### *The Our Farm Project*

Considers legislation to prevent further dilution of mineral water in Soap Lake, Wash., due to fresh water overflow from Columbia River Basin project, and legislation to revise farm acreage limitations in Columbia River Basin project.

The Farmer and the Seed story was written in honor of those in life that fail to see the miracle of God's plans. Many times in life this has been myself. However, the solid truth of it all is that through devotion, prayer, & faithfulness God will bring anyone to where they need to be... but it takes time, sometimes many years, before the wonderful outcome is revealed. One has only to have the faith of a mustard seed; to make a difference down the line. Your life is your seed. What kind

but it has its challenges. City Farming addresses the problems the urban farmer might face and turns them into creative solutions. It assists the new grower to gain expert understanding of how to create a production urban farm, as well as helping established farmers to discover new ways to bring their space into greater harmony and production. Also covered are integrated approaches that bring together the whole farming system in a small space to produce high yields with minimal energy and effort. The content is organised by themes of importance to urban farmers: sun and heat; water usage; seasonal production; spatial planning; soil quality and usage;

propagation and breeding; pests and diseases; farming under time constraints; sustainability; and community initiatives. Each chapter unfolds a piece the story of The Micro Farm Project. The challenges that crop and livestock production present is discussed, and practical solutions to the problems-such as lack of space, high population density, poor soil quality, planning restrictions, etc-are given. Also included are case studies that give examples of different methods used within urban farming from different regions throughout the world. \*\*\* "City Farming is an empowering guide to converting small urban spaces into productive food hubs. Carol Tyler has been a professional (and highly acclaimed) cartoonist for over 20 years, appearing in such venues as *Weirdo*, *Wimmen's Comix*, and *Drawn & Quarterly* magazine. But over the years her status as a working mother has drastically curtailed her ability to set aside time for her cartooning.
