everything from ornamental trees and bushes to topiaries and bonsai. The author, Lee Reich, is a respected horticulturist who writes frequently on gardening subjects. Here, he demystifies the timing and techniques that result in the most successful pruning for healthy growth and good form. Updated with the latest information and enhanced illustrations, this book belongs in every gardener's library, whether he or she is a professional, a landscaping veteran, or is pruning for the very first time. The Plant Book for Dumbarton

Oaks was prepared as a resource for those charged with maintenance of the gardens following their acquisition by Harvard University in 1941. Beatrix Farrand here explains the reasoning behind her plan for each of the gardens and stipulates how each should be cared for in order that its basic character remain intact. Her resourceful suggestions for alternative plantings, her rigorous strictures concerning pruning and replacement, her exposition of the overall concept that underlies each detail, and the plant lists that accompany her discussion of

Beatrix Farrand's Plant Book for Dumbarton Oaks

Arborist William Bryant Logan

recovers the lost tradition that sustained human life and culture for ten millennia. Once, farmers knew how

Acces PDF The Pruning Book Completely Revised And Updated

to make a living hedge and fed their flocks on tree-branch hay. Rural people knew how to prune hazel to foster abundance: both of edible nuts, and of straight, strong, flexible rods for bridges, walls, and baskets.

Townspeople cut their beeches to make charcoal to fuel ironworks. Shipwrights shaped oaks to make hulls. No place could prosper without its inhabitants knowing how to cut their trees so they would sprout again. Pruning the trees didn't destroy them. Rather, it created the healthiest, most sustainable and most diverse woodlands that we have ever known. In this journey from the English fens to Spain, Japan, and California, William Bryant Logan rediscovers what was once an everyday ecology. He offers us both practical
