

The Itchy Little Musk Ox

Groucho's name is obvious to Kristie when she names her new kitten. He's as white as a cloud everywhere except for those two black smudges above his eyes. What other name could she have given him? Kristie and Groucho become fast friends and playmates, reading together, snuggling under the quilt, and playing hide-and-seek, tracking games in the snow of a far north winter. When Groucho wanders away one wintery day, Kristie must rely on her Alaskan outdoor skills and woodsy savvy to follow various animal tracks. Young

readers join her in a search for those precious black eyebrows in a scary, snowy world full of moose, fox, and other creatures of the wild.

One of the outstanding problems of the biologist, whether he be beginning student or specialists, is that of understanding technical terms. The best way to understand and remember technical terms is to understand first their component parts, or roots. This dictionary has been designed primarily to meet the needs of the beginning student, the medical student, and the taxonomist, but it should be of value to all biologists.

This book, first published in 1989, examines the controversial position of commercial utilisation in relation to wildlife conservation. Production of large mammals has earned respectability as an agricultural strategy and its evaluation has been listed as a priority requirement in the World Conservation Strategy. However, many authorities question whether wildlife production is a viable economic and environmental strategy, and suggest that it runs counter to its claimed purpose. This book evaluates this controversy by chronicling the changing role of wildlife and

by reflecting on the implications of these trends. The book should be of interest to people both applauding and deploring the use of wildlife in this economic role.

This poetry collection celebrates the impossible truths of the natural world and the magic that hides in plain sight. Poet and podcaster Jarod K. Anderson (creator of The CryptoNaturalist Podcast) has built a large audience of social media followers and podcast listeners with his strange, vibrant appreciations of nature. Ranging from contemplations of mortality to appreciations of single-celled organisms, the poems in this

True Tales of Arctic Heroism in the New World

Groucho's Eyebrows

Bob was an average-looking collie puppy in every way, except for his bobbed tail . . . and maybe that's why the Brazier family named him Bob, or Bobbie. But he was average in no other way. In 1923, Bobbie joined Frank and Elizabeth Brazier for a cross-country drive from Silverton, Oregon, to Indiana, Frank's home state,

Read Online The Itchy Little Musk Ox

where they planned to visit family. During a stop in Indiana, Bobbie was chased off by loose dogs, and after a week of searching and placing newspaper ads, the broken-hearted Braziers had to give up and start the drive home. Six months to the day after he was lost in Indiana, a very thin Bobbie was spotted on a Silverton sidewalk, his coat matted, his paws raw from wear. Unbelievable as it seemed, the three-year-old dog had WALKED almost 2,800 miles to get back home. Though weak and tired, Bobbie went berserk with joy when

he was reunited with his family, and from that day, all of their lives changed. In the weeks and months that followed, his story tore across the country in newspapers and even in a hardcover collection of pet stories. He was the main attraction at an Oregon home-builders convention in Portland, where thousands lined up to pet him, and he starred in a short feature film. Also, the Braziers eventually heard from people along Bobbie's homeward-bound route, places where he'd stopped long enough to recoup,

Read Online The Itchy Little Musk Ox

and then he was gone again. These stories verified their thinking. Bobbie had done the impossible. When Bobbie died, he was buried in Portland, Oregon, by the Oregon Humane Society. Rin Tin-Tin was there to lay a wreath at his funeral, which was officiated by the mayor of Portland. This incredible story is all true, and the origins of Lassie Come Home are said to be traced to the story of Bob of Silverton, also known as Bobbie, the Wonder Dog, a Scotch collie mix.
