The Pharaohs Code Creating A Joyful Life And A Lasting Legacy

“Why do we grow old? . . . Verburgh tackles this age-old question . . . with practical suggestions for how to slow down our biological clock.” —David Ludwig, MD, PhD, #1 New York Times–bestselling author Do you know exactly how and why you age? And what you can do—whatever your current age—to slow that process and have a longer, healthier life? In The Longevity Code, medical doctor Kris Verburgh illuminates the biological mechanisms that make our bodies susceptible to heart attacks, dementia, diabetes, and other aging-related diseases. With the facts laid out, he provides the tools we need to slow down the

aging process. His scientifically backed Longevity Staircase outlines a simple yet innovative step-by-step method offering better health and a longer life span— especially the crucial role of proper nutrition and exercise. But diet and exercise might not be the only way to crack the “longevity code”: With each passing day, advances in biotechnology that were once the stuff of science fiction are emerging. Dr. Verburgh discusses how new types of vaccines, mitochondrial DNA, CRISPR proteins, and stem cells may help us slow and even reverse aging—now and in the future—and when paired with the right lifestyle, lead to longer, healthier lives than we’ve ever imagined. “Verburgh examines how we age and takes a valuable look at ethical issues surrounding the prevention of aging.” —Library Journal

The Wonder Years Daylen Daniels and Chase McCoy are as different as night and day. Chase is the beautiful golden boy. Gorgeous, popular, and the quarterback of the football team. Daylen is the quiet introvert. Lovely curves, shy, and sees herself as an orchestra geek. After Day moves next door to Chase, a run-in with a bully, a domestic dispute, and one treehouse hideout, an impenetrable bond is made. As they grow up, their attraction for each other grows with them, but is it strong enough to risk their friendship? A party, a little game of spin the bottle, and a devious enemy could shake the very foundation of their friendship. Or it

The Pharaohs' Code

Military commanders from ancient time had set down rules and regulations to discipline their troops. From the Pharaohs on, commanders directed the strategy, tactics, and camp discipline of the often unruly hosts of soldiers under their command. They had one aim: to create an efficient fighting force. Military officers, camp-followers and cooks were all expected to perform their services according to mandate and in light of the best interests of the armed force and the

fighting soldiery. Modern commanders have exemplified the same passion for military discipline to produce an effective combat machine. Military analyses derived from Roman law contained enough historical examples to fill an encyclopedia. Yet, although addressed to the problems of their day, they generally remained the private counsel of scholars and had little impact on political and military decisions. While theorists of international law were developing a body of rules to govern warfare, practitioners

of conflict were largely moved by the motives of military necessity. Under the dual auspices of military necessity and national self-interest, the code of the military commander was simple: maintain a disciplined fighting force in order to achieve military victory. To remedy this gap between theory and practice, a practical guide was needed which would briefly describe for commanders in the field their rights and obligations of belligerents as custom and theory had developed them. Then political and

military policy could be expected to conform to the theoretical law of nations. This was the synthesis that the Lieber code proposed. Originally published in as Lieber's Law and the Code of War, this paperback edition bears a new title that more precisely identifies the subjects covered.

What do you do after life has handed you a wake-up call? Author Brian Seth Hurst experienced a significant professional setback, but, rather than "soldier on," he recognized it as a profound opportunity to acknowledge a deeper foundation at work in his life. It is the affirmation that there is sheer power in what one believes, and, for better or worse, those beliefs are the foundation for the reality we create. The question of "Why?" began a thirty-day

inquiry and adventure for Hurst into the unknown. The result is the book W H O L E - a collection of powerful essays that examine how beliefs serve, or do not serve, us in our lives, how those beliefs can be transformed to change our circumstances, and the power of the ultimate connection to Source. What do you do after life has handed you a wake-up call? If you decide to remain awake, then you begin looking at your life. W H O L E is your companion as you review the past, balance all areas of your life, and begin to create anew. W H O L E prompts a very personal, progressive, and conscious examination of concepts and belief systems in every area of your

life, ranging from relationships, work and time, to money, the environment, morality and your purpose. It asks provocative and thoughtful questions that lead to understanding. How do you reconcile everything that has happened and is happening in your life with the one you truly want? The good and the bad, the joy and the hurt, the wins and the losses - all those parts form the experience of your life and your identity. Yet, you are much greater than the sum of all those parts. W H O L E allows you to make sense of the pieces of your life as part of the greater being that is You. W H O L E presents you with the opportunity to reconcile the past, arrive wholly

connected in the present, and create your future. W H O L E literally answers the question, "What was I thinking?" "To know "whole" in the duality of your reality, you must know broken. To know broken is to recognize that you are, always have been, and always will be WHOLE."

Expanding on issues touched on in The Da Vinci Code, this thought-provoking study explores the real story of Christianity—a story told by men and women condemned by the traditional, orthodox church, and one long hidden in mysterious codes and symbols. In medieval times, dissenters believed the established church ruthlessly suppressed the truth about Jesus and his ministry. Branded as heretics and subject to torture and execution for their beliefs, the dissenters—including the Knights Templar, Freemasons, Cathars, and groups of

incarnation cycle of Jesus is revealed to the public for the first time in human history! Jesus, "Immanuel" ["The Lord is with us"] is a man who died not! He had 22 lives in his pocket from the day he was born to Virgin Mary, and till the end of his 19 century-long incarnation cycle in year 1919 AD. He lived 22 separate lives in it. He started his journey as Jesus of Nazareth. In his sixth incarnation lived within the sixth century, he made himself known as Prophet Mohammed who established and founded Islam. In his 11th and middle [out of a total of 22] incarnation he was Yusuf Khas Hajib, the scribe or the author of Kutadgu Bilig. In his 19th incarnation, the world knew him with the name Rasputin. In his 20th incarnation, he was Lenin [the founder of Communism], in his 21st, we

saw him as Royal Raymond Rife [the man who cured cancer] and finally, in his 22nd and final incarnation, he was Mustafa Kemal Ataturk [the Founder of the Turkish Republic]. Parallel to the Christian Faith, Jesus was the LORD but only during his first and last incarnations -lives! When the Jews crucified Jesus on the cross 1,900 years ago, they were not aware of the fact that they were attempting to kill the LORD Himself! The LORD, without a doubt, is invincible as reported in various verses of the Bible. However, the first and the last incarnations of Jesus belonged to him! The reason why the Catholic Church [Vatican] and Islam distance themselves from the Jews is based on this simple fact: The Jews attempted to kill the LORD of Hosts! Their "Ultimate Sin" caused them

a most fiery vengeance ever after!Both the Bible and the Koran report the same fact: The LORD is "The First" and "The Last", Alpha and Omega. The first and the last incarnations of Jesus were reserved for the LORD Himself! The LORD personally "lived" the first and the last incarnations of Jesus; in our case, He was Jesus Christ, the man who could heal the blind and raise the dead! In his 22nd incarnation, He was Mustafa Kemal Ataturk, the "Father Turk" or the "Father of the Turks" during the last 19 years of his life.[Those who are prejudiced against Rasputin, Lenin or Ataturk should not come to conclusions before considering the evidence presented in the book.]A brand new 1,900 Jesus Cycle will start in year 2019 AD. As the "First" and the "Last",

the LORD will live the very first life of the total 24 new lives due for Jesus once again. Just nine years from now, mankind will have a "twice in a 1,900 years" chance to witness the LORD manifested in human form! Whether He will reveal Himself as a prophet, as a national hero, a political leader is to be but awaited... Without a shadow of a doubt, the LORD is nigh... Very nigh, indeed.

The Pharaohs' Code: Creating a Joyful Life and a Lasting Legacy, by Mohamed Tohami, reveals the ancient Egyptian secrets that will inspire you to live a more joyful, meaningful, and successful life.

motion a journey through the little known high mountain country of The Yemen; then on to the Italianate City of Asmara in the Ancient land of Eritrea and a hi-jacking, which landed him in Western Turkey. Eventually after a number of risky adventures that took him to the far southern reaches of Egypt, he found himself committed to a treasure quest which if proved successful would change the future perception of the human race for the next couple of millennia. Clues uncovered in the Tomb of the God King Tutankhamen entrance our unwitting hero and his new friends, committing them all through something more than curiosity to a trail of intrigue, with villains popping up everywhere, intent on stopping them from achieving their main goal, the installation of Claude

as an honorary new Pharaoh. Despite foiling several attempts on their lives, Claude and his companions then have to contend with another scoundrel and his giant of a servant, who have their eyes on the treasure whatever it may turn out to be. The story takes us back into the ancient world of 18th Dynasty Egypt where we meet the legendary King Solomon who with his son and heir, plan and set the stepping stones that may only be discovered and followed by a future generation worthy enough to restore the glory and spiritual beliefs of the Egypt that once was. Not only is the narrative one full of thrills and unusual situations, it is also transports the reader into the colourful life of contemporary and ancient Egypt. The unexpected climax will have everyone thinking, 'What

really did happen thousands of years ago to kick-start civilisation as we know it today?’’

The author believes that the religious arena has turned into a market place hence anyone can buy God and religious institutions can also canvass for membership to increase their sales. He expresses his dismay at most religions of the world and their levels of hypocrisy, particularly within the Pentecostal Christian community that is fragmenting into untold numbers and has turned into a tool of fraud and deceit; selling God, selling salvation, selling false dreams and false hopes; deploying stage- managed miracles as catch tools and also as tools of mind slavery. He is not comfortable with suicide bombers within the Islamic community who

File Type PDF The Pharaohs Code Creating A Joyful Life And A Lasting Legacy

erroneously claim that such extreme level of ugliness will lead them into heaven. He says that the ways religious institutions are conducting themselves lately; we no longer know who created who; whether God created Man or Man created him for a purpose. According to the Christian Bible, Christ did say do unto others as you will have them do unto you; love one another hence the Author begs to know whether others and one another according to Christ mean all races and religious faiths since those golden rules are not being applied by those who told us about Christ. In the name of Capitalism and Materialism, Man has almost turned into a base animal hence making this earth look like a jungle where no rules apply and where conscience and love no more have a

File Type PDF The Pharaohs Code Creating A Joyful Life And A Lasting Legacy

place. We live in times when Man create diseases and create their cures. The author believes that since most people especially Africans believe in the Bible information and Bible stories, and the Bible has it that the Pharaohs of Africa did enslave the Israelites in the past, then colonialism and slavery may be human nature and a form of revenge which one must also strive to resist. Colonialism seems to be a form of ugliness just like Apartheid, forceful dominance, slavery and other forms of Mans oppressions and inhumanity against fellow Man which happens from time to time in human history which humanity must also fight to outlive. The author disagrees with the notion that God chooses some people to rule over others, hence he believes that people

File Type PDF The Pharaohs Code Creating A Joyful Life And A Lasting Legacy

choose themselves. According to the Christian Bible, Christ did say to his disciples that, greater things shall they do in his name, hence it is time that the so called Christian anointed men of God who are performing miracles only on church stages also walk on water for all to see. Unfortunately, the continent of Africa where it is said that civilization began, has more churches than factories yet the continent has failed to develop.

They reveal how the Old Kingdom pyramids of Giza were created, not as tombs for the pharaohs and their queens, but as “recovery vaults” to ensure the rebirth of the Kingdom of Egypt after a global disaster by acting as storehouses for ancient Egyptian culture--its tools, seeds, art, and sacred texts. Through the use of photos, maps, and diagrams of the Giza plateau, the authors explain in detail how the angles and geometry of the Great Pyramid align with the stars of Orion's Belt to encode an important message: that

changes in the tilt of the world's axis have occurred in the remote past, most recently in 3980 BCE, and will occur again in the near future. Highlighting the ubiquitous appearance of 23.5-degree angles--the most important of the precessional angles encoded in the Giza pyramids--in classic works of art, including the work of Leonardo da Vinci and portraits of John the Baptist and George Washington, the authors reveal how this angle, the Great Pyramid, and its fateful message are tied to Freemasonry and other secret societies. Concluding with the remarkable revelation triggered by the myth of Osiris that there may be an as-yet-undiscovered 14th "recovery vault" on the Giza plateau, Creighton and Osborn show that the prophecy of

monuments and related religious texts. The Egypt Code revisits the Pyramid Age and the Old Kingdom, proposing a vast sky-ground correlation for the Memphite-Heliopolis region, and presenting the possibility of a grand plan spanning three thousand years of Pharaonic civilization and involving pyramids and major temple sites along the Nile. The central idea of the book is that the cosmic order, which the ancients referred to as "Maat," was comprised of the observable cycles of the sun and stars, in particular the star Sirius, and that the changes that took place due to the precession of the equinoxes and the so-called Sothic Cycle are reflected in the orientation and location of religious sites.

to the Internet, which has made possible the truly international scope of hieroglyphic scholarship: glyphic experts can be found not only in North America, Mexico, Guatemala, and western Europe but also in Russia and the countries of eastern Europe. The third edition of this classic book takes up the thorny question of when and where the Maya script first appeared in the archaeological record, and describes efforts to decipher its meaning on the extremely early murals of San Bartolo. It includes iconographic and epigraphic investigations into how the

Classic Maya perceived and recorded the human senses, a previously unknown realm of ancient Maya thought and perception. There is now compelling documentary and historical evidence bearing on the question of why and how the “breaking of the Maya code” was the achievement of Yuri V. Knorosov—a Soviet citizen totally isolated behind the Iron Curtain—and not of the leading Maya scholar of his day, Sir Eric Thompson. What does it take to make such a breakthrough, with a script of such complexity as the Maya? We now have some
