According to his contract, the old man has five months to sit on his bench and reminisce about his childhood, but all that comes out are curious stories--about leprous dominos, amorous concrete towers, chaste call girls, and more. In other words: the old man twaddles on and on. A virtuoso novel that reveals what language can do when it serves no purpose but its own proliferation, Swiss provocateur Urs Allemann's *The Old Man and the Bench* is a comedy of mangled verbosity.

The books that we choose to keep -- let alone read -- can say a lot about who we are and how we see ourselves. In *My Ideal Bookshelf*, dozens of leading cultural figures share the books that matter to them most; books that define their dreams and ambitions and in many cases helped them find their way in the

world. Contributors include Malcolm Gladwell, Thomas Keller, Michael Chabon, Alice Waters, James Patterson, Maira Kalman, Judd Apatow, Chuck Klosterman, Miranda July, Alex Ross, Nancy Pearl, David Chang, Patti Smith, Jennifer Egan, and Dave Eggers, among many others. With colorful and endearingly hand-rendered images of book spines by Jane Mount, and first-person commentary from all the contributors, this is a perfect gift for avid readers, writers, and all who have known the influence of a great book.

- A fresh perspective on a famous father and a legacy forged on the icy slopes of Mount Everest, the world's highest peak In 1963, the world followed the first American Mount Everest Expedition, and watched as "Big Jim" Whittaker become the first American to stand on top of the world. He returned home a hero. My Old Man and the Mountain is Leif Whittaker's engaging and humorous story of what it was like to "grow up Whittaker"—the youngest son of Jim Whittaker and Dianne Roberts, in an extended family of accomplished climbers. He shares glimpses of his upbringing and how the pressure to climb started early on. Readers learn of his first adventures with family in the Olympic Mountains and on Mount Rainier; his close yet at times competitive relationship with his brother Joss; his battle with a serious back injury; and his efforts to stand apart from his father's legacy. With wry honesty he depicts being a recent college grad, still living in his parents' home and trying to find a purpose in life—digging ditches, building houses, selling t-shirts to tourists—until a chance encounter leads to the opportunity to climb Everest, just like his father did. Leif heads to Nepal with all the excitement, irony, boredom, and trepidation that are part of high-altitude climbing. Well-known guides Dave Hahn and Melissa Arnot figure prominently in his story, as does "Big Jim." But Leif's story is not his father's story. It's a unique coming of age tale on the steep slopes of Everest and a climbing adventure that lights the imagination and fills an emotional human endeavor with universal meaning.

"Andy Weinberger has done something extraordinary with his first novel: he's written a truly great detective novel that is fresh and original, but already feels like it's a classic. In the tradition of Walter Mosley, Raymond Chandler, and Sue Grafton, semi-retired private eye Amos Parisman roams LA's seedy and not-so-seedy neighborhoods in pursuit of justice. I don't want another Amos Parisman novel—I want a dozen more!" — Amy Stewart When a controversial celebrity rabbi drops dead over his matzoh ball soup at the famed Canter's Deli in Los Angeles, retired private eye Amos Parisman—a sixtyish, no-nonsense Jewish detective who lives with his addled wife in Park La Brea—is hired by the temple's board to make sure everything is kosher. As he looks into what seems to be a simple, tragic accident, the ante is raised when more people start to die or disappear, and Amos uncovers a world of treachery and hurt that shakes a large L.A. Jewish community to its core.

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness" only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, but they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, and scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "the only two left on the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destruction

desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

These are the Faroe Islands as they were some fifty years ago: sea-washed and remote, with one generation still tied to the sea for sustenance, and a younger generation turning towards commerce and clerical work in the towns. At the post-hunt whale-meat auction, the normally cautious Ketil enthusiastically bids for more meat than he can afford. Thus in his seventieth year, Ketil and his wife, along with their youngest son, struggle to repay their debt. They scavenge for driftwood and stranded seals, and knit up a storm of jumpers to sell in town. A touching novel that deftly captures a vanishing way of life. Ernest Hemingway's The Old Man and the Sea

A newly translated collection of fiction by the influential Italian modernist, continuing on his landmark work *Zeno's Conscience*. *A Very Old Man* collects five linked stories, parts of an unfinished novel that the great Triestine Italo Svevo wrote at the end of his life, after the international success of *Zeno's Conscience* in 1923. Here Svevo revisits with new vigor and agility themes that fascinated him from the start—aging, deceit, and self-deception, as well as the fragility, fecklessness, and plain foolishness of the bourgeois paterfamilias—even as memories of the recent, terrible slaughter of World War I and the contemporary rise of Italian fascism also cast a shadow over the book's pages. It opens with "The Contract," in which Zeno's manager, the hardheaded young Olivi, expresses, like the war veterans who were Mussolini's early followers, a sense of entitlement born of fighting in the trenches. Zeno, by contrast, embodies the confusion and paralysis of the more decorous, although sleepy, way of life associated with the onetime Austro-Hungarian Empire which for so long ruled over Trieste but has now been swept away. As always, Svevo is attracted to the theme of how people fail to fit in. It is they, he suggests, who offer a recognizably human countenance in a world ravaged by the ambitions and fantasies of its true believers.

I have nothing against snakes, provided that they're hundreds of miles away from me. And I have nothing against my dad, given the same set of conditions. In a fit of questionable judgment, consummate indoorsman John Sellers tags along on a journey to search for snakes with his eccentric, aging father—an obsessive fan of Bob Dylan, a giver of terrible gifts, a drinker of boxed wine, a minister-turned-heretic, and, most importantly, the self-designated guardian of the threatened copperbelly water snake. The quest is their fumbling attempt to reconnect. Decades of bitterness, substance abuse, acrimonious divorce, and divergent opinions about personal hygiene have conspired to make the two estranged. Sellers has just begun to develop a new appreciation for the American wilderness, and all the slithering creatures that populate it, when his father's deteriorating health thwarts their mission and disturbs their tentative peace. Determined to finish what they started, he ventures back into the swamp—alone, but more connected to his dad than ever. With big-hearted humor and irreverence, *The Old Man and the Swamp* tells the story of a father who always lived on his own terms and the son who struggled to make sense of it all.

Married sleuths cross paths with married assassins in this "priceless" mystery by the bestselling author of the Jane Whitefield series (The New York Times). Sid and Ronnie Abel are a first-rate husband-and-wife detective team, both ex-LAPD. Ed and Nicole Hoyt are married assassins-for-hire living in the San Fernando Valley. Except for deadly aim with a Glock 17, the couples have little in common—until they're hired to do damage control on the same murder. The body of research scientist James Ballantine has been pulled from a storm sewer, with two bullet holes in the back of his head. With the case turning cold, Ballantine's former employers bring in the Abels to succeed where the police have failed. As for the Hoyts, their mysterious contractors want to make sure that the facts about Ballantine's death stay hidden. Now the Abels must try to survive as they circle ever closer to the truth, and to a dangerous pair guarding it with their lives. From "a master of nail-biting suspense" (Los Angeles Times), comes a "propulsive, darkly humorous" (Publishers Weekly) "double-barreled Southern California thriller that moves almost faster than a speeding bullet" (The Wall Street Journal).

*Octogenarian Anthony Smith's journey was originally inspired by both the *Kontiki Expedition* of Thor Heyerdahl (who he knew) and the incredible story of the survivors of a 1940 boat disaster, who spent 70 days adrift in the Atlantic, eventually reaching land emaciated and close to death. While this might sound like a voyage no-one would wish to emulate, to octogenarian Anthony Smith it sounded like an adventure, and he placed a typically straightforward advertisement in the *Telegraph* that read "Fancy rafting across the Atlantic?"*

Famous traveller requires 3 crew. Must be OAP. Serious adventurers only." In his inimitable style, Smith details their voyage and the hardships they endured with a matter-of-fact air that makes his story seem all the more impressive. His advanced age allows him a wider perspective not only on the journey but on life itself, and his never-say-die attitude to the difficulty of the journey is inspirational. 'Old men ought to be explorers' said T.S. Eliot, and this book certainly gives a compelling argument in his favour. It is both a great story (a huge storm on the final night of the voyage almost wrecked them on a reef) and a call to action for the older generation - do not go quietly, says Anthony Smith, but seek out adventure as long as you are able.
