

## The Murder Of Princess Diana

**Breathlessly paced and featuring one of the most intriguing heroes in recent fiction, *The Accident Man* surprises the reader at every turn. For a certain sum of money, Samuel Carver will arrange any death. But when a job below a bridge in Paris goes wrong and he is pursued by the very forces that hired him, Carver must execute his most daring feat yet.**

**#1 NEW YORK TIMES BESTSELLER • Years after her death, Princess Diana remains a mystery. This "insanely readable and improbably profound" biography (Chicago Tribune) reveals the truth as only famed journalist Tina Brown could tell it. "The best book on Diana." —The New Yorker Was she "the people's princess," who electrified the world with her beauty and humanitarian missions? Or was she manipulative and media-savvy and nearly brought down the monarchy? Tina Brown, former Editor-in-Chief of *Tatler*, England's glossiest gossip magazine; *Vanity Fair*; and *The New Yorker* gives us the answers. Tina knew Diana personally and has far-reaching insight into the royals and the Queen herself. In *The Diana Chronicles*, you will meet a formidable female cast and understand as never before the society that shaped them: Diana's sexually charged mother, her scheming grandmother, the stepmother she hated but finally came to terms with, and bad-girl Fergie, her sister-in-law, who concealed wounds of her own. Most formidable of them all was her mother-in-law, the Queen, whose admiration Diana sought till the day she died. Add Camilla Parker-Bowles, the ultimate "other woman" into this combustible mix, and it's no wonder that Diana broke out of her royal cage into celebrity culture, where she found her own power and used it to devastating effect. "A riveting read that exposes the dark underbelly of Hollywood and the real stories behind the most talked about deaths in modern times." —Caroline Graham, author of *Camilla: The King's Mistress* These five deaths stopped the whole world in its tracks. We all famously recall where we were and what we were doing when JFK was assassinated, as well as the moments Elvis, Princess Diana, and Michael Jackson died. As for Marilyn Monroe, the candle flickered out long ago, but only now can the truth be told about how—and why—she died. After combing through thousands of recently declassified FBI files and interviewing key witnesses, crime analysts, and forensic experts during years of research, investigative writer David**

**Gardner has unearthed new information that will transform the way we look at these iconic tragedies that have long fascinated and intrigued the general public. Murder, Lies, and Cover-Ups reveals that Elvis Presley died not as a self-obsessed caricature but as a genuine hero who may have signed his death warrant going undercover for the FBI; how Marilyn Monroe's secret affairs with JFK and his brother, Robert, left her in the crosshairs of a lethal conspiracy; why Princess Diana's death was no accident; who ordered President John F. Kennedy's assassination; and how on three occasions Michael Jackson "died" of painkiller drug overdoses in the months before his death. In the wake of new evidence and testimonies, Murder, Lies, and Cover-Ups provides many of the answers that have been elusive for so long, while explaining what it was about these enduring legends that made their legacies burn so bright. "A fascinating book." —Allan Hall, author of Girl in the Cellar**

**To write this book more than 3,900 hours of investigation went into examining new evidence to answer the following five questions: Who hated the Princess? Who wanted her dead? Why did they want her dead? Who cooperated in the coverup? and who profited from the murder? To answer those questions the book also solves these riddles (and many others). -Why did the American Secret Service have 1100 pages of transcription of Diana's phone conversations? -Why did it take Diana's ambulance almost 2 hours to get her to a hospital 4 miles away? -Why did the French police gather eyewitness testimony to the crash and then discard it? -Why did they clean up the crash site so quickly after Diana was pronounced dead? -Why was Mercedes Benz blocked (by both governments) from inspecting the car for defects? -Why did the Mercedes kill its passengers at speeds lower than its crash test rating? -Why has no one investigated the concrete pillar to officially determine the angle of impact? -Who gave the order to break British law and wait from 1997 until 2007 to do an inquest? -Why were all of the traffic cameras in and around the tunnel turned off the night of the crash? If that wasn't enough to garner your interest in this book, ask yourself a simple, logical question. Have you ever been threatened for witnessing a car accident? To date, at least seven witnesses have either been assaulted or had had their lives threatened for witnessing Diana's fatal crash. Forget everything you have ever heard about Diana's death and prepare to be fascinated. This book will not disappoint you.**

**The Bible Code Princess Diana and Dodi Fayed  
Paris-London Connection

The Assassination of Princess Diana  
The Decoy  
Who Killed Princess Diana?**

Since Princess Diana's untimely death, the public has become increasingly aware that there may have been more to the car crash than the establishment would like us to believe.

"Possibly they died in the hands of British MI-5 Intelligent agents who have been spying on them", said Glyn Jones, a former British Intelligent agent who had been recruited from Special Air Service (SAS) - British elite air-force— as he was giving comments on the death of Diana and Dodi Al-Fayed, (Indonesian magazine, Gatra, October 11, 1997), quoted from the German tabloid (Dos Neue). Having been tracing the route of Paul's blood sample, which was examined by the judges in France, Al-Fayed concluded that such the blood sample was not Paul's; it had been changed in order to cover the murder. Then he uttered: "What happened to Diana and my son was nothing but a murder, and I won't just keep silent until I get the truth." (Indonesian Newspaper, Republika, September 1, 2000). According to Thomas, the target of MOSSAD actually was not Dodi and Diana. MOSSAD has never interested in these couple. What they need was "the informer", a person who gives them information on the illegal weapon traders that sell weapons to Israel's enemies. For that reason, MOSSAD dropped its field agent Maurice, who was well known as "an excellent manipulator". (Indonesian tabloid, Aura, No.31/Year IV, 1st Week, September 2000). Although Al-Fayed had to accept the verdict stated by the State Court in London, he still believes that Diana and his son died due to the conspiracy. The verdict itself was based on the conclusions of a group of jury- eleven of them-, and it was read by the judge Scott Baker. It says that the death of Diana and Dodi was merely a traffic accident caused by the drunken driver. Gisele Paul, a mother of Dodi's driver and simultaneously his body guard, Henry Paul, who was accused of being drunk when driving, agreed with Al-Fayed. She is much convinced that her son died due to the complicated high-rank conspiracy. "The truth will never be revealed", she said desperately. (Indonesian magazine Gatra, No. 23, Year XIV, April 17-23, 2008). Will this case be over just like that? Absolutely not!! This novel will deeply analyze all the questions coming up due to the above statements. An Indonesian senior literary man, Taufiq Ismail, whose great name is much known by Indonesian nation, commented as follows: "His logical plots were very smart and able to lead us to believe that

the scenario of the murder of Princess Diana wouldn't be quite different from this "semi-fiction" story composed by Indra Adil." - Pustaka Al-Kautsar Publisher -

Argues that the death of Princess Diana was not accidental, examining events and circumstances surrounding the car accident and the subsequent investigation. Reissue.

The death and funeral of Diana, Princess of Wales, was one of the biggest television spectacles the world has ever seen. In the midst of the blanket media coverage and the astonishing scenes of grieving across the U.K., the British Film Institute asked members of the viewing public how they reacted to the television coverage of these historic events. Drawing on unique and wide-ranging in-depth replies from people around the country, this book examines the role television played in providing up-to-the-minute news about this tragic event, its role in shaping public perceptions about the mass outpourings of grief, and assesses whether the television coverage of the Princess's funeral revitalized the connection between individual viewers and the core values of a wider society. Interpreting Dianagoes on to explore the reason why the Princess's death affected so many people who had never met her and suggests that television genres such as news and soap opera are integral to the way we think about the world around us. This is the first book to present original evidence of viewer's responses to one of the defining historical and media events of our times.

**Uses interviews to describe events leading up to the car crash that killed Princess Diana, her emergency medical treatment, and progress by the French police**

***"This particular phase in my life is the most dangerous. My husband is planning 'an accident' in my car, brake failure and serious head injury in order to make the path clear for him to marry." —Letter written by Princess Diana, late 1996 It is a moment that remains frozen in history. When the Mercedes carrying Diana, Princess of Wales, spun fatally out of control in the Pont de l'Alma tunnel in Paris in August 1997, the world was shocked by what appeared to be a terrible accident. But two decades later, the circumstances surrounding what really happened that night—and, crucially, why it***

***happened—remain mired in suspicion, controversy, and misinformation. Until now. Dylan Howard has re-examined all of the evidence surrounding Diana’s death—official documents, eyewitness testimony and Diana’s own private journals—as well as amassing dozens of new interviews with investigators, witnesses, and those closest to the princess to ask one very simple question: Was the death of Princess Diana a tragedy...or treason? Diana: Case Solved has uncovered in unprecedented detail just how much of a threat Diana became to the establishment. In these pages you will learn of the covert diaries and recordings she made, logging the Windsors’ most intimate secrets and hidden scandals as a desperate kind of insurance policy. You will learn how the royals were not the only powerful enemies she made, as her ground-breaking campaigns against AIDS and landmines drew admiration from the public, but also enmity from powerful establishment figures including international arms dealers, the British and American governments, and the MI6 and the CIA. And, in a dramatic return to the Parisian streets where she met her fate, the two questions that have plagued investigators for over twenty years will finally be answered: Why was Diana being driven in a car previously written off as a death trap? And who was really behind the wheel of the mysterious white Fiat at the scene of the crash?***

***The death of Princess Diana, Princess of Wales, sent shockwaves around the world. A nation was left in mourning, but soon feelings of suspicion surfaced: was her death all that the Establishment might wish us to believe? Now, after an exhaustive two-year probe, investigative writer and former journalist Noel Botham has dared to reveal what the people of Britain have always believed - that Diana's death was murder. Using his unique contacts in the secretive worlds of intelligence and royalty, the author has uncovered the facts that prove Diana was - as she herself predicted she would be - the victim of a professional hit squad. He presents a clear account of what really happened on that fateful day of 31 August 1997. Why was the killing sanctioned? How was it executed? Was there really another car in the tunnel at the time of the crash? All of these questions and more, including how the truth was covered up by an official whitewash, are answered. This astounding book is what all enquiring minds have been waiting for, blowing the lid off the secrets the Establishment does not want us to know. The Murder of Princess Diana firmly lays to rest the theory that Diana's death was a tragic accident, and finally gives the people of Britain the explanation they deserve.***

***Throughout her public life the eyes of the world were on Diana, Princess of Wales. But who else was watching her more closely? What were their motives? What was their agenda? And what was their***

**role in her death? Diana famously predicted her own demise in a road accident. When it happened Her Majesty the Queen warned Diana's butler to beware of dark forces, telling him of "powers at work in this country about which we have no knowledge". After two international police investigations and an exhaustive inquest, questions still remain about the circumstances surrounding the death of the self-styled Queen of Hearts. On the night she died two secret operations - one connected to the British Establishment and one involving major figures in the French government - collided unintentionally with catastrophic results. From Bosnia to Baghdad, from Paris to Washington, from Angola to London this 'faction' thriller tells the compelling story of the British, French and American secret services' involvement in the most iconic car crash in history...and beyond. The names, dates, places and events are real. Only the storyline is fiction. Or is it? As the former head of Scotland Yard's press bureau, crime correspondent for a Sunday newspaper, and personal adviser to Mohamed Al Fayed, the author has a unique insight. Among the countless conspiracy theories, his is the most plausible account so far. This is a 'must read' for all students of the subject.**

**The Evidence of Murder**

Was Diana murdered? Was the British Royal family involved? Was she pregnant and engaged to Dodi? Did the paparazzi or 'a blinding white flash' cause the crash? Was driver Henri Paul really drunk or were his blood tests switched? Since Princess Diana died in Paris on 31 August 1997 there have been more questions than answers about the crash that killed her, despite lengthy official French and British investigations. This is the authoritative and up-to-date study into the death of Diana, Princess of Wales, which includes unique access to Diana's close friends and bodyguards, French and British detectives who probed the crash, and the official French investigation's dossier into the crash. Princess Diana - The True Story of the People's Princess On a small island in the grounds of Althorp House, an impressive stately home in rural Northamptonshire, lies the resting place of a true modern icon. Lady Diana Spencer. One time wife of the heir to the throne and mother to two sons, one of whom will most probably one day be king. Challenger to the established protocols of the monarchy, a woman determined to do it her way. Trend setter, humanitarian, darling of the public. A person who appeared to

## Read Book The Murder Of Princess Diana

have everything but whose life would end in tragedy at just thirty-six years of age. The People's Princess...this is her story.

15 years after the deaths of Diana Spencer, Princess of Wales, Dodi Al Fayed and Henri Paul, Alan Power reveals what really happened on that fateful night in Paris.

The Untold Story exposes high level corruption in the 21st century British justice system. It reveals how judicial corruption led to a seriously flawed verdict at the inquest into the deaths of Princess Diana and Dodi Fayed. It provides a thorough record of the key evidence that was heard by the inquest jury and details the 143 important witnesses who were not heard from during the inquest. The book reveals the critical relevance of the evidence from the original police statements that the jury were prevented from having access to. This untold story destroys the perception that the inquest achieved justice for the deceased occupants of the crashed Mercedes. It clearly outlines the methods employed by the royal coroner to continually manipulate the jury throughout the six months of the inquest. This is the gripping, true account of a judiciary hell-bent on ensuring that the jury would not be permitted to return a verdict of murder in the most significant and high profile inquest of our modern era.

The Evidence

Her True Story

The Hidden Evidence : how MI6 and the CIA Were Involved in the Death of Princess Diana

This explosive, evidence-based book is the most shocking, revealing, yet factual work written on the 1997 Paris car crash that took the lives of Princess Diana and her lover, Dodi Fayed. It includes evidence showing the assassination of Princess Diana was carried out by the British intelligence agency, MI6, on orders from senior members of the British royal family.

Millions remember the tragic date when the world lost a princess and two boys lost their beloved mother. It was a freak accident—Diana, Dodi Fayed, and driver Henri Paul died fleeing aggressive paparazzi...or so officials led us to believe. But investigative journalist Noel Botham wasn't satisfied with the "official" story. The Murder of Princess Diana documents his intensive probe into what happened that fateful night in Paris. Finally, here is a book that dares to ask—and answer—questions such as: Was the sample supposedly taken from Henri Paul's body actually his blood? Why was the tunnel cleaned with detergent before forensic investigations could take place? Why was Diana's body partially embalmed before the post mortem? What were the connections between the driver of the Fiat Uno seen near the Mercedes and MI6? Was the man's subsequent fiery death really an accident? Could Diana's international campaign against landmines create a deadly conflict with the CIA? Culled from interviews with contacts behind palace walls to within the halls of the Pentagon, this shocking expose blows the lid off cover-ups arranged in the highest

echelons of power. Now, at long last, the secrets are revealed; the lies are exposed—and the truth about Diana's death is brought to light. "For the millions who adored the People's Princess, this lavish book celebrates Diana Spencer's life in pictures. Page after page of inside photos from the legendary National Geographic archives document the royal's most memorable moments in the spotlight. A luminous, personal remembrance by Diana friend and biographer Tina Brown adds context and nuance to a poignant life twice over after her tragic death. Float down memory lane through more than 100 remarkable images of Diana, from her days as a schoolgirl to her engagement to Prince Charles, the birth of Princes William and Harry, and her life in the media as an outspoken advocate for the poor, the sick, and the downtrodden. This elegant book features reflections from those who knew her best, recollections from dignitaries and celebrities like Nelson Mandela and Elton John, and personal insight through the princess's own words. Published to commemorate the twentieth anniversary of Diana's death, this richly illustrated book is a beautiful ode to one of the world's most beloved women."--Provided by publisher.

After in-depth research of the circumstances of that fateful night, investigative writer and former journalist Noel Botham finally reveals what he alleges to be the truth - Princess Diana fell victim to a ruthlessly executed assassination. Twenty years later, the tragedy still shapes Britain as we know it today. How could the Establishment betray the trust of a whole nation? How was the killing executed? Was there really another car in the tunnel at the time of the crash? Reporting from the innermost sanctums of British intelligence and royalty, Botham reveals shocking answers to what he claims is one of the UK's most successfully kept secrets. As Botham's *The Murder of Princess Diana* firmly lays to rest the outdated theory that Diana's death was a mere accident, and finally gives the British people the explanation they deserve.

The Mystery Behind the Tragedy of Pont de l'Alma

**REPUBLISHED TO COMMEMORATE THE 20TH ANNIVERSARY OF PRINCESS DIANA'S DEATH** A whole nation stood paralysed at the news of Princess Diana's tragic death after a car crash in Paris in August 1997. However heartbroken about the accident that took the life of the People's Princess, many people were sceptical about the government's official statements. After in-depth research of the circumstances of that fateful night, investigative writer and former journalist Noel Botham finally reveals what he alleges to be the truth – Princess Diana fell victim to a ruthlessly executed assassination. Twenty years later, the tragedy still shapes Britain as we know it today. How could the Establishment betray the trust of a whole nation? How was the killing executed? Was there really another car in the tunnel at the time of the crash? Reporting from the innermost sanctums of British intelligence and royalty, Botham reveals shocking answers

to what he claims is one of the UK's most successfully kept secrets. As Botham affirms, *The Murder of Princess Diana* firmly lays to rest the theory that Diana's death was a mere accident, and finally gives the people of Britain the explanation they deserve.

What happened to Diana and Dodi in the Alma Tunnel on the night of August 31, 1997? Was Diana six weeks pregnant? Was she about to get engaged and married to Dodi? Had Dodi purchased an engagement ring for her? Was he planning to present it to her that night? Was Andanson an SIS operative, trained to use his white Fiat Uno to tip the Mercedes car, causing it to career into the 13th pillar in the tunnel? Why was he found, deep in a forest, beheaded in his burnt out, keyless, locked car, with a bullet wound in his head? Is Tomlinson, ex-SIS agent, absolutely right when he says the Mercedes car accident was a classically planned SIS method of execution, one he knew was being planned to assassinate a former Serbian leader? What was the bright light witnesses saw in the tunnel that night? Was it a strobe light used to blind the driver? What was the loud bang they heard before the crash? Did Diana tell a medic that she wished to be buried with Dodi as she lay dying? Was Diana a half-sister to Jemima Khan?

The most shocking, yet factual, book written on the 1997 Paris crash that took the lives of Princess Diana and her lover, Dodi Fayed. This fast-moving but authoritative narrative covers the events leading up to and following the tragedy. An intimate portrait of the Princess of Wales describes her public and private life, reveals details about her marital problems, and discusses her attitudes toward motherhood and public service.

***The Diana Chronicles, The Little White Car, The Murder of Princess Diana, The Queen (film), Unlawful Killing (film), Untold Story (novel), Wedding dress of Lady Diana Spencer, Wedding of Charles, Prince of Wales, and Lady Diana Spencer. Excerpt: All people are descended via various racial or ethnic lines of the antiquity, but in case of most, records do not exist. The British royal family is one of the few families, for whom ancestry can be traced to many notable lineages of the antiquity. They can be traced from Saxon, Scottish (Stuart dynasty), Welsh (Tudor dynasty), Irish, German (Hanover and Windsor), French (Norman and Angevin), Russian, Frank and perhaps even Byzantine lineages. George I of Great Britain had descended, through both of his parents, from Rollo, the Viking founder of the ducal lineage of Normandy. Prince Albert, consort of Queen Victoria, had a descent from King Henry II of England through his daughter Matilda. One established connection is given below, starting with Byzantine emperor Isaac II Angelos (for his descent, see Descent from antiquity#Caucasian route). Other possible connections are as under: Connections are also traced by enthusiasts...***

***There's a lot we haven't heard about the murder of Princess Diana! Belzer & Wayne are back, and with a big conspiracy and cover-up too. Did you know that: Diana specifically predicted that she would be assassinated. This book documents it very clearly in Diana's exact words.. Stories that the driver was drunk were fabricated; he was not. Contrary to the official explanation, Diana's car was not closely followed by photographers and that was not the cause of the crash. And she was not pinned in the vehicle, but it took emergency crews an incredibly long 1 hour, 40 minutes to get Diana to a nearby hospital; and that's why she bled to death as a result. The evidence trail and eyewitness interviews prove that the Mercedes was diverted into the tunnel by vehicles that blocked its exit. That the Mercedes had been stolen and had its computer chip changed out. The crash-scene analysis is indicative of an assassination technique that is detailed specifically. Diana always wore her seat belt, but hers was defective on the night of the crash. And in yet another "coincidence," the regular traffic cameras in the tunnel were not functioning at the time of the crash, so there was no recording of it as there would normally be. Diana's body was immediately embalmed-even though that was illegal-which made it impossible to determine if she was pregnant. This book documents all the factual evidence like it's never been done before.***

***For the twentieth anniversary of Diana's death, a new, updated edition of the headline-grabbing New York Times bestseller that told the definitive story of how the Princess of Wales lost her life in a high-speed***

***car accident in the heart of Paris on August 31, 1997. What really happened on that fateful summer night? Rumors still abound: that Diana and her boyfriend, Dodi Fayed (son of wealthy Egyptian businessman Mohamed Al Fayed), were planning to marry and British intelligence was somehow involved in their deaths. Or, that the paparazzi, a second car, or Diana and Dodi's driver, may have been responsible. Written by Tom Sancton, Time's Paris bureau chief at the time, and Scott MacLeod, then the magazine's Middle East correspondent, Death of a Princess struck a chord in 1998 with its exhaustive account of what really happened in the months, days, hours, and minutes leading up to the fatal crash. The book remains a masterwork of strong, original reporting, firsthand interviews with key figures, and insider analysis of one of the twentieth century's most tragic and unforgettable events.***

*This extensive book review – written by an expert on the murder of Princess Diana – exposes Alan Power as a fraudster. Over 200 separate errors are shown, but with Power's propensity for repetition there are actually well over 500. The most disturbing factor is the nature of the errors – the 180 page review reveals that Power has deliberately duped his readers. There are many instances of Power fraudulently altering sworn witness evidence to fit with his pre-determined false scenario of what occurred. Alan Power Exposed shows that Power's book is a minefield of deceptive writing, manipulation of evidence, misinformation and misrepresentation of the facts. In the end it becomes impossible for the reader of The Princess Diana Conspiracy to discern what is fact and what is fiction or fantasy. At one point Power writes: “Rest assured, my perception is not given to exaggeration or fancy but is based on the facts” – but unfortunately the truth is quite the opposite. Power's claims of carrying out a ten year investigation and scrutinising the inquest evidence are shown to be false. Questions are raised over the*

book's authorship – there is evidence indicating the probability that there was more than one writer. The review also addresses the incredible “coincidence” in the timing of Power's publication – it was published within days of the Scotland Yard announcement that it was scoping new information on the crash, an allegation by Soldier N that the SAS were involved. Alan Power Exposed includes an analysis dealing with the reasons why there are so many critical errors in The Princess Diana Conspiracy – it is not an accident. The review raises the very real possibility that Power's book may in the future be used by the Establishment to deal a strategic blow against the entire Princess Diana conspiracy movement. This is an incisive review written by John Morgan, who has authored nine investigative books on the assassination of Princess Diana. He is viewed by many as the world's leading expert on the circumstances around the 1997 crash in Paris' Alma Tunnel. This is a must read for anyone who has read – or intends to read – Alan Power's book, The Princess Diana Conspiracy: The Evidence of Murder.

Includes sensational new material! 12:23 a.m. August 31st 1997. The Mercedes driven by Henri Paul in which Princess Diana, Dodi Al Fayed and Trevor Rees-Jones were travelling crashes into a pillar in the Alma tunnel in Paris, killing Paul, Dodi and Diana and seriously injuring Rees-Jones. That much is certain. But little else. David Cohen never expected to be investigating Diana's death. But after a reliable source asked him to fly to Geneva to listen to a dramatic story, he soon found himself on the trial of a young Englishwoman who, he increasingly came to realize, had been tragically out of her depth in the company of drugs dealers, arms dealers and secret service operators. Cohen reveals answers to some of the most troubling questions surrounding the events of that night. He discloses why the Mercedes was taking the wrong route to Dodi's flat. He uncovers incriminating information about the owner of the infamous Fiat Uno. He reveals Henri Paul's true role with M16. And, after years of investigation, he explains the links between the mysterious cult, The Order of the Solar Temple – whose members, including Princess Grace of Monaco, have died in a series of suspicious circumstances – and the circumstances surrounding Diana on the night she died.

WITH NEW AFTERWORD FROM THE AUTHOR. When you're the most famous woman in the world, can

*you really love in secret? When Princess Diana flew to Pakistan in May 1997, she went to meet the family of Dr Hasnat Khan, the man she wanted to marry. One of the most well-known and beautiful women in the world, she hoped to persuade Dr Khan's mother that she would make a suitable wife for her son. However, this was not the only hurdle to overcome: the man she called her 'Mr Wonderful' was a dedicated professional who sought to avoid the limelight – a fact that would test their love to the limits. Had their relationship succeeded, the events of that summer might have been very different. Sharing powerful testimony from Diana's closest confidants, and that of Dr Khan's own family, as well as information released during the inquests into the deaths of Diana and Dodi Fayed, this book offers a unique insight into Diana's world and the events central to her last years. This special new edition of an international bestseller, released in the year that would've marked Diana's 60th birthday, features a new afterword from the author reflecting on the legacy of this most extraordinary of women.*

*Who Murdered Diana?*

**The book that the British government tried to ban! British investigative journalists Jon King and John Beveridge have maintained from the outset that they were informed of a plot to assassinate Princess Diana one week before her death. Three years ago, Royal Butler Paul Burrell's revelations confirmed their claim. In an astonishing letter written ten months before her death, Princess Diana confirmed that a plot to assassinate her in a 'road traffic accident' was indeed planned and carried out by order of the British Royal Establishment. The letter, owned by Burrell and written by Diana in October 1996, reads: "This particular phase in my life is the most dangerous. My husband is planning an accident in my car, brake failure and serious head injury, in order to make the path clear for him to marry". Ten months later, on 23 August**

1997, one week before her death, the authors were informed of this same plot to kill Diana. The EVIDENCE they uncovered during their subsequent investigation is truly disturbing. . . . This extensive book review - written by an expert on the murder of Princess Diana - exposes Alan Power as a fraudster. Over 200 separate errors are shown, but with Power's propensity for repetition there are actually well over 500. He is viewed by many as the world's leading expert on the circumstances around the 1997 crash in Paris' Alma Tunnel. This is a must read for anyone who has read - or intends to read - Alan Power's book, The Princess Diana Conspiracy: The Evidence of Murder.

Was Princess Diana murdered? Or was she just the victim of a tragic traffic accident? If she was murdered, who did it? Who ordered the assassination and what were the motives behind it? Were the same powers behind England's recent "Butler Scandal"? Based on information received from a veteran CIA contract agent one week prior to the crash in Paris - plus further evidence

obtained from other highly placed British Intelligence sources, this investigative work presents an uncompromising inquiry into Diana's death. Included are exclusive new interviews with named MI5 officers who will confirm British Intelligence's involvement in Diana's death! Gabriel's Rebellion tells the dramatic story of what was perhaps the most extensive slave conspiracy in the history of the American South. Douglas Egerton illuminates the complex motivations that underlay two related Virginia slave revolts: the first, in 1800, led by the slave known as Gabriel; and the second, called the 'Easter Plot,' instigated in 1802 by one of his followers. Although Gabriel has frequently been portrayed as a messianic, Samson-like figure, Egerton shows that he was a literate and highly skilled blacksmith whose primary goal was to destroy the economic hegemony of the 'merchants,' the only whites he ever identified as his enemies. According to Egerton, the social, political, and economic disorder of the Revolutionary era weakened some of the harsh controls that held slavery in place during colonial times. Emboldened by these conditions, a small number of literate slaves--most of them highly skilled artisans--planned an armed insurrection aimed at destroying slavery in Virginia. The intricate scheme failed, as did the Easter Plot that stemmed from it, and Gabriel and many of his followers were hanged. By placing the revolts within the broader context of the volatile political currents of the day, Egerton challenges the conventional understanding of race, class, and politics in the early days of the American republic.

Gabriel's Rebellion

How They Murdered Princess Diana

The Shocking Truth

Diana, Princess of Wales

The Murder of a Princess?

*Exposes one of the greatest cover-ups of our time. Provides credibility to the lingering doubts of a large section of the British and international public regarding the official line on the causes of the Paris crash. Deals with many of the troubling questions that have risen since the death of Diana. Lays down a huge challenge to those who believes the death of Diana, Princess of Wales was just a tragic accident (back cover).*

*This explosive book blows the lid on one of the most shocking crimes of our modern era.*

*But it does more than that. How They Murdered Princess Diana is the most complete evidence-based account of the assassination of Princess Diana yet written. It delivers on providing answers to many of the key questions surrounding the 1997 Paris crash that took the lives of Diana and her lover Dodi Fayed - Who did it? Why was Diana assassinated? How was it carried out? It also exposes the massive inter-governmental cover-up that has taken place throughout the 17 years since the deaths. This book takes the reader through the entire story - right from the breakdown of the Diana-Charles marriage through to the 2013 sham police "scoping" of allegations of SAS involvement made by Soldier N. It covers the critical events that took place in Paris on the last day of Diana and Dodi's lives. It reveals that the crash in the tunnel was orchestrated by MI6 on the orders of senior British royals. Princess Diana survived the crash but was effectively murdered by deliberate mistreatment in the ambulance by people who were supposed to be saving her. The individuals involved in the murders are exposed - it is revealed that Sherard Cowper-Coles, former UK ambassador to Saudi Arabia, headed the MI6 operation on the ground in Paris. The roles of other operatives in this highly coordinated assassination are addressed in detail. This is the first book to cover the complete story in such chilling detail - a true account using the witnesses own words that at times will leave the reader shocked, aghast and breathless. How They Murdered Princess Diana shows that the 2007-8 London inquest into the deaths - headed by Lord Justice Scott Baker - was one of the most inept and corrupt inquests in the history of the British judicial system. It also exposes the 2004-6 Scotland Yard Paget investigation as a huge farce that was more dedicated to covering up the facts of what occurred than to uncovering truth. The perpetrators never thought anyone would or could ever do a full investigation piecing it all together - but this is exactly what John Morgan has done. As a result of nine years of investigative research he has produced the definitive work on the Paris assassination - the uncensored record of what occurred, how it was done and who did it. Eminent QC Michael Mansfield - who served throughout the six months of the London inquest - has said: "I have no doubt that the volumes written by John Morgan will come to be regarded as the 'Magnum Opus' on the crash." How They Murdered Princess Diana is the long-awaited abridgement of the six*

*volumes of the highly-acclaimed Diana Inquest series. It documents the shocking truth - the shameful account of the state-sponsored assassination of Britain and the world's most loved princess, Diana Princess of Wales. John Morgan's investigation website:*
