a widely known favorite since its 1981 release. It describes Stan's own journey overland as he contemplates the arduous journeys of some of the explorers, including Kelsey, Mackenzie, Thompson and especially Franklin. The song is moving and haunting, a paean to

the adventurous spirit of the explorers and to the beauty of the vast land and icy seas. The lyrics are accompanied by the striking paintings of multiple award-winning artist Matt James. Matt brings a unique vision to the song and the history behind it, providing

commentary on the Franklin expedition and its failure to heed the wisdom of Inuit living in the North. The book also contains the music for the song (as well as a final verse that was never recorded), maps, a timeline of Arctic exploration, mini-biographies

and portraits of the principal explorers, and suggestions for further reading. Following on the success of Canadian Railroad Trilogy, this is another beautiful book in which a memorable song illuminates a fascinating history that has taken on new resonance
