foreign currency trading. Years ago, the author discovered that women in Japan were making a fortune trading currencies on the foreign exchange (forex) market. These ladies were not investment professionals or financial wizards; they were ordinary individuals who simply learned how the online currency exchange market works--and mastered it. Now you can do the same. In fact, you're about to see just how easy it can be to trade on the largest and most liquid financial market in the world. Kiana Danial spent years studying the habits of investors and discovered that women frequently make smarter, wiser, and less-risky investment choices

Millionaire Mind, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can

actually reset your money blueprint to create natural and automatic success. Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and

middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

Millionaire, my easy to follow system for wealth creation. The inspiration for this system came from an unlikely source. On May 6th 1954, Roger Bannister became the 1st person to run a mile in under 4 minutes. Since breaking the 4 minute mile, many people have repeated this amazing feat to the extent that it is now considered quite common place. I wanted to use the 4 minute goal as it seemed an inspirational target. Now that you know my inspiration, I will explain more about The 4 Hour Millionaire system. If you have ever invested in shares, you will know that researching which shares to buy

Machine For Life Turn What

takes up a great deal of time. What I wanted to do was reduce the research time right down to 4 minutes maximum. I wanted to pull together all the important information in a systematic approach so that it could be completed quickly, easily and efficiently. The 4 Hour Millionaire system uses both technical analysis and fundamental analysis. Do not worry about the fancy names, it just means short and long term analysis of businesses and their share prices. Using both technical and fundamental analysis means that you are able to target the best overall shares. I will show you my

Path To Cash.

system and how you can find all the information required from one single web site in seconds. You will then place this information in the unique 4 Hour Millionaire scorecard to help determine which shares are most likely to jump in price. Along with showing you how to find the shares to invest in, I will also show you 3 different types of stop-loss. This is a tool used when buying shares so that when the share price goes up you will make money but if the share price goes down then the stop-loss will automatically sell the shares to stop you losing much of your investment. The reason I called this book The 4 Hour Millionaire

Get Free The Millionaire Makers Guide To Creating A Cash

Machine For Life Turn What
You Know Into Your Fastest
Path To Cash

is because I based the research and trading of each share being completed in just 4 minutes. With just 60 trades of 4 minutes, that means a total time taken of only 4 hours. The 4 hours of action time does not include the time needed to wait while the prices of your shares increase. This process will take longer but your action time will remain at just 4 hours. If you start with an investment of \$10,000 (but remember, you can start with less or more, it is up to you) and spend 4 hours to complete 60 trades with 8% return on the investment, you will turn your \$10,000 investment into \$1,000,000. The final return could

Get Free The Millionaire Makers Guide To Creating A Cash

Machine For Life Turn What
You Know Into Your Fastest
Path To Cash

be more or less as it depends on the investment returns you achieve. I have based the figures on returns of 8% from each trade. If you want to start with a lower initial investment, I would suggest the lowest level should be \$2,000 which you could then build up to \$200,000 if you still completed 60 trades with the same investment returns. Making \$1,000,000 just got easier. Easy to understand system Unique scorecard method keeps it simple Take advantage of share price increases Protect yourself from share price falls Decide your own level of risk/reward Take control of your own money Discover how to

practice with virtual portfolios I will also show you how to practice The 4 Hour Millionaire system using virtual portfolios so that you do not risk any real money until you are confident in using the system.
