the truth, as Dr. Fung reveals in this paradigm-shifting book, is that type 2 diabetes is reversible. Writing with clear, persuasive language, he explains why conventional treatments that rely on insulin or other blood-glucose-lowering drugs can actually exacerbate the problem, leading to significant weight gain and even heart disease. The only way to treat type 2 diabetes effectively, he argues, is proper dieting and intermittent fasting—not medication. Si King and Dave Myers, AKA the Hairy Bikers have travelled an interesting road. Born in the north of England, both Si and Dave had their childhood challenges. For Si, being bullied as the fat kid in class was part of his daily school routine. For Dave, his life changed when he became a childhood carer for his mother. But through the challenges of their early years came a love of really good food. And it was food that brought Si and Dave together. Their eyes met over a curry and a pint on the set of a Catherine

Cookson drama, and they knew they would be firm and fast friends for life. From deserts to desserts, potholes to pot roasts, the nation's favourite cooking duo reveals what's made their friendship such a special and lasting one. They've eaten their way around the world a good few times, but have never lost sight of what matters: great friends, great family and great food. In this heartwarming memoir of friendship and hilarious misadventure, Si and Dave take you on the ride of their lives!

THE US EDITION OF THE INTERNATIONAL BESTSELLER A momentous medical breakthrough —a scientifically proven program for managing and reversing Type 2 Diabetes at any stage of health. The fastest growing disease in the world, Type 2 diabetes has long been regarded as an incurable, lifelong condition that

becomes progressively worse over time, resulting in pain, loss of vision, amputation, and even premature death. But there is hope. For more than four decades, Dr. Roy Taylor has been studying the causes of diabetes. In 2017, he had a breakthrough: he found scientific proof that Type 2 diabetes is not only reversible, but that anyone following a simple regimen can prevent and cure it. Dr. Taylor's research shows that Type 2 diabetes is caused by too much fat in the liver and pancreas, which interferes with both organs' normal functioning. By losing less than 1 gram of fat, the liver and organ can begin to perform as they were designed to once again—thus beginning the reversal process. The most efficient way to shed fat from the liver and pancreas is to lose weight as quickly as possible. Life Without Diabetes makes it easy for people to cut back on their daily calorie intake and avoid the two big problems of dieting—hunger and choice—and lose up to 35 pounds in just eight weeks. Thanks to Dr. Taylor, we can now fundamentally change how we treat and prevent this debilitating and all-too-common disease forever.

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

The way autoimmune disease is viewed and treated is undergoing a major change as an estimated 50 million Americans (and growing) suffer from these conditions. For many patients, the key to true wellness is in holistic treatment, although they might not know how to begin their journey to total recovery. The Autoimmune Wellness Handbook, from Mickey Trescott and Angie Alt of Autoimmune-Paleo.com, is a comprehensive guide to living healthfully with autoimmune disease. While conventional medicine is limited to medication or even surgical fixes, Trescott and Alt introduce a complementary solution that focuses on seven key steps to recovery: inform, collaborate, nourish, rest, breathe, move, and connect. Each step demystifies the process to reclaim total mind and body health. With five autoimmune conditions between them, Trescott and Alt have achieved astounding results using the premises laid out in the book. The Autoimmune Wellness Handbook goes well beyond nutrition and provides the missing link so that you can get back to living a vibrant, healthy life.

There's something about the smell of meat cooking that signals a feast - it's savoury, comforting and tempting. A steak on the grill, a roast in the oven, a casserole bubbling: they make your mouth water. favourites, the Bikers take the deprivation out of restrictive diets and are here to help you shift the pounds. This book is full of information to digest and dieting hits to enjoy. The Bikers also share their own personal stories of their battles against type 2 diabetes, and hope to inspire readers as they start their own weight loss journey. Whether you've been struggling with type 2 diabetes for years or have recently been diagnosed, there's no better time to take action and make a change. 'The Hairy Bikers continue their mission to bring sunshine and variety to the notion of 'diet'. People need to eat food. People with type 2 diabetes also need to eat food. In this book Si and Dave apply their magic to square health needs with varied, enjoyable eating. If you are looking for new and interesting ways to eat, then this book is for you.'
