Pictish Progress

"A study of the lives and legacy of Picts and Britons in the Irish Church, looking at their impact on early medieval Irish society and how this impact came to be perceived in later centuries. Between the fifth and ninth centuries AD, the peoples of Britain, Ireland, and their surrounding islands were constantly interacting, sharing cultures and ideas that shaped and reshaped their communities and the way they lived. The influence of religious figures from

Bookmark File PDF The Picts A History New Edition

Ireland on the development of the Church in Britain was profound, and the fame of monasteries such as Iona, which they established, remains to this day. Yet with the exception of St Patrick, far less attention has been paid to the role of the Britons and Picts who travelled west into Ireland, despite their equally significant impact. This book aims to redress the balance by offering a detailed exploration of the evidence for British and Pictish men and women in the early medieval Irish Church, and asking what we can piece together of their lives from the often

fragmentary sources. It also considers the ways in which writers of later ages viewed these migrants, and examines how the shaping of the migration narrative throughout the centuries had a major effect on the way that the earliest centuries of the church came to be viewed in later years in both Scotland and Ireland. In doing so, this volume offers important new insights into our understanding of the relationships between Britain and Ireland in this period.

The once-thriving and energetic kingdom of the Picts is now an enigma of the past, ousted by the Scots in the 9th century AD. But the Picts left behind a rich legacy of artistic achievement, including the unsurpassed sculpture of their standing stones, whose elegant designs and symbols have puzzled generations. Book of the Yea. rFrom Caledonia to Pictland examines the transformation of Iron Age northern Britain into a land of Christian kingdoms, long before 'Scotland' came into existence. Perched at the edge of the western Roman Empire, northern Britain was not unaffected by the experience, and became swept up in the great tide of processes which gave rise to the early medieval West. Like other places, the country experienced social and ethnic metamorphoses, Christianisation, and colonization by dislocated outsiders, but northern Britain also has its own unique story to
