But the church is not a secondary platform in the mission of God; it is the primary platform God uses to grow people into the image of Jesus. Therefore, as church leaders, it is our primary responsibility to establish environments and relationships where people can be trained, grow, and be sent as disciples. The commission actually reveals a unique characteristic of Matthew's Gospel - it was designed to be a training manual for the Matthean community of disciples. Matthew's Gospel was structured along five major discourses on discipleship (Ch's 5-7; 10; 13; 18; 24-25). In addition to these formalized sermons, the gospel contains numerous situational teaching moments. Thus, future disciples are expected to assimilate the entire

who's walking with them on the journey and helping them grow as a disciple of Jesus Christ. Jesus modeled this for us through relationship with his closest disciples. He spent time with them, shared life with them, taught them to obey, shared experiences with them, gave them direction, and promised to be with them. This is what we are called to as youth workers—the model for us to follow. The Skinny on Discipleship will become a practical guide in your role as a disciple-maker. A Journey Into The Family reminds us that we need to return to a fearless and uncompromising proclamation of the fullness of the truth of the gospel as revealed in scripture. It reveals what characterized the preaching and teaching of the founding Church, and that their gospel message was grounded on the ultimate authority of God's Word and God blessed their efforts with an outpouring of his Spirit in great power and conversion. A Journey Into The Family will clarify

just what the Gospel is and what is the content of the gospel that needs to be consistently taught and believed by those who seek the truth. These are the fundamental questions, which will be addressed. A Journey Into The Family is the answer to the failing problem of unsuccessful membership in the local church, as well as an unsuccessful spiritual journey in the family of God. A Journey Into The Family is a systematic map, which will help the new convert as well as the seasoned saint, be armed with enough pertinent information so they can enter in and maintain the level of proficiency God wants us to have.

Bringing the lessons of Mister Rogers into the digital age Playful and practical, When You Wonder, You're Learning introduces a new generation of families to the lessons of Mister Rogers' Neighborhood. By exploring the science behind the iconic television program, the book reveals what Fred Rogers called the "tools for learning": skills and mindsets that scientists now consider essential. These tools—curiosity, creativity, collaboration, and more—have been shown to boost everything from

academic learning to children's well-being, and they benefit kids of every background and age. They cost next to nothing to develop, and they hinge on the very things that make life worthwhile: self-acceptance; close, loving relationships; and a deep regard for one's neighbor. When You Wonder, You're Learning shows parents and educators the many ways they might follow in Rogers' footsteps, sharing his "tools for learning" with digital-age kids. With insights from thinkers, scientists, and teachers—many of whom worked with Rogers himself—the book is an essential exploration into how kids and their parents can excel at what Rogers taught best: being human.

Christ commanded the church to make disciples, to produce people who love and obey God, bear fruit, and live with joy. The crisis at the heart of the church is that we often pay lip service to making disciples, but we seldom put much effort behind doing it. For the pastor who is ready to put words into action, The Disciple-Making Pastor offers the inspiration and practical know-how to do so. Bibliographic framing essays by Myers trace his journey into a bioregionalist Christian faith and practice and offer reflections on incarnational theology, hermeneutics, and ecclesiology. The essays feature more than a dozen activists, educators, and practitioners under the age of forty, whose work and witness attest to a growing movement of resistance and reimagination across North America. This anthology overviews the bioregional paradigm and its theological and political significance for local sustainability, restorative justice, and spiritual renewal.

Contributors reread both biblical texts and churchly practices (such as mission, baptism, and liturgy) through the lens of "re-placement." Herein is a comprehensive and engaged call for a "Transition church" that can help turn our history around toward environmental resiliency and social justice, by passionate advocates on the front lines of watershed discipleship.
