

## The Happiness Project Gretchen Rubin Chapters Summary

An accessible portrait of the America's thirty-fifth president captures the contradictions and complexities of John Fitzgerald Kennedy as it presents forty contrasting views of the man, his life, his accomplishments, his contributions to history, and his legacy. 30,000 first printing.

PLEASE NOTE: This is a summary, analysis and review of the book and not the original book. Gretchen Rubin's latest book, "The Happiness Project" isn't about making huge changes to find a happier life, but rather about making small changes to better appreciate the life you already have. This SUMOREADS Summary & Analysis offers supplementary material to "The Happiness Project" to help you distill the key takeaways, review the book's content, and further understand the writing style and overall themes from an editorial perspective. Whether you'd like to deepen your understanding, refresh your memory, or simply decide whether or not this book is for you, SUMOREADS Summary & Analysis is here to help. Absorb everything you need to know in under 20 minutes! What does this SUMOREADS Summary & Analysis Include? An Executive Summary of the original book Editorial Review Brief chapter summaries Key takeaways & analysis from each section A short bio of the the author Original Book Summary Overview On a morning bus ride like any other, Gretchen Rubin had a revelation: she was in danger of wasting her life. Happily married to her soulmate and living in Manhattan with their two daughters, she didn't have any obvious problems. And yet, was she really happy? What followed was an ambitious project to change her outlook-she would laugh more often, quit nagging, clear away her home's clutter, be silly with her children, start a blog, and prioritize fun. Over the next year, she focused on a different set of resolutions each month. "The Happiness Project" documents her honest struggle to change her life in the smallest of ways: by appreciating it as it was. BEFORE YOU BUY: The purpose of this SUMOREADS Summary & Analysis is to help you decide if it's worth the time, money and effort reading the original book (if you haven't already). SUMOREADS has pulled out the essence-but only to help you ascertain the value of the book for yourself. This analysis is meant as a supplement to, and not a replacement for, "The Happiness Project."

"Wealth noun \welth\ Derived from the Middle English, welthe: meaning wellbeing and happiness: a large amount of money and possessions Wellth noun \welth\ A new and more valuable life currency: a life exemplified by abundance, happiness, purpose, health, and joy. MindBodyGreen founder Jason Wachob, in his first book, redefines successful living and offers readers instead a new life currency to build on, one that is steeped in physical and emotional health and wellbeing. In this prescriptive memoir he shows us all how to build a life, not a resume, and why it's important to make frequent deposits into our own 'wellth' accounts. Don't just take his word for it, read exclusive material from popular contributors and see what they have to say about becoming truly wealthy, including: psychologist Sue Johnson, Dr. Frank Lipman, Dr. Aviva Romm, Joe Cross, meditation expert Charlie Knoles, EWG director Heather White, and yoga phenom Kathryn Budig"--

The Happiness Project: Or, Why I Spent a Year Trying to Sing in the Morning, Clean My Closets, Fight Right, Read Aristotle, and Generally Have More Fun by Gretchen Rubin | Summary and AnalysisBook Preview: Gretchen Rubin's book begins with the "story behind the story." In "Getting Started," Gretchen shares what sparked the whole idea of a "Happiness Project" to begin with. The idea was rooted in nothing more fateful than a bus ride. It was a typical day and a typical commute when Gretchen caught sight out the bus window of a woman juggling an umbrella, a cell phone, and a child. Not a very extraordinary woman, but someone that Gretchen could see herself in. She was that woman - ordinary, harried, and while not depressed, maybe not the happiest, either.That's when it hit Gretchen - she was happy, but was she happy enough? Was this, an ordinary bus ride with ordinary feelings on an ordinary day really all there was for her in life? She knew she had life good, but could she have it even better?Gretchen decided to find out. A perfectionist and planner, Gretchen got started on her "Happiness Project" by doing some research. She read all the greats - from Plato to Schopenhauer in philosophy; Seligman to Lyubomirsky in religion; Tolstoy to McEwan to even Oprah in literature and pop-culture. She spoke with friends and family and colleagues, all of them a mix of critical and encouraging.This is a summary and analysis of the book and NOT the original book This Book Contains: \* Summary Of The Entire Book \* Chapter By Chapter Breakdown \* Analysis Of The Reading Experience Download Your Copy Today

Forty Ways to Look at Winston Churchill

A Novel

The Happiness Project: by Gretchen Rubin | Conversation Starters

Ignore It!

Jackie Under My Skin

A Five-Year Memory Book

Wellth

Feel Satisfied with Who and Where You Are In a world of comparison and discontent, it can feel impossible to be happy with life as we know it. Other people seem to have it all together, to be finding success, to be having more fun. But we weren't meant for a life characterized by dissatisfaction. In this entertaining and relatable book, Alea Her love of her ordinary "actual" life. After wiping her calendar as clean as a mother of four can, Kuykendall focuses on one aspect of her life each month, searching for ways to more fully enjoy her current season. By intentionally adding one thing each month that will make her jump for joy, she provides a practical challenge women can easily embrace. Kuykendall weaves together spiritual themes and practical application into a holy self-awareness, showing women how a few small changes in their routines can improve their enjoyment of this crazy-busy life. Endorsement "If you ever get the chance to read anything written by Alexandra Kuykendall, take it. She is a gentle, trustworthy, and wise woman." —Freeman, author of Simply Tuesday

Jackie Under My Skin is a nuanced description of how Jacqueline Kennedy Onassis transformed our definitions of personal identity and style. As Wayne Koestenbaum follows her into America's dreamwork, far from pious "family values," he dares to see her as a pleasure principle, a figure of Circean extravagance, and liberates her from the pious "This book made me happy in the first five pages." —AJ Jacobs, author of The Year of Living Biblically: One Man's Humble Quest to Follow the Bible as Literally as Possible Award-winning author Gretchen Rubin is back with a bang, with The Happiness Project. The author of the bestselling 40 Ways to Look at Winston Churchill has produced a new book, Happiness and Elizabeth Gilbert's Eat, Pray, Love." (Sonya Lyubomirsky, author of The How of Happiness: A Scientific Approach to Getting the Life You Want) In the vein of Julie and Julia, The Happiness Project describes one person's year-long attempt to discover what leads to true contentment. Drawing at once on cutting-edge science, classic literature, and her own experiences, Rubin writes a charmingly witty and insightful book written an engaging, eminently relatable chronicle of transformation.

Trivia-on-Book: The Happiness Project by Gretchen Rubin Take the challenge yourself and share it with friends and family for a time of fun! Gretchen Rubin was inspired to begin the "happiness project" one day while riding a bus. She realized that her life was quickly passing her by, so she decided to spend the next year discovering the truth behind the ideas, scientific theories, and pop-culture surrounding the topic of happiness. The Happiness Project, Tenth Anniversary Edition

Trivia-On-Books the Happiness Project by Gretchen Rubin

Kiss More, Jump More, Abandon Self-Control, and My Other Experiments in Everyday Life

In this groundbreaking analysis of personality type, bestselling author of Better Than Before and The Happiness Project Gretchen Rubin reveals the one simple question that will transform what you do at home, at work, and in life. During her multibook investigation into understanding human nature, Gretchen Rubin realized that by asking the seemingly dry question "How do I respond to expectations?" we gain explosive self-knowledge. She discovered that based on their answer, people fit into Four Tendencies: Upholders, Questioners, Obligers, and Rebels. Our Tendency shapes every aspect of our behavior, so using this framework allows us to make better decisions, meet deadlines, suffer less stress, and engage more effectively. More than 600,000 people have taken her online quiz, and managers, doctors, teachers, spouses, and parents already use the framework to help people make significant, lasting change. The Four Tendencies hold practical answers if you've ever thought: • People can rely on me, but I can't rely on myself. • How can I help someone to follow good advice? • People say I ask too many questions. • How do I work with someone who refuses to do what I ask—or who keeps telling me what to do? With sharp insight, compelling research, and hilarious examples, The Four Tendencies will help you get happier, healthier, more productive, and more creative. It's far easier to succeed when you know what works for you.

This tactile new version of our bestselling One Line a Day memory book features a rich oatmeal-colored, canvas cloth case, striking metallic page edges, and a ribbon page marker. Each page features space to jot down an idea or daily highlight on the same date over five years, allowing journalers to look back on years past as they capture the present. A handsome way to record and reflect, this five-year diary makes an excellent gift for graduates, adventurers, dreamers, and anyone embarking on a new phase of life.

Profane Waste—ISBN 0-9743648-3-5 U.S. \$25.00 / Hardcover, 8.5 x 10.5 in. / 75 pgs / 30 color. -/Item / June / Photography

This book teaches frustrated, stressed-out parents that selectively ignoring certain behaviors can actually inspire positive changes in their kids. With all the whining, complaining, begging, and negotiating, parenting can seem more like a chore than a pleasure. Dr. Catherine Pearlman, syndicated columnist and one of America's leading parenting experts, has a simple yet revolutionary solution: Ignore It! Dr. Pearlman's four-step process returns the joy to child rearing. Combining highly effective strategies with time-tested approaches, she teaches parents when to selectively look the other way to withdraw reinforcement for undesirable behaviors. Too often we find ourselves bargaining, debating, arguing and pleading with kids. Instead of improved behavior parents are ensuring that the behavior will not only continue but often get worse. When children receive no attention or reward for misbehavior, they realize their ways of acting are ineffective and cease doing it. Using proven strategies supported by research, this book shows parents how to: - Avoid engaging in a power struggle - Stop using attention as a reward for misbehavior - Use effective behavior modification techniques to diminish and often eliminate problem behaviors Overflowing with wisdom, tips, scenarios, frequently asked questions, and a lot of encouragement, Ignore It! is the parenting program that promises to return bliss to the lives of exasperated parents.

What if you could change your life without really changing your life? On the outside, Gretchen Rubin had it all -- a good marriage, healthy children and a successful career -- but she knew something was missing. Determined to end that nagging feeling, she set out on a year-long quest to learn how to better enjoy the life she already had. Each month, Gretchen pursued a different set of resolutions -- go to sleep earlier, tackle a nagging task, bring people together, take time to be silly -- along with dozens of other goals. She read everything from classical philosophy to cutting-edge scientific studies, from Winston Churchill to Oprah, developing her own definition of happiness and a plan for how to achieve it. She kept track of which resolutions worked and which didn't, sharing her stories and collecting those of others through her blog (created to fulfill one of March's resolutions). Bit by bit, she began to appreciate and amplify the happiness in her life. The Happiness Project is the engaging, relatable and inspiring result of the author's twelve-month adventure in becoming a happier person. Written with a wicked sense of humour and sharp insight, Gretchen Rubin's story will inspire readers to embrace the pleasure in their lives and remind them how to have fun.

From the author of BETTER THAN BEFORE > 'A LOT OF US WOULD LIKE A RUBIN IN OUR LIVES' The Times Magazine - 'EXTRAORDINARY' Viv Groskop, The Times Style - 'FASCINATING, PERSUASIVE' Guardian - 'A LIFE-CHANGER' The Pool Did you love The Happiness Project, Happier at Home and Better Than Before? *Marie-Josée Shaar and Kathryn Britton demonstrate that health, happiness, and productivity are mutually reinforcing. Smarts and Stamina is a highly practical workbook that will help you leverage your strengths to have lasting impact on your quality of life at work and play. The 50 sets of health-building activities are grounded on scientific research. By following the powerful, customizable step-by-step process, you can:* - *Feel in the prime of your life - Learn how to change and change how you learn - Choose good health habits, and make them stick Discover your own personal pathway to physical energy, mental focus, and emotional resilience. This book is not just an enjoyable process helping you become healthier; it is a true lifestyle game changer.*

**NEW YORK TIMES BESTSELLER** • *In this lovely, easy-to-use illustrated guide to decluttering, the beloved author of The Happiness Project shows us how to take control of our stuff—and, by extension, our lives. Gretchen Rubin knows firsthand that creating order can make our lives happier, healthier, more productive, and more creative. But for most of us, a rigid, one-size-fits-all solution doesn't work. When we tailor our approach to suit our own particular challenges and habits, we can find inner calm. With a sense of fun, and a clear idea of what's realistic for most people, Rubin suggests dozens of manageable tips and tricks for creating a more serene, orderly environment, including:* • *Never label anything "miscellaneous."* • *Ask yourself, "Do I need more than one?"* • *Don't aim for minimalism.* • *Remember: If you can't retrieve it, you won't use it.* • *Stay current with a child's interests.* • *Beware the urge to "procrastacleer."* *By getting rid of things we don't use, don't need, or don't love, we free our minds (and our shelves) for what we truly value.*

*Declutter and Organize to Make More Room for Happiness*

*An Experiment in Relishing What's Right in Front of Me*

*Outer Order, Inner Calm*

*The Happiness Project Coloring Book*

*Happy Mind, Happy Life*

**A smart and funny book by a prominent Harvard psychologist, which uses groundbreaking research and (often hilarious) anecdotes to show us why we're so lousy at predicting what will make us happy - and what we can do about it. Most of us spend our lives steering ourselves toward the best of all possible futures, only to find that tomorrow rarely turns out as we had expected. Why? As Harvard psychologist Daniel Gilbert explains, when people try to imagine what the future will hold, they make some basic and consistent mistakes. Just as memory plays tricks on us when we try to look backward in time, so does imagination play tricks when we try to look forward. Using cutting-edge research, much of it original, Gilbert shakes, cajoles, persuades, tricks and jokes us into accepting the fact that happiness is not really what or where we thought it was. Among the unexpected questions he poses: Why are conjoined twins no less happy than the general population? When you go out to eat, is it better to order your favourite dish every time, or to try something new? If Ingrid Bergman hadn't gotten on the plane at the end of Casablanca, would she and Bogey have been better off? Smart, witty, accessible and laugh-out-loud funny, Stumbling on Happiness brilliantly describes all that science has to tell us about the uniquely human ability to envision the future, and how likely we are to enjoy it when we get there.**

**Summary of The Happiness Project by Gretchen Rubin Includes Analysis Preview:** The Happiness Project by Gretchen Rubin is a memoir of the author's year-long experiment to see if she could maximize her happiness. Rubin had plenty of reasons to be satisfied with her life. She was married to the love of her life and the mother of two children. She had transitioned from law to a fulfilling writing career. Yet one afternoon while riding on a public bus, she had a sudden awareness of how quickly life passes. Afraid that she might wake up one day and feel like she wasted her life, Rubin asked herself: What do I really want? The answer was simple: to be happy. Although she had a wonderful life, she also had a strong sense that she could be happier. Rubin didn't want to do anything drastic, like leave her family or go on an overseas sabbatical. Instead, she decided to dedicate twelve months to increasing her own... PLEASE NOTE: This is key takeaways and analysis of the book and NOT the original book. **A WALL STREET JOURNAL SUMMER PICK A WASHINGTON POST BESTSELLER** Warrior and writer, genius and crank, rider in the British cavalry's last great charge and inventor of the tank, Winston Churchill led Britain to fight alone against Nazi Germany in the fateful year of 1940 and set the standard for leading a democracy at war. With penetrating insight and vivid anecdotes, Gretchen Rubin makes Churchill accessible and meaningful to twenty-first-century readers by analyzing the many contrasting views of the man: he was an alcoholic, he was not; he was an anachronism, he was a visionary; he was a racist, he was a humanitarian; he was the most quotable man in the history of the English language, he was a bore. Like no other portrait of its famous subject, *Forty Ways to Look at Winston Churchill* is a dazzling display of facts more improbable than fiction. It brings to full realization the depiction of a man too fabulous for any novelist to construct, too complex for even the longest narrative to describe, and too significant ever to be forgotten.

**Why is marriage worth £200,000 a year? Why will having children make you unhappy? Why does happiness from winning the lottery take two years to arrive? Why does time heal the pain of divorce or the death of a loved one - but not unemployment? Everybody wants to be happy. But how much happiness - precisely - will each life choice bring? Should I get married? Am I really going to feel happy about the career that I picked? How can we decide not only which choice is better for us, but how much it's better for us? The result of new, unique research, The Happiness Equation brings to a general readership for the first time the new science of happiness economics. It describes how we can measure emotional reactions to different life experiences and present them in ways we can relate to. How, for instance, monetary values can be put on things that can't be bought or sold in the market - such as marriage, friendship, even death - so that we can objectively rank them in order of preference. It also explains why some things matter more to our happiness than others (like why seeing friends is worth more than a Ferrari) while others are worth almost nothing (like sunny weather). Nick Powdthavee - whose work on happiness has been discussed on both the Undercover Economist and Freakanomics blogs - brings cutting-edge research on how we value our happiness to a general audience, with a style that wears its learning lightly and is a joy to read.**

*In the spirit of her blockbuster #1 New York Times bestseller The Happiness Project, Gretchen Rubin embarks on a new project to make home a happier place. One Sunday afternoon, as she unloaded the dishwasher, Gretchen Rubin felt hit by a wave of homesickness. Homesick—why? She was standing right in her own kitchen. She felt homesick, she realized, with love for home itself. “Of all the elements of a happy life,” she thought, “my home is the most important.” In a flash, she decided to undertake a new happiness project, and this time, to focus on home. And what did she want from her home? A place that calmed her, and energized her. A place that, by making her feel safe, would free her to take risks. Also, while Rubin wanted to be happier at home, she wanted to appreciate how much happiness was there already. So, starting in September (the new January), Rubin dedicated a school year—September through May—to making her home a place of greater simplicity, comfort, and love. In The Happiness Project, she worked out general theories of happiness. Here she goes deeper on factors that matter for home, such as possessions, marriage, time, and parenthood. How can she control the cubicle in her pocket? How might she spotlight her family’s treasured possessions? And it really was time to replace that dud toaster. Each month, Rubin tackles a different theme as she experiments with concrete, manageable resolutions—and this time, she coaxes her family to try some resolutions, as well. With her signature blend of memoir, science, philosophy, and experimentation, Rubin’s passion for her subject jumps off the page, and reading just a few chapters of this book will inspire readers to find more happiness in their own lives.*

*A “profound, sometimes hilarious, often heartbreaking” (The New York Times) view of prison life, as told by currently and formerly incarcerated people, from the co-creators and co-hosts of the Peabody- and Pulitzer-nominated podcast Ear Hustle “A must-read for fans of the legendary podcast and all those who seek to understand crime, punishment, and mass incarceration in America.”—Piper Kerman, author of Orange Is the New Black When Nigel Poor and EarLonne Woods met, Nigel was a photography professor volunteering with the Prison University Project and EarLonne was serving thirty-one years to life at California’s San Quentin State Prison. Initially drawn to each other by their shared interest in storytelling, neither had podcast production experience when they decided to enter Radiotopia’s contest for new shows . . . and won. Using the prize for seed money, Nigel and EarLonne launched Ear Hustle, named after the prison term for “eavesdropping.” It was the first podcast created and produced entirely within prison and would go on to be heard millions of times worldwide, garner Peabody and Pulitzer award nominations, and help earn EarLonne his freedom when his sentence was commuted in 2018. In This Is Ear Hustle, Nigel and EarLonne share their own stories of how they came to San Quentin, how they created their phenomenally popular podcast amid extreme limitations, and what has kept them collaborating season after season. They present new stories, all with the same insight, balance, and rapport that distinguish the podcast. In an era when more than two million people are incarcerated across the United States—a number that grows by 600,000 annually—Nigel and EarLonne explore the full and often surprising realities of prison life. With characteristic candor and humor, their moving portrayals include unexpected moments of self-discovery, inspirational resilience, and ingenious work-arounds. One personal narrative at a time, framed by Nigel’s and EarLonne’s distinct perspectives, This Is Ear Hustle reveals the complexity of life for incarcerated and formerly incarcerated people while illuminating the shared experiences of humanity that unite us all.*

*Tolstoy wrote, "Happy families are all alike; every unhappy family is unhappy in its own way." This is the statement that inspired bestselling author Gretchen Rubin to wonder whether she could foster an even greater happiness in her home. During The Happiness Project, the same questions kept tugging at her. How can I raise happy children? How can I maintain a tender, romantic relationship with my spouse—after fifteen years of marriage? How do I keep my Blackberry from taking over my private life? How can I foster a well-ordered, light-hearted atmosphere in my house, when no one else will lift a finger to cooperate? This book is Gretchen's account of her second journey in pursuit of happiness. Prescriptive, easy-to-follow, and anecdotal, Happier at Home offers readers a way of thinking and being that is positive and life-affirming. With specific examples following the calendar year, an intimate voice, and drawing from science and pop culture, this book will resonate with anyone looking to strengthen the bonds of family.*

*An encouraging guide to helping parents find more happiness in their day-to-day family life, from the former lead editor of the New York Times' Motherlode blog and author of the Reese Witherspoon Book Club pick, The Chicken Sisters In all the writing and reporting KJ Dell'Antonia has done on families over the years, one topic keeps coming up again and again: parents crave a greater sense of happiness in their daily lives. In this optimistic, solution-packed book, KJ asks: How can we change our family life so that it is full of the joy we'd always hoped for? Drawing from the latest research and interviews with families, KJ discovers that it's possible to do more by doing less, and make our family life a refuge and pleasure, rather than another stress point in a hectic day. She focuses on nine common problem spots that cause parents the most grief, explores why they are hard, and offers small, doable, sometimes surprising steps you can take to make them better. Whether it's getting everyone out the door on time in the morning or making sure chores and homework get done without another battle, How to Be a Happier Parent shows that having a family isn't just about raising great kids and churning them out at destination: success. It's about experiencing joy—real joy, the kind you look back on, look forward to, and live for—along the way.*

*A compendium of delightful essays, poems, photos, quotations, and illustrations for book lovers. For anyone who'd rather be reading than doing just about anything else, this ebook is the ultimate must-have. In this visual ode to all things bookish, readers will get lost in page after page of beautiful contemporary art, photography, and illustrations depicting the pleasures of books. Artwork from the likes of Jane Mount, Lisa Congdon, Julia Rothman, and Sophie Blackall is interwoven with text from essayist Maura Kelly, bestselling author Gretchen Rubin, and award-winning author and independent bookstore owner Ann Patchett. Rounded out with poems, quotations, and aphorisms celebrating the joys of reading, this lovingly curated compendium is a love letter to all things literary, and the perfect thing for bookworms everywhere.*

**What if you could change your life—without changing your life? Gretchen had a good marriage, two healthy daughters, and work she loved—but one day, stuck on a city bus, she realized that time was flashing by, and she wasn't thinking enough about the things that really mattered. “I should have a happiness project,” she decided. She spent the next year test-driving the wisdom of the ages, current scientific studies, and lessons from popular culture about how to be happier. Each month, she pursued a different set of resolutions: go to sleep earlier, quit nagging, forget about results, or take time to be silly. Bit by bit, she began to appreciate and amplify the happiness that already existed in her life. Written with humour and insight, Gretchen's story will inspire you to start your own happiness project. Now in a beautiful, expanded edition, Gretchen offers a wealth of new material including happiness paradoxes and practical tips on many daily matters: being a more light-hearted parent, sticking to a fitness routine, getting your sweetheart to do chores without nagging, coping when you forget someone's name and more.**

**THE #1 AMAZON BESTSELLER** Happiness is good for your health. Learn how to nurture yours. During his 20 years as a GP, Dr Rangan Chatterjee has seen first-hand how motivation isn't always enough for us to maintain a healthy lifestyle. **NEW YORK TIMES BESTSELLER** • *The author of The Happiness Project and “a force for real change” (Brené Brown) examines how changing our habits can change our lives. “If anyone can help us stop procrastinating, start exercising, or get organized, it’s Gretchen Rubin. The happiness guru takes a sledgehammer to old-fashioned notions about change.”—Parade Most of us have a habit we’d like to change, and there’s no shortage of expert advice. But as we all know from tough experience, no magic, one-size-fits-all solution exists. It takes work to*

*make a habit, but once that habit is set, we can harness the energy of habits to build happier, stronger, more productive lives. In Better Than Before, acclaimed writer Gretchen Rubin identifies every approach that actually works. She presents a practical, concrete framework to allow readers to understand their habits—and to change them for good. Infused with Rubin’s compelling voice, rigorous research, and easy humor, and packed with vivid stories of lives transformed, Better Than Before explains the (sometimes counterintuitive) core principles of habit formation and answers the most perplexing questions about habits: • Why do we find it tough to create a habit for something we love to do? • How can we keep our healthy habits when we’re surrounded by temptations? • How can we help someone else change a habit? Rubin reveals the true secret to habit change: first, we must know ourselves. When we shape our habits to suit ourselves, we can find success—even if we’ve failed before. Whether you want to eat more healthfully, stop checking devices, or finish a project, the invaluable ideas in Better Than Before will start you working on your own habits—even before you’ve finished the book.*

Follow the inspirational journey of a former stockbroker who leaves his unfulfilling desk job in search of a meaningful life. He sets out from Los Angeles on a vintage motorbike, determined to circumnavigate the globe surviving only on the kindness of strangers. Incredibly, he makes his way across the U.S., through Europe, India, Cambodia, and Vietnam, and finally to Canada and back to the Hollywood sign, by asking strangers for shelter, food, and gas. Again and again, he’s won over by the generosity of humanity, from the homeless man who shares his blanket to the poor farmer who helps him with his broken down bike, and the HIV-positive mother who takes him in and feeds him. At each stop, he finds a way to give back to these unsuspecting Good Samaritans in life-changing ways, by rebuilding their homes, paying for their schooling, and leaving behind gifts big and small. The Kindness Diaries will introduce you to a world of adventure, renew your faith in the bonds that connect people, and inspire you to accept and generate kindness in your own life.

#1 New York Times Bestseller Gretchen Rubin’s year-long experiment to discover how to create true happiness. Drawing on cutting-edge science, classical philosophy, and real-world examples, Rubin delivers an engaging, eminently relatable chronicle of transformation. This special 10th Anniversary edition features a Conversation with Gretchen Rubin, Happiness Project Stories, a guide to creating your own happiness project, a list of dozens of free resources, and more. “An enlightening, laugh-aloud read. . . . Filled with open, honest glimpses into [Rubin’s] real life, woven together with constant doses of humor.”—Christian Science Monitor Gretchen Rubin had an epiphany one rainy afternoon in the unlikeliest of places: a city bus. “The days are long, but the years are short,” she realized. “Time is passing, and I’m not focusing enough on the things that really matter.” In that moment, she decided to dedicate a year to her happiness project. In this lively and compelling account—now updated with new material by the author—Rubin chronicles her adventures during the twelve months she spent test-driving the wisdom of the ages, current scientific research, and lessons from popular culture about how to be happier. Among other things, she found that novelty and challenge are powerful sources of happiness; that money can help buy happiness, when spent wisely; that outer order contributes to inner calm; and that the very smallest of changes can make the biggest difference. This updated edition includes: · An extensive new interview with the author · Stories of other people’s life-changing happiness projects · A resource guide to the dozens of free resources created for readers · The Happiness Project Manifesto · An excerpt from Gretchen Rubin’s bestselling book The Four Tendencies: The Indispensable Personality Profiles that Reveal How to Make Your Life Better (and Other People’s Lives Better, Too)

“A thoroughly modern love story with an old-fashioned heart.” —Vogue “Sure to satisfy fans of Taylor Jenkins Reid and Sally Rooney.” —E! Online “Funny and modern, The Arc is like a rom-com’s cooler big sister.” —Real Simple Can you curate your soulmate? Thirty-five-year-old Ursula Byrne, VP of Strategic Audacity at a branding agency in Manhattan, is successful, witty, whip-smart, and single. She’s tried all the dating apps, and let’s just say: she’s underwhelmed by her options. You’d think that by now someone would have come up with something more bespoke; a way for users to be more tailored about who and what they want in a life partner—how hard could that be? Enter The Arc: a highly secretive, super-sophisticated matchmaking service that uses a complex series of emotional, psychological and physiological assessments to architect partnerships that will go the distance. The price tag is high, the promise ambitious—a level of lifelong compatibility that would otherwise be unattainable. In other words, The Arc will find your ideal mate. Ursula is paired with forty-two-year-old lawyer Rafael Banks. From moment one, this feels like the electric, lasting love they’ve each been seeking their whole adult lives. But as their relationship unfolds in unanticipated ways, the two begin to realize that true love is never a sure thing. And the arc of a relationship is never predictable...even when it’s fully optimized.
