As the greatest Ork Waaagh! ever seen threatens to engulf the galaxy, the Imperial Fists make their last stand. It is the thirty-second millennium and the Imperium is at peace. The Traitor Legions of Chaos are but a distant memory and the many alien races that have long plagued mankind are held in check by the Space Marines. When a mission to exterminate one such xenos breed on the world of Ardamantua draws in more of their forces, the Imperial Fists abandon the walls of Terra for the first time in more than a thousand years. And when another, greater, foe strikes, even the heroic sons of Rogal Dorn may be powerless against it. **The Beast Arises... and it is mighty.**

Book 2 in the Vaults of Terra mini-series. Discover what happens when Chaos comes to the Throneworld itself for the first time in ten millennia..... Inquisitor Erasmus Crowl has discovered a terrible plot, its roots firmly planted in the very highest levels of Terra.

Pursuing it is fraught with risk, but Crowl's sense of duty compels him to persevere. He and his acolyte Spinoza run down their leads in secret, knowing that their every move invites danger, but even as they begin to reveal the truth, a greater peril is unfolding in the skies – the Great Rift is becoming manifest. During the madness that threatens to tear Terra asunder, Crowl's Inquisitorial base of operations comes under attack and is badly ravaged. As his world begins to unravel and a new, bloody age dawns, can Crowl stay true to his course and expose the horror that lies at the heart of the Hollow Mountain?

Inquisitor Eisenhorn returns in a stunning new novel that pits him against his oldest foe, forcing him to finally confront the growing darkness within his own soul. Inquisitor Gregor Eisenhorn has spent his life stalking the darkest and most dangerous corners of the galaxy in pursuit of heresy and Chaos, but how long can a man walk that path without succumbing to the lure of the warp? Pursuing heretics in the remote worlds of the Imperium, Eisenhorn must confront the truth about himself. Is he still a champion of the Throne? Or has he been seduced by the very evil that he hunts? **The Magos** is the brand new, full-length fourth novel in the hugely popular Eisenhorn series. This paperback edition also includes the definitive casebook of Gregor Eisenhorn, collecting together all twelve of Dan Abnett's Inquisition short stories, several of which have never been in print before. These additional stories have been compiled by the author to act as an essential prologue to this long-awaited new novel, while also serving as an indispensable companion to the original Eisenhorn trilogy.

Explore a story told across the millennia that delves deep into a pair of fascinating necron characters, their relationship and their plans for the galaxy. Before the being called the Emperor revealed Himself, before the rise of the aeldari, before the necrontyr traded their flesh for immortal metal, the world was born in violence. Even when they inhabited bodies of flesh, Trazyn the Infinite and Orikan the Diviner were polar opposites. Trazyn, a collector of historical oddities, presides over a gallery full of the most dangerous artefacts – and people – of the galactic past. Orikan, a chronomancer without peer, draws zodiacs that predict and manipulate the future. But when an artefact emerges that may hold the key to the necrons' next evolution, these two obsessives enter a multi-millennia game of cat and mouse that ends civilisations, reshapes timelines, and changes both forever. As riddles unwind and ancient secrets are revealed, the question remains: will their feud save the necron race or destroy it?

This celebration of Chinese Science Fiction — thirteen stories, all translated for the first time into English — represents a unique exploration of the nation's speculative fiction from the late 20th Century onwards, curated and translated by critically acclaimed writer and essayist Xueting Christine Ni. From the renowned Jiang Bo's 'Starship: Library' to Regina Kanyu Wang's 'The Tide of Moon City, and Anna Wu's 'Meisje met de Parel', this is a collection for all fans of great fiction. Award winners, bestsellers, screenwriters, playwrights, philosophers, university lecturers and computer programmers, these thirteen writers represent the breadth of Chinese SF, from new to old: Gu Shi, Han Song, Hao Jingfang, Nian Yu, Wang Jinkang, Zhao Haihong, Tang Fei, Ma Boyong, Anna Wu, A Que, Bao Shu, Regina Kanyu Wang and Jiang Bo.

New edition of the first Gaunt's Ghosts omnibus, containing the opening story arc in the series, comprising the novels First and Only, Ghostmaker and Necropolis. In the Chaos-infested Sabbat System, the massed ranks of the Astra Militarum - more commonly known as the Imperial Guard - stand shoulder to shoulder as they counter an invasion by heretical forces. Amongst the defenders of the Imperium are the troops of the Tanith First-and-Only, a displaced regiment forced to flee their home planet before it succumbed to the unrelenting assault of Chaos. Nicknamed 'the Ghosts', their specialist scouting role sees them thrown into the thickest of the fighting. Led by Colonel-Commissar Ibram Gaunt, they must evade the treacherous scheming of rival regiments and the lethal firepower of the enemy if they are to have any hope of achieving victory over the forces of Chaos.

Commissar Gaunt and his men undertake a seemingly suicidal mission in the blood-soaked trenches of the 41st Millennium. On the battlefields of Aexe Cardinal, the struggling forces of the Imperial Guard are locked in a deadly stalemate with the dark armies of Chaos. Commissar Ibram Gaunt and his regiment, the Tanith First and Only, are thrown headlong into this living hell of trench warfare, where death from lethal artillery is always just a moment away. The only chance for Gaunt and his lightly armed scouts to survive is to volunteer for a mission so dangerous that no one else dares accept it.

The Inquisition moves amongst mankind like an avenging shadow, striking down the enemies of humanity with uncompromising ruthlessness. When he finally corners an old foe, Inquisitor Gregor Eisenhorn is drawn into a sinister conspiracy. As events unfold and he gathers allies - and enemies - Eisenhorn faces a vast interstellar cabal and the dark power of demons, all racing to recover an arcane text of abominable power: an ancient tome known as the Necroteuch.

**Toward the end of the year 1920 the Government of the United States had practically completed the programme, adopted during the last months of President Winthrop's administration. The country was apparently tranquil. Everybody knows how the Tariff and Labour questions were settled. The war with Germany, incident on that country's seizure of the Samoan Islands, had left no visible scars upon the republic, and the temporary occupation of Norfolk by the invading army had been forgotten in the joy over repeated naval victories, and the subsequent ridiculous plight of General Von Gartenlaube's forces in the State of New Jersey. The Cuban and Hawaiian investments had paid one hundred per cent and the territory of Samoa was well worth its cost as a coaling station. The country was in a superb state of defence. Every coast city had been well supplied with land fortifications; the army under the parental eye of the General Staff, organized according to the Prussian system, had been increased to 300,000 men, with a territorial reserve of a million; and six magnificent squadrons of cruisers and battle-ships patrolled the six stations of the navigable seas, leaving a steam reserve amply fitted to control home waters. The gentlemen from the West had at last been constrained to acknowledge that a college for the training of diplomats was as necessary as law schools are**

for the training of barristers; consequently we were no longer represented abroad by incompetent patriots. The nation was prosperous; Chicago, for a moment paralyzed after a second great fire, had risen from its ruins, white and imperial, and more beautiful than the white city which had been built for its plaything in 1893. Everywhere good architecture was replacing bad, and even in New York, a sudden craving for decency had swept away a great portion of the existing horrors. Streets had been widened, properly paved and lighted, trees had been planted, squares laid out, elevated structures demolished and underground roads built to replace them. The new government buildings and barracks were fine bits of architecture, and the long system of stone quays which completely surrounded the island had been turned into parks which proved a god-send to the population. The subsidizing of the state theatre and state opera brought its own reward. The United States National Academy of Design was much like European institutions of the same kind. Nobody envied the Secretary of Fine Arts, either his cabinet position or his portfolio. The Secretary of Forestry and Game Preservation had a much easier time, thanks to the new system of National Mounted Police. We had profited well by the latest treaties with France and England; the exclusion of foreign-born Jews as a measure of self-preservation, the settlement of the new independent negro state of Suanee, the checking of immigration, the new laws concerning naturalization, and the gradual centralization of power in the executive all contributed to national calm and prosperity. When the Government solved the Indian problem and squadrons of Indian cavalry scouts in native costume were substituted for the pitiable organizations tacked on to the tail of skeletonized regiments by a former Secretary of War, the nation drew a long sigh of relief. When, after the colossal Congress of Religions, bigotry and intolerance were laid in their graves and kindness and charity began to draw warring sects together, many thought the millennium had arrived, at least in the new world which after all is a world by itself.
