

The Iron Man By Ted Hughes Ibrarian

The project that captured a nation's imagination. The instructions were simple, but the results were extraordinary. "You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession, or childhood humiliation. Reveal anything -- as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative." It all began with an idea Frank Warren had for a community art project. He began handing out postcards to strangers and leaving them in public places -- asking people to write down a secret they had never told anyone and mail it to him, anonymously. The response was overwhelming. The secrets were both provocative and profound, and the cards themselves were works of art -- carefully and creatively constructed by hand. Addictively compelling, the cards reveal our deepest fears, desires, regrets, and obsessions. Frank calls them "graphic haiku," beautiful, elegant, and small in structure but powerfully emotional. As Frank began posting the cards on his website, PostSecret took on a life of its own, becoming much more than a simple art project. It has grown into a global phenomenon, exposing our individual aspirations, fantasies, and frailties -- our common humanity. Every day dozens of postcards still make their way to Frank, with postmarks from around the world, touching on every aspect of human experience. This extraordinary collection brings together the most powerful, personal, and beautifully intimate secrets Frank Warren has received -- and brilliantly illuminates that human emotions can be unique and universal at the same time.

WRD Magazine 'Whether you're already a fan of this classic children's story or a new reader, this wonderful new version is a real treat.' BookTrust 'Gripping . . . a classic.' Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, Atlas Shrugged is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's The Great American Read. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

A collection of poetry addressed to Hughes's late wife, poet Sylvia Plath, reexamines the psychological breakdown that led to both some of her greatest poems and to her untimely death. Reprint.

Beautifully retold by the award-winning author Beverley Naidoo, this earliest-known version of Cinderella is brought to life for the modern-day reader. Rhodopis is a Greek girl who is sold into slavery by bandits and taken to Egypt. Along the way she becomes friends with the storyteller Aesop and a host of playful animals. Her master gives her a pair of beautiful rose-red slippers, making three other servants jealous. But when Horus, the falcon, sweeps in to steal her slipper, Rhodopis has little idea that this act will lead her to the King of Egypt. The first in our 'One Story, Many Voices' series, this ancient story of Cinderella finds its echo in fairy tales all over the world.

The perfect reality is just a thought away, but it comes at a chilling price. In a near future world, a social network by the name of MINDS gifts its users with the unique ability to communicate directly by thoughts and recreate reality by their deepest fantasies and desires. In the MINDS network, desires are actualized in a split of a second and unwanted elements erased from reality. The advanced algorithms of MINDS enable the user to virtually visit any place in the world or in history within seconds, in an utterly realistic three-dimensional reality. Humans can use their mind to determine everything they please - from the weather to the way their friends look like and behave. But the ultimate comfort comes at a price, and the unexpected results reveal the grand plan behind MINDS. What stands behind this magnificent social network, and what are the consequences when the virtual merges with the actual? Netopia follows the heroes of the network in the days before its establishment, through its launch, relationships and love, and the unexpected change it wreaks on the enthusiastic users who had no idea what awaited them the moment they gave up control over their minds. Is the MINDS network a dream come true or a nightmare come to life? Netopia is beyond science fiction: it is a groundbreaking novel that explores the implications of communication technology on human nature and society, the preference of warmth for realistic animal doll pets but coldness towards humans. The novel speaks to the connected and to the disconnected, to the great minds and the Neverminds. Netopia is a gleaming hope and a dark warning. So, where is your mind? A married woman falls blindly in love with a handsome military officer. Happy families are all alike; every unhappy family is unhappy in its own way.

States Leo Tolstoy in his great modern novel of an adulterous affair set against the backdrop of Moscow and St. Petersburg high society in the later half of the nineteenth century. A sophisticated woman who is respectably married to a government bureaucrat, Anna begins a passionate, all-consuming involvement with a rich army officer. Refusing to conduct a discreet affair, she scandalizes society by abandoning both her husband and her young son for Count Vronsky--with tragic consequences. Running parallel is the story of the courtship and marriage of Konstantin Levin (the melancholy nobleman who is Tolstoy's stand-in) and Princess Kitty Shcherbatsky.

Ecocritical Perspective on Ted Hughes' The Iron Man and The Iron Woman

Bo Brewster has been at war with his father for as long as he can remember. Following angry outbursts at his football coach and English teacher that have cost him his spot on the football team and moved him dangerously close to expulsion from school, he turns to the only adult he believes will listen: Larry King. In his letters to Larry, Bo describes his quest for excellence on his own terms. No more coaches for me, he tells the talk show icon, no more dads. I'm going to be a triathlete, an Ironman. Relegated to Mr. Nak's before-school Anger Management group (which he initially believes to be populated with future serial killers and freeway snipers), Bo meets a hard-edged, down-on-their-luck pack of survivors with stainless steel shields against the world that Bo comes to see are not so different from his own. It is here he meets and falls in love with Shelly, a future American Gladiator, whose passion for physical challenge more than matches his. Ironman is a funny, sometimes heartbreaking story about growing up in the heart of struggle. It is about standing up, getting knocked down, and standing up again. It is about being heard--and learning to listen.

East Bay Grease, Eric Miles Williamson's now classic first novel, has received worldwide acclaim as one of the great depictions of working-class America in the latter half of the 20th century. The story of T-Bird Murphy, born in the tumultuous 1960s and raised in the ghettos of Oakland by his mother, who rides with the Hell's Angels, his father, who is an ex-convict, and the father figures who range from musicians to construction workers, East Bay Grease is a novel of dignity, honor, and courage that has been compared to the works of John Steinbeck, Jack London, and Upton Sinclair. Praise for EAST BAY GREASE: "Williamson's writing becomes transcendent. His prose cuts loose in torrid rhythms that evoke the peril and exuberance of jazz." —The New York Times Book Review "A confident debut, an arresting, often harrowing read." —The London Times

Spanning a period of thirty years, a wide-ranging collection of writing about poetry and literature by the Poet Laureate of England includes reflections on the creative process and such figures as Shakespeare, Emily Dickinson, and Sylvia Plath.

The Iron Man

An ancestry test suggesting she shared some DNA with the Sámi people, the indigenous inhabitants of the Arctic tundra, tapped into Laura Galloway's wanderlust; an affair with a Sámi reindeer herder ultimately led her to leave New York for the tiny town of Kautokeino, Norway. When her new boyfriend left her unexpectedly after six months, it would have been easy, and perhaps prudent, to return home. But she stayed for six years. *Dá lvi* is the story of Laura's time in a reindeer-herding village in the Arctic, forging a solitary existence as she struggled to learn the language and make her way in a remote community for which there were no guidebooks or manuals for how to fit in. Her time in the North opened her to a new world. And it brought something else as well: reconciliation and peace with the traumatic events that had previously defined her - the sudden death of her mother when she was three, a difficult childhood and her lifelong search for connection and a sense of home. Both a heart-rending memoir and a love letter to the singular landscape of the region, *Dá lvi* explores with great warmth and humility what it means to truly belong.

A series of poems depicting the isolated creatures--the wolf, the lion, the grizzly, the moose--who live on the treacherous landscape under the North Star is illustrated with fourteen full-color drawings
