This provocative study examines Theodore Roosevelt's ideas about race, focusing especially on his attitude toward blacks, American Indians, immigration, and imperialism. Thomas G. Dyer gives careful attention to formal and nonformal aspects of Roosevelt's thought, as revealed in his voluminous published works and personal papers. Dyer's book asks a number of important questions. In what proportions do popular thought and formal racial theory appear in Roosevelt's attitudes? What was the intellectual context of his speculations on race? How was his racial thought related to broader areas of intellectual activity such as natural science and social philosophy? How did Roosevelt regard various white and nonwhite ethnic groups? How did Roosevelt's racial thought conform to the prevailing philosophies of the late nineteenth and early twentieth centuries? Historians have traditionally disagreed about the character of Theodore Roosevelt's racial ideology. Dyer's illuminating study clarifies many of the relevant issues by viewing Roosevelt's racial theory as an integrated whole.

Theodore Roosevelt and the Idea of Race

Selected Speeches and Writings of Theodore Roosevelt

Theodore Roosevelt's Darkest Journey

Theodore Rex

A portrait based on correspondence between Teddy Roosevelt and his six children offers insight into the loving atmosphere in which the young Roosevelts grew up, accompanied by several previously unpublished photographs. 20,000 first printing.

The Letters of Theodore Roosevelt constitute a major contribution to the field of American history and literature. At the same time, they present an autobiography of matchless candor and vitality. They are at once a mine of information for the historian, a case study in astute and vigorous political leadership, and a delight to the general reader. All the letters needed to reveal Roosevelt's thought and action in his public and private life are included, with appropriate editorial comment; and each is printed in its entirety. In the letters of 1901-1905, Roosevelt consolidates his position as President and party leader, settles the coal strike, deals with the politics of the Panama Canal, expands the Navy, extends the sphere of American interests abroad, achieves the Presidency in his own right, and works with the Russians and the Japanese to make the Peace in Portsmouth.

NATIONAL BESTSELLER • At once an incredible adventure narrative and a penetrating biographical portrait—the bestselling author of *Destiny of the Republic* brings us the true story of Theodore Roosevelt's harrowing exploration of one of the most dangerous rivers on earth. *The River of Doubt*—it is a black, uncharted tributary of the Amazon that snakes through one of the most treacherous jungles in the world. Indians armed with poison-tipped arrows haunt its shadows; piranhas glide through its waters; boulder-strewn rapids turn the river into a roiling cauldron. After his humiliating election defeat in 1912, Roosevelt set his sights on the most punishing physical challenge he could find, the first descent of an unmapped, rapids-choked tributary of the Amazon. Together with his son Kermit and Brazil's most famous explorer, Cândido Mariano da Silva Rondon, Roosevelt accomplished a feat so great that many at the time refused to believe it. In the process, he changed the map of the western hemisphere forever. Along the way, Roosevelt and his men faced an unbelievable series of hardships, losing their canoes and supplies to punishing whitewater rapids, and enduring starvation, Indian attack, disease, drowning, and a murder within their own ranks. Three men died, and Roosevelt was brought to the brink of suicide. *The River of Doubt* brings alive these

extraordinary events in a powerful nonfiction narrative thriller that happens to feature one of the most famous Americans who ever lived. From the soaring beauty of the Amazon rain forest to the darkest night of Theodore Roosevelt's life, here is Candice Millard's dazzling debut.

Theodore Roosevelt in the Field

Early Travels of the 26th U.S. President

The exhilarating, prescient story of the four-month campaign that changed American politics forever. Let the People Rule tells the exhilarating story of the four-month campaign that changed American politics forever. In 1912 Theodore Roosevelt came out of retirement to challenge his close friend and handpicked successor, William Howard Taft, for the Republican Party nomination. To overcome the power of the incumbent, TR seized on the idea of presidential primaries, telling bosses everywhere to "Let the People Rule." The cheers and jeers of rowdy supporters and detractors echo from Geoffrey Cowan's pages as he explores TR's fight-to-the-finish battle to win popular support. After sweeping nine out of thirteen primaries, he felt entitled to the nomination. But the party bosses proved too powerful, leading Roosevelt to walk out of the convention and create a new political party of his own. Using a trove of newly discovered documents, Cowan takes readers inside the colorful, dramatic, and often mean-spirited campaign, describing the political machinations and intrigue and painting indelible portraits of its larger-than-life characters. But Cowan also exposes the more unsavory parts of TR's campaign: seamy backroom deals, bribes made in TR's name during the Republican Convention, and then the shocking political calculation that led TR to ban any black delegates from the Deep South from his new "Bull Moose Party." In this utterly compelling work, Cowan illuminates lessons of the past that have great resonance for American politics today.

Most of the letters in this book were written by Theodore Roosevelt to his children during a period of more than twenty years. A few others are included which he wrote to friends or relatives about the children. He began to write to them in their early childhood, and continued to do so regularly till they reached maturity. Whenever he was separated from them, in the Spanish War, or on a hunting trip, or because they were at school, he sent them these messages of constant thought and love, for they were never for a moment out of his mind and heart. Long before they were able to read he sent them what they called "picture letters," with crude drawings of his own illustrations of the written text, drawings precisely adapted to the childish imagination and intelligence. That the little recipients cherished these delightful missives is shown by the tender care with which they preserved them from destruction. They are in good condition after many years of loving usage. A few of them are reproduced on these pages—written at different periods as each new child appeared in the household.

NEW YORK TIMES BESTSELLER • A shining portrait of a presciently modern political genius maneuvering in a gilded age of wealth, optimism, excess and American global ascension. • San Francisco Chronicle WINNER OF THE LOS ANGELES TIMES BOOK PRIZE FOR BIOGRAPHY • [Theodore Rex] is one of the great histories of the American presidency, worthy of being on a shelf alongside Henry Adams's volumes on Jefferson and Madison. • Times Literary Supplement Theodore Rex is the story—never fully told before—of Theodore Roosevelt's two world-changing terms as President of the United States. A hundred years before the catastrophe of September 11, 2001, "TR" succeeded to power in the aftermath of an act of terrorism. Youngest of all our chief executives, he rallied a stricken nation with his superhuman energy, charm, and political skills. He proceeded to combat the problems of race and labor relations and trust control while making the Panama Canal possible and winning the Nobel Peace Prize. But his most historic achievement remains his creation of a national conservation policy, and his monument millions of acres of protected parks and forest. Theodore Rex ends with TR leaving office, still only fifty years old, his future reputation secure as one of our greatest presidents.

The Days of Armageddon, 1909-1919

This is a new release of the original 1924 edition.

The epic story of how one man shaped events, people, and himself to forever change a country. President Theodore Roosevelt forever transformed America, ushering the country into the arena of world supremacy. His brand of leadership is entirely American: confident, compassionate, energetic, diverse, visionary. But Roosevelt was not a born leader; his ascent to the apex of power was not a foregone conclusion. He made himself a leader of consequence and it is his epic journey to the White House—a road filled with terrific failures, intimate introspection, and self-made luck—will inspire readers anew. While a graduate student at Harvard, author Jon Knokey, a Roosevelt historian and business leader, unearthed hundreds of unpublished letters and interview notes from Roosevelt contemporaries. These long-forgotten documents provide a fresh and stunning ringside seat along the 26th President's journey to 1600 Pennsylvania Avenue. The stories from Harvard chaps, idealistic political reformers, coarse cowboys from the Badlands, and rough and tumble Rough Riders from the nation's interior, all combine to illuminate the maturation process of a man learning to lead at every stage of his life. Fast paced and written as a biographical narrative, Theodore Roosevelt and the Making of American Leadership places the reader alongside a young Theodore Roosevelt as he learns what he stands for and how he will lead. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history—books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked

and to authors whose work might not otherwise find a home.

Favorably portrays the personality and political policies of the twenty-sixth president of the United States

Years of Preparation, 1868-1898

African Game Trails

The Boyhood Diary of Theodore Roosevelt, 1869-1870

The Letters of Theodore Roosevelt and Brander Matthews

The Rise of Theodore Roosevelt

Theodore Roosevelt (1858-1919) was America's most published president with an incredible output of writing including forty books, over a thousand articles, and countless speeches and letters. Collected here in one volume are examples of Roosevelt's voluminous writings over a dazzling array of topics. Organized by general categories, readers can sample writings on subjects as varied as the environment, the danger of professional sports; the famous charge of San Juan Hill, and Roosevelt's passion for literary criticism. From addresses and presidential messages on public policy and national ideals, to biography, to travel writing, to ecological concerns, to writings on hunting, to international politics and history, Roosevelt's talents and achievements as a writer went far beyond what we now expect of our public leaders. Roosevelt's legacy as one of the first progressive American politicians, his concerns about environmentalism, his internationalism, and his unflinching belief in the American character and destiny uncannily speak to the issues of our own day and can be found in the pages of this representative and judicious anthology of his work.

Collects 367 letters written between 1881 and 1919 in a volume that features his correspondences with such individuals as Rudyard Kipling, Upton Sinclair, and FDR and the texts of four key speeches including "The Strenuous Life" of 1899, "The Big Stick" of 1901, "The Man in the Arena" and "The New Nationalism" of 1910.

Lion in the White House

Touching and Emotional Correspondence of the Former President with Alice, Theodore III, Kermit, Ethel, Archibald, and Quentin From Their Early Childhood Until Their Adulthood

The River of Doubt

Theodore Roosevelt's Letters to His Children

The American Presidents Series: The 26th President, 1901-1909

Of all the many biographies of Theodore Roosevelt, none has presented the twenty-sixth president as he saw himself: as a man of letters. This fascinating account traces Roosevelt's lifelong engagement with books and discusses his writing from childhood journals to his final editorial, finished just hours before his death. His most famous book, The Rough Riders--part memoir, part war adventure--barely begins to suggest the dynamism of his literary output. Roosevelt read widely and deeply, and worked tirelessly on his writing. Along with speeches, essays, reviews, and letters, he wrote history, autobiography, and tales of exploration and discovery. In this thoroughly original biography, Roosevelt is revealed at his most vulnerable--and his most human. A biography of the first president of the twentieth century delves into the life of this great leader, from his early involvement in the politics of New York City to his presidency.

A masterful, concise biography of Theodore Roosevelt, America's first modern president New York State Assemblyman, Assistant Secretary of the Navy, Governor of New York, Vice President and, at forty-two, the youngest President ever--in his own words, Theodore Roosevelt "rose like a rocket." In Lion in the White House, historian Aida Donald masterfully chronicles Roosevelt's life and his presidency. TR's accomplishments in office were immense. Believing that the emerging aristocracy of wealth represented a genuine threat to democracy, TR broke trusts to curb the rapacity of big business. He built the Panama Canal and engaged the country in world affairs. And he won the Nobel Peace Prize--the first sitting president ever so honored. Throughout his public career, TR fought valiantly to steer the GOP back to its noblest ideals as embodied by Abraham Lincoln. Alas, his hopes for his party were quashed by the GOP's strong rightward turn in the years after he left office. But his vision for America lives on. In lapidary prose, this concise biography recounts the courageous life of one of the greatest leaders our nation has ever known.

THEODORE ROOSEVELT'S LETTERS TO

Theodore Roosevelt and His Time Shown in His Own Letters

The Years of Preparation 1898-1900

1901-1903

A Bully Father

Theodore Roosevelt (1857-1919) was the most literary of American Presidents, writing scores of books, including Through the Brazilian Wilderness and African Game Trails. He was also the most active of American writers. In little more than six decades, Roosevelt was, among many of his activities, a rancher, historian, reformer, New York City Police Commissioner, renowned hunter, New York State Governor, conservationist, Vice President of the United States, and 26th President of the United States. What is less known is that Roosevelt was also one of the great epistolary writers, penning more than 100,000 letters. This collection brings together over 1,000 of Roosevelt's most engaging and revealing letters, ones that fully illuminate the private man and the public figure.

From 1888 to 1919, Theodore Roosevelt maintained a steady stream of correspondence with the flamboyant scholar and critic Brander Matthews. Together they sought to promote a literary and cultural "progressivism" both within and outside the walls of academe. This book, bringing together 271 letters, is the first collection of their extant correspondence. As an essayist, critic, professor of dramatic literature at Columbia University, and president of several literary organizations (including the Modern Language Association), Matthews was among the most powerful "culture brokers" of his day. In lively style, he and Roosevelt

exchanged opinions on a wide range of literary, social, and political issues as well as on a host of writers and politicians, among them Mark Twain, William Dean Howells, James Weldon Johnson, Agnes Repplier, Rudyard Kipling, Henry Cabot Lodge, and Woodrow Wilson. Their chain of correspondence evokes a vivid picture of American culture at the turn of the century.

Theodore Roosevelt: a Literary Life

Finding Solace at Theodore Roosevelt Island

The Selected Letters of Theodore Roosevelt

The Letters of Theodore Roosevelt: The Big Stick, 1905-1909

Most of the letters in this volume were written by Theodore Roosevelt to his children during a period of more than a dozen years. A few others are included that he wrote to friends or relatives about the children. He began to write to them in their early childhood, and continued to do so regularly till they reached maturity. Whenever he was separated from them, in the Spanish War, or on a hunting trip, or because they were at school, he sent them these messages of constant thought and love, for they were never for a moment out of his mind and heart. - Introduction.

"I would rather have this book published than anything that has ever been written about me," Theodore Roosevelt said to his editor shortly before TR's death in January 1919. Alas , Roosevelt was never to see publication of the collection, which went on to become an instant bestseller that was reprinted six times between September and November 1919. Most of the letters in this book were written by Theodore Roosevelt to his children over a period of over a dozen years, from their early childhood through maturity. Indeed, long before they were able to read he sent them what they called "picture letters," with crude drawings of his own in illustration of the written text, drawings precisely adapted to the childish imagination and intelligence. From the youngest to the oldest, Roosevelt always wrote to them as equals. He was always their playmate and "boon companion," whether they were toddling infants or youths standing at the threshold of life. The letters are filled with fatherly advice, delicious humor, and anecdotes about the domestic life of a President and his family. Of course, animals are always at center stage, whether it's describing the funeral for a beloved pet rabbit, or a pig that TR has chosen to name Maude.

A Life of Theodore Roosevelt

Let the People Rule: Theodore Roosevelt and the Birth of the Presidential Primary

The National Book Award-winning biography that tells the story of how young Teddy Roosevelt transformed himself from a sickly boy into the vigorous man who would become a war hero and ultimately president of the United States, told by master historian David McCullough. Mornings on Horseback is the brilliant biography of the young Theodore Roosevelt. Hailed as "a masterpiece" (John A. Gable, Newsday), it is the winner of the Los Angeles Times 1981 Book Prize for Biography and the National Book Award for Biography. Written by David McCullough, the author of Truman, this is the story of a remarkable little boy, seriously handicapped by recurrent and almost fatal asthma attacks, and his struggle to manhood: an amazing metamorphosis seen in the context of the very uncommon household in which he was raised. The father is the first Theodore Roosevelt, a figure of unbounded energy, enormously attractive and selfless, a god in the eyes of his small, frail namesake. The mother, Mittie Bulloch Roosevelt, is a Southerner and a celebrated beauty, but also considerably more, which the book makes clear as never before. There are sisters Anna and Corinne, brother Elliott (who becomes the father of Eleanor Roosevelt), and the lovely, tragic Alice Lee, TR's first love. All are brought to life to make "a beautifully told story, filled with fresh detail" (The New York Times Book Review). A book to be read on many levels, it is at once an enthralling story, a brilliant social history and a work of important scholarship which does away with several old myths and breaks entirely new ground. It is a book about life intensely lived, about family love and loyalty, about grief and courage, about "blessed" mornings on horseback beneath the wide blue skies of the Badlands.

Theodore Roosevelt's Letters to His Children

Washington D.C. naturalist Melanie Choukas-Bradley dives into the natural history and beauty of Theodore Roosevelt Island, an island wilderness less than two miles from the White House and a memorial to the United States' foremost conservationist president. In 2016, as the presidential election dealt a body-blow to progressive thinkers in the US, Melanie sought the solace of Theodore Roosevelt Island. In this book she reflects on the inspiring environmental legacy of Roosevelt, and how immersing oneself in nature can help to heal, restore and encourage a person, even in the midst of the strange new reality of a divisive occupant in the White House. Melanie leads the reader along walks and kayak trips around the island, as together with other Washingtonian nature lovers, birders, conservationists, and even descendants of Roosevelt, they find solace in the island's natural wonders, and ponder their nation's future. Includes a foreword by Tom Lovejoy, Senior Fellow at the United Nations Foundation.

The Letters of Theodore Roosevelt

The days of Armageddon, 1900-1914

Theodore Roosevelt and the Making of American Leadership

Theodore Roosevelt: Letters and Speeches (LOA #154)

Theodore Roosevelt

WINNER OF THE PULITZER PRIZE AND THE NATIONAL BOOK AWARD • Selected by the Modern Library as one of the 100 best nonfiction books of all time “A towering biography . . . a brilliant chronicle.”—Time This classic biography is the story of seven men—a naturalist, a writer, a lover, a hunter, a ranchman, a soldier, and a politician—who merged at age forty-two to become the youngest President in history. The Rise of Theodore Roosevelt begins at the apex of his international prestige. That was on New Year’s Day, 1907, when TR, who had just won the Nobel Peace Prize, threw open the doors of the White House to the American people and shook 8,150 hands. One visitor remarked afterward, “You go to the White House, you shake hands with Roosevelt and hear him talk—and then you go home to wring the personality out of your clothes.” The rest of this book tells the story of TR’s irresistible rise to power. During the years 1858–1901, Theodore Roosevelt transformed himself from a frail, asthmatic boy into a full-blooded man. Fresh out of Harvard, he simultaneously published a distinguished work of naval history and became the fist-swinging leader of a Republican insurgency in the New York State Assembly. He chased thieves across the Badlands of North Dakota with a copy of Anna Karenina in one hand and a Winchester rifle in the other. Married to his childhood sweetheart in 1886, he became the country squire of Sagamore Hill on Long Island, a flamboyant civil service reformer in Washington, D.C., and a night-stalking police commissioner in New York City. As assistant secretary of the navy, he almost single-handedly brought about the Spanish-American War. After leading “Roosevelt’s Rough Riders” in the famous charge up San Juan Hill, Cuba, he returned home a military hero, and was rewarded with the governorship of New York. In what he called his “spare hours” he fathered six children and wrote fourteen books. By 1901, the man Senator Mark Hanna called “that damned cowboy” was vice president. Seven months later, an assassin’s bullet gave TR the national leadership he had always craved. His is a story so prodigal in its variety, so surprising in its turns of fate, that previous biographers have treated it as a series of haphazard episodes. This book, the only full study of TR’s pre-presidential years, shows that he was an inevitable chief executive. “It was as if he were subconsciously aware that he was a man of many selves,” the author writes, “and set about developing each one in turn, knowing that one day he would be President of all the people.”

The Republican Roosevelt
