Book 1 of Fated Eternals An endless love, for an endless price. Jack's immortality is exposed when he prevents a liquor store heist, forcing him to flee to protect his secret—a secret not even he understands. But when he meets Leah Winters—a mirror image of his decades-lost love, Lydia—his very soul is laid bare. He begins to question his sanity. Is she real, and if so, what does that mean for Jack and his secret? Jack's not the only mystery man in town. A stranger named Artagan hints at knowledge Jack is desperate to possess. But can he trust Artagan, or does the dark newcomer harbor deadly secrets of his own? As Jack's bond with Leah grows, so does the danger to her life. Jack must discover just how much he is willing to risk in order to save the woman he already lost once. **Keywords: Paranormal, Romance, Immortal, Love**

Why has NASA not announced to the world the greatest scientific discovery ever made in the history of space exploration? Do you want to know what has really been discovered by the orbiters and rovers on the planet Mars? While scientists spend billions of dollars confirming that microbes live in the Martian soil, people sitting at home on their computers studying the Mars images are making far more astounding discoveries... they have found the possible archaeological remains of an extraterrestrial civilization. Hard to believe? Well, this challenging book invites you to take a look at the astounding pictures yourself and make up your own mind. Secret Mars presents over 160 incredible images taken by American and European spacecraft that reveal possible evidence of a civilization that once lived and may still live, on the planet Mars... powerful evidence that scientists are ignoring! This is the complete revised edition from the original 2013 publication in Britain. A visual and fascinating book!

Under the cover of a deceptively normal summer camp, a select group of recruits face weeks of training, mind games and betrayal in a top secret Junior Spy program.

Secrets & Deceptions tells a rich and emotional story of three generations of women and the men in their lives. Beginning in Germany just before WWII and ending in the 21st century, the novel recounts tales of success and defeat, love and rejection, life and death, and family in the lives of Hannah, Sophie, and Madeleine. Following in the style of writers such as Anais Nin and Erica Jong, the book explores sexuality and the mores of each generation. This entertaining and compelling book also recounts the horrors of Nazi Germany and its impact on survivors and their families. Secrets & Deceptions personalizes survivor guilt through the poignant story of Leo, Sophie's husband and Madeleine's father.

“All Her Little Secrets is a brilliantly nuanced but powerhouse exploration of race, the legal system, and the crushing pressure of keeping secrets. Morris brings a vibrant and welcome new voice to the thriller space.”
—Karin Slaughter, New York Times and international bestselling author In this fast-paced thriller, Wanda M. Morris crafts a twisty mystery about a black lawyer who gets caught in a dangerous conspiracy after the sudden death of her boss . . . A debut perfect for fans of Attica Locke, Alyssa Cole, Harlan Coben, and Celeste Ng, with shades of How to Get Away with Murder and John Grisham's The Firm. Everyone has something to hide... Ellice Littlejohn seemingly has it all: an Ivy League law degree, a well-paying job as a corporate attorney in midtown Atlanta, great friends, and a “for fun” relationship with a rich, charming executive, who just happens to be her white boss. But everything changes one cold January morning when Ellice arrives in the executive suite and finds him dead with a gunshot to his head. And then she walks away like nothing has happened. Why? Ellice has been keeping a cache of dark secrets, including a small-town past and a kid brother who's spent time on the other side of the law. She can't be thrust into the spotlight—again. But instead of grieving this tragedy, people are gossiping, the police are getting suspicious, and Ellice, the company's lone black attorney, is promoted to replace her boss. While the opportunity is a dream-come-true, Ellice just can't shake the feeling that something is off. When she uncovers shady dealings inside the company, Ellice is trapped in an impossible ethical and moral dilemma. Suddenly, Ellice's past and present lives collide as she launches into a pulse-pounding race to protect the brother she tried to save years ago and stop a conspiracy far more sinister than she could have ever imagined...

The Secret of the Dragon: The Revelation of the Sacred Papyruses, by Carl Cupper, is gentle enough for a child's bedtime story, yet poignant enough to captivate the adult reader's imagination, as well. This partly-fiction-partly-

real and entertaining moralistic thriller will captivate the reader's attention and draw them into the midst of the action adventure that brews in the in the mixture of history, religion, philosophy and sociology in the cauldron of life.

Sometimes, real life can be far stranger than fiction. In this entertaining volume, author William Nelson Taft combines the best elements of true crime and detective fiction, crafting a collection of tantalizing mysteries based on solved and unsolved cases and crimes. It's a must-read for fans of both genres.

SECRET MARS

1943, Germany. Martin Murray, a homosexual man in the Office of Strategic Services-an American espionage agency during World War II-desperately tries to save the world while hiding his sexuality from it. Emmerich Hubar, a former SS Officer who had been on trial for being a homosexual-the verdict not guilty by a stroke of luck-struggles with his grief as he tries to drink himself to death in Sweden. Agent Martin Murray just wants to be a patriot and do his job right. The OSS wants him to use the German named Emmerich Hubar to gain access into the Nazi military and prevent them from building nuclear weapons. A dangerous and trying task, but one worth doing if it prevents the Nazis from destroying the planet. But Emmerich Hubar isn't just some depressed drunk who wants to run away from his past. He's a passionate, brave soul with a bleeding heart and the thirst to destroy the government that nearly destroyed him. Danger lurks around every corner-even from Martin's own allies-and it doesn't help matters as he grows more and more enticed by Emmerich, an asset he needs to keep his distance from to protect their cover. Emmerich, a wild card, plays by different methods, indifferent to whether he gets captured and killed. He's not the kind of man to fall in love with, not in that country and not at that time. And yet, as Emmerich gets deeper and deeper beneath Martin's skin, Martin's sense of self-perseveration wars with a need he never realized he had: a need to be known and loved. Please Note: This book contains Adult Language & Steamy Adult Activities, it is intended for 18+ Adults Only. Novella, approx. 30,000+ words in length. HEA (happy ever after ending). Does not end with a "cliffhanger".

"The Laws and Secrets of Success" - recently published and already an Amazon bestseller - has quickly received stellar five star reviews from leading Amazon Hall of Fame Reviewers (among the top 100 reviewers on all of Amazon): "Very, very highly recommend this UNIQUE book, it is the best book regarding how to be successful that I have ever read." -Daisy S., TOP 10 AMAZON HALL OF FAME REVIEWER "The power of his intuitions is infectious." -Grady Harp, TOP 50 AMAZON HALL OF FAME REVIEWER "This is one of those books where you will want to underline something important on each page. This is one of the most important books I have read in 2013." -Rebecca of Amazon, TOP 100 AMAZON HALL OF FAME REVIEWER About this book: This book is written in the style of the great Napoleon Hill. Think about this: With all of the success books out there, why don't we have more successful people? Too many success books simply rehash conventional wisdom. The truly great success books, such as "Napoleon Hill's "Think and Grow Rich", instead enable life-changing success breakthroughs because they identify and describe in powerful detail the thinking patterns and

principles of the world's most successful individuals. The only way to do this is to study the world's most successful individuals, as Napoleon Hill has done. And as I have done as well. For over two decades I have devoted myself to studying and interviewing the most successful individuals across varying fields, so that I could see and learn for myself the principles which set them apart in terms of their success. And that is what I share with you here. Get ready to throw out many of the things that you thought you knew about success! Let's start at the beginning with a simple truth. Success is hard. Very hard. Very very very very hard. We all know that, once we have had a little bit of experience and are honest with ourselves. We all want to be more successful, but let's face it, sometimes we just don't know how. It's because, as they say, "we don't know what we don't know". So we make the same mistakes over and over again (often without fully realizing it until later). And then we blame ourselves (or others) in regard to why things didn't turn out as we had hoped, or planned. It's this simple: If you want to increase your level of success, read this book. We all go through the same struggles. This book - simply but powerfully - is your instruction manual on how to overcome them. Read this book, and in 60 days you won't even recognize the person you used to be. And neither will your family and friends. This is the type of change that allows you to get the things you really want in life. The things previously outside your reach. The things you saw others gain and achieve, but never seemed to be able to get for yourself. That can change today. . We all know that a few better ideas can accelerate one's success substantially. Successful people take their better ideas and know how to leverage them further - and execute them better - than other people do. Once you understand the processes that successful people utilize to do this, you can very quickly ramp up your own success as well. Everybody struggles. Successful people struggle just like unsuccessful people but they learn and use the success principles to overcome the difficulties in their lives to reach their goals. Success breeds confidence, making it easier over time. If you don't want to keep making the same mistakes over and over and over again, you need to understand and understand well what these success principles are. That is what this book provides to you.

Vivia is a hag, one of the last of her race, and can die, visit the underworld and return at will. She has a job she loves-helping London's most vulnerable supernaturals, even if her colleague Malcolm drives her round the bend on a daily basis. Then Malcolm is outed as a zombie and, along with his teenage son Ben, flees the police. When Malcolm is captured, he is only able to pass on one message before his dead brain degrades completely: 'He killed me.'As Ben remains missing, the police find decades-old corpses hidden near Malcolm's house, and Vivia begins to realise there's a lot more at stake than just a possible zompocalypse...

THIS BOOK CONTAINS SHOCKING PHOTOGRAPHIC EVIDENCE THAT WE HAVE ALREADY TRAVELED TO MARS AND SET UP SECRET BASES THERE! THANKS TO TECHNOLOGY DEVELOPED BY "THE WIZARD" NIKOLA TESLA, MARS IS NO LONGER THE MYSTERY PLANET! WHAT IS THE TRUTH ABOUT A SUPPOSED SECRET SPACE PROGRAM OUTSIDE THE JURISDICTION OF NASA? For centuries astronomers have peered through their telescopes for signs of life on the Red Planet. Some thought they saw canals or strange lights that roamed the surface. Jules Verne -- and other early pioneers of science fiction -- wrote what were then considered to be far-fetched stories about the exploration of the moon and the planet Mars. They based their classic literary works not just on their own fertile imaginations, but on "wild rumors" circulating that such voyages had already been made, accomplished by a group of scientists -- all members of

the same secret lodge or society that had tapped into an unknown power source, using it to facilitate the birth of flight, years before the Wright Brothers were able to leave the ground. Contacted by this secret fraternal order, Nikola Tesla is said to have furthered their cause, coming up with his own method of interplanetary travel, soon to be stolen and used by Hitler and perhaps, the New World Order! Here is proof that scientists and engineers regularly travel back and forth between colonies that have been set up on the Martian surface and deep underground. This is all part of a super-secret space program that the public has been told nothing about.

There's a kidnapper stalking the streets in the city of Redemption. But sixteen-year-old Stori is afraid of no one and could care less—that is, until her father joins the ranks of the missing. Emboldened by her unconditional love for her father, Stori will stop at nothing until she finds him. And she knows the clock is ticking, as that relentless social worker keeps threatening to place her in foster care. As she hunts down her father through a terrain of mobsters, crooked city officials and women of the night, she faces life threatening danger and heartbreaking disappointment, but still she persists. Then she meets a mysterious woman who just might have the clues that could lead her in the right direction. Aided by her new friend, Stori continues searching. Just when she thinks she might have found him Stori's drawn to the heart of a shocking secret about her city, her father and herself that will change the course of her quest and her life forever.

Dead Secrets: A Jack Mango Murder Mystery---The best way to keep a secret is to make it a dead secret. Jack Mango thought life couldn't get much better as a respected detective in the enigmatic laboratory town of Los Alamos, New Mexico. His life changes drastically when shot while protecting the governor from an assassin's bullet. He recovers, only to have his wife die of cancer soon after. Unable to cope, he moves his family to the central Pacific coast of California, an area of fond memories from his Army days, hoping to start anew. And, harboring a secret desire to reconnect with an old flame

he rejected, bound by duty and honor to return home to his fianc. Mango's first case three days into his new job as Police Chief, in the idyllic seaside town of Serrano, sets the tone. Psychiatrist Billy Morton is accused and convicted of violating his adopted daughter, Clare. Four years later, Billy is found dead on the beach shortly after being paroled from prison. Later that morning, his wife's lover, Harry Henderson, is found dead near a beached panga; the boat believed to have been transporting four thousand pounds of marijuana, off-loaded during the night. Billy's estranged wife, Stella, ostracized by the community for her implied collusion in Clare's abuse, takes to the hills. Clare is on the lam after threatening to kill Harry, after he terminates her job for clashing publicly with Billy at the local coffee bar. She meets up with the mysterious panga boat captain and the chase is on! Chief Jack Mango and his small, eclectic team of officers are thrust into a frustrating and frantic pursuit to find the suspects before they kill again. It doesn't help that his love life is a shambles, what with juggling a high profile career, a murder investigation, and haunting demons of love, death, and redemption.

Winston Churchill has a "Secret Circle" of specially trained spies who are answerable only to him. Kirsteen Craig, a young nurse who shows her bravery during a London bombing raid, is recruited by Churchill and trained to go into occupied France to try to locate a top operative who has gone missing. After blending in with the French Resistance, Kirsteen manages to make a number of important contacts but is eventually discovered by the Gestapo and imprisoned. However, she manages to escape. A Gestapo officer befriends her and seems to become attracted to her. She finds herself similarly attracted to him, and through him learns much about the occupying forces. Kirsteen helps the local Resistance in attempting to sabotage the railway lines outside Paris but she is once again captured by the Germans and is tortured. Can she again escape, finally locate the missing British spy, and get him back to England?

THE Translation of this venerable Piece of Antiquity is undertook upon a double Score; being designed as well to entertain the Curiosity of the Learned, as to supply the Defects of the Ignorant. If the original Language would have been more acceptable to the one, it would have been less intelligible to the other. I cannot, without uttering a Falsity, venture to affirm that so singular and valuable a Piece will be made Public, at least as yet: And in the mean Time I shall flatter myself, that this little Essay may contribute in some sort or other to the diversion, if not Instruction, of People in every Condition of Life. If this is well received, the other Parts will make their Appearance at proper Distances of Time. I publish no more at present, because I would not be thought to impose too much upon any one's Patience; as for losing my own Labour, I am under no bad Apprehensions about that; for the Reader cannot reject with a greater Disdain, than I have translated with Pleasure, the Contents of this Book.

Fabulous piece of writing. It is really quite astounding that Machen is largely forgotten as a writer. In *The Secret Glory*, I particularly loved Machen's satirical social comments about the class system, Christian hypocrisy and the sadistic puritanism of English Public Schools. This isn't always an easy book to read but it is very rewarding, and after reading, like the best literary works, carves out a place for itself in one's psyche. (M.J. Johnson)

A Tale of the End of Two Worlds

Laura Knight-Jadczyk's series, *The Secret History of the World*, is one of the most ambitious projects ever undertaken to provide a cogent, comprehensive account of humanity's true history and place in the cosmos. Following the great unifying vision of the Stoic Posidonius, Laura weaves together the study of history, mythology, religion, psychology and physics, revealing a view of the world that is both rational and breathtaking in its all-encompassing scope. This second volume, *Comets and the Horns of Moses*, (written in concert with several following volumes soon to be released) picks up the dangling threads of volume one with an analysis of the Biblical character of Moses -- his possible true history and nature -- and the cyclical nature of cosmic catastrophes in Earth's history. Laura skillfully tracks the science of comets, revealing evidence for the fundamentally electrical and electromagnetic nature of these celestial bodies and how they have repeatedly wreaked havoc and destruction on our planet over the course of human history. Even more startling however, is the evidence that comets and cometary fragments have played a central role in the formation of human myth and legend and the very concept of a 'god'. As she expertly navigates her way through the labyrinth of history, Laura uncovers the secret knowledge of comets that has been hidden in the great myths, ancient astronomy (and astrology) and the works of the Greek philosophers. Concluding with a look at the political and psychological implications of cyclical cometary catastrophes and what they portend for humanity today, *Comets and the Horns of Moses* is a marvel of original thought and keen detective work that will rock the foundations of your understanding of the world you live in, and no doubt ruffle the feathers of the many academics who still cling to an outdated and blinkered view of history. A small town is haunted by a crime from 15 years ago. Not one suspect was ever brought to justice. But now, 15 years later, when likely suspects seem to be disappearing from tragic events, the town's down-and-out fire chief may know

more than he's letting on. David, the alcoholic fire chief, has had too many things go wrong in his life and has nothing left to live for. Brian Grace lost his daughter 15 years ago and has looked for her ever since. His bodyguard, Jason, is a tough character that likes to control his surroundings and protect his employer. Kelly, the detective, is an attractive woman and finds herself getting more involved with the case than anyone could have predicted. And, there is Chad and his three friends; a tough and nasty group of old school mates that cause trouble wherever they turn up. What could possibly be happening in this small town, and is it even connected to a girl's disappearance 15 long years ago?

A human fossil on Mars. An astronaut who lost her memory and a powerful organization that keeps a secret in Antarctica-one that will change the world forever. In 2018, Canadian archaeologist Ron Jackson makes a mind-boggling discovery in Antarctica-right before disappearing without a trace, leaving behind only his controversial theory that humans have lived on Earth far, far longer than we think they have. Decades later, in 2042, when Jackson's wife dies under mysterious circumstances, an unlikely pair of investigators, Agatha Devenworth and Pano Hofer, begin investigating whether her death might be connected to Jackson's disappearance. What exactly was it he found before he vanished? Why is the Human Foundation, a hyper-powerful business empire built on an endless series of game-changing inventions it has been rolling out, one after another, for over twenty years, trying to hide the truth from the two investigators? And what could it possibly have to do with the first manned mission to Mars, which ended in disaster leaving countless conspiracy theories in its wake?

Tytti Vertainen has a new job as Editor at the Tapiolinna Times, but before she can unpack her pot plant, an islander comes to her in distress. A mysterious spiritual healer has arrived on the island and started to visit cancer patients. Rumour has it, she has been called there by a saint in a vision to heal the sick, but the patients have started to die and possibly not of natural causes. When the spiritual healer refuses to talk, Tytti's lie detector begins to yo-yo. Who is this stranger and what does she really want? This is no normal case and Tytti will be forced to be as cunning as her adversary in order to find out what the hell is going on. Sleepy Island Lies is a novel set on the idyllic island of Tapiolinna in the Finnish archipelago; a place where crime is not unheard of, but at least well hidden. A malign presence is threatening the sick and vulnerable. Will Tytti be the one to remedy it?

A tattered ballet slipper found under the floorboards of Braithwaite Manor may be the key to Clara's sinister family secrets in this delightful, lightly Gothic mystery for fans of Maryrose Wood and Claire Legrand. Clara Starling lives a life of dull rules, deadly routine, and flavorless meals under her cold uncle's strict regime—until the day Uncle disappears, leaving Clara alone in his old mansion. When streetwise orphan Peter and his rescue cat arrive unexpectedly, the children seize the chance to live by their own rules. But when the pair's wild romps through the halls of Braithwaite Manor reveal a single, worn ballet slipper, they are hurled into a mystery that will lead to London's glittering Royal Opera House and the unraveling of twisted Starling family secrets of poison, passion, and murder. Diabolical villains, plucky orphans, and glamorous ballet stars populate this absorbing adventure with a classic feel.

An investigation at the leading edge of the worldwide debate about the true antiquity and origins of human civilization. In particular, it examines all the recent controversies about the pyramids and sphinx at Giza, and how they relate to the planet Mars.

An asteroid transformed Mars from a lush planet with rivers and oceans into a bleak and icy hell. Is Earth condemned to the same fate, or can we protect ourselves and our planet from extinction? In his most riveting and revealing book yet, Graham Hancock examines the evidence that the barren Red Planet was once home to a lush environment of flowing rivers, lakes, and oceans. Could Mars have sustained life and civilization? Megaliths found on the parched shores of Cydonia, a former Martian ocean, mirror the geometrical conventions of the pyramids at Egypt's Giza necropolis. Especially startling is a Sphinx-like structure depicting a face with distinguishable diadem, teeth, mouth and an Egyptian-style headdress. Might there be a connection between the structures of Egypt and those of Mars? Why does NASA continue to dismiss these remarkable anomalies as "a trick of light"? Hancock points to the intriguing possibility that ancient Martian civilization is communicating with us through the remarkable structures it left behind. In exploring the possible traces left by the Martian civilization and the cosmic cataclysm that may have ended it, The Mars Mystery is both an illumination of our ancient past and a warning--that we still have time to heed--about our ultimate fate.

I know you escaped from the Holzminden prison-camp in Germany; that you were inhumanly treated there by the Boche; that you entered the United States Intelligence Service; and that, whatever may be your business here, I am to help further it at your request. He looked at the girl: "As concerning Miss Erith, I know only that she is in the same Government service as yourself and that I am to afford her any aid she requests."

An incredible discovery deep inside the Great Pyramid, a mysterious signal sent from the Bermuda Triangle, and a ruthless experiment taking place in Area 51: How are they all connected? When Malia Kwan exhibits unusual abilities, government agents show up at her home to apprehend her and her twin brother, Jaden—and all hell breaks loose. After their parents are killed, Jaden and Malia flee into the night, becoming fugitives. Before long, they discover their true identities are tied to the lost city of Atlantis—and to the origins of humanity itself. And now a threat emerges that could wipe out the entire human race—unless Jaden and Malia can stop it!
