

The Rhine River Travel Journal

The perfect pocket companion on any European vacation, this book offers advice on how to start writing, tips for using the Web for travel, and a list of European cybercafes.

In May 1517, Luigi of Aragon, one of the most wealthy, cultivated and well-connected of Italian cardinals, left Italy for a leisurely tour through Germany, Switzerland, the Low Countries and France, which lasted until January 1518. Too grand to keep a record of his own movements, he was well-served by his chaplain and amanuensis, Antonio de

Beatis, who day by day kept a steadily enthusiastic record of the scenes they passed amongst. The range of de Beatis's interests was quite remarkably wide. His descriptions of individuals, landscapes, towns, of whole regions and the characters and customs of their inhabitants, of churches, palaces, relics and works of art provide one of the clearest impressions we have of the physical quality of life in north-western Europe in the Renaissance. This range owes something to the company he kept. Without the Cardinal he would not have had the organs played in the churches they visited, would not have watched

Raphael's tapestries being woven in Brussels or met Leonardo da Vinci at Amboise. But it owes still more to the traditions which by 1517 suggested not only what a curious traveller should look at but the way in which he might organise his impressions, and express them in writing. For this reason most of the editor's Introduction is devoted to providing a pioneering account of the evolution of the Renaissance travel journal. Though the Italian text published in the German edition of Ludwig Pastor in 1905 has been frequently quoted by political, social and art historians, the Journal has not previously been translated into English.

decades there has been a strong academic interest in how individuals interact with each other while en route. Yet, even if various studies have informed us about present-day realities of travel companionships, we know little about the influence of gender both on these realities, as well as on the discourse in which these are being narrated. This book aims to establish an agenda for the study of companionship in travel writing by offering a collection of new essays which study

Chapters explore the differences and similarities in the ways that women and men in the past chose to describe their experiences with, and/or their ideas about companionship, and specifically reveals the influence of gender norms, conventions, restrictions, and stereotypes. This is the first book which looks at the long-term, interdisciplinary, and genuinely international history of gendered

In celebration of Ferlinghetti's 100th birthday comes this "stunning portrait" of the intrepid life of "one of America's best poets" (Huffington Post). Over the course of an adventured-filled life, now in its tenth decade, Lawrence Ferlinghetti has been many things: a poet, painter, pacifist, publisher, courageous defender of free speech, and owner of San Francisco's legendary City Lights bookstore. Now the man whose *A Coney Island of the Mind* became a generational classic reveals yet another facet

of his manifold talents, presenting here his travel journals, spanning over sixty years. Selected from a vast trove of mostly unpublished, handwritten notebooks, and edited by Giada Diano and Matthew Gleeson, Writing Across the Landscape becomes a transformative work of social, cultural, and literary history. Beginning with Ferlinghetti's account of serving as a commanding officer on a Navy sub-chaser during D-Day, Writing Across the Landscape dramatically traverses the latter half of the twentieth century. For those only familiar with his poetry, these pages present a

Lawrence Ferlinghetti never before encountered, an elegant prose stylist and tireless political activist who was warning against the pernicious sins of our ever-expansive corporate culture long before such thoughts ever seeped into mainstream consciousness. Yet first and foremost we see an inquisitive wanderer whose firsthand accounts of people and places are filled with pungent descriptions that animate the landscapes and cultures he encounters. Evoking each journey with a mixture of travelogue and poetry as well as his own hand-drawn sketches, Ferlinghetti adopts the role of an

American bard, providing panoramic views of the Cuban Revolution in Havana, 1960, and a trip through Haiti, where voodoo and Catholicism clash in cathedrals "filled with ulcerous children's feet running from Baron Hunger." Reminding us that poverty is not only to be found abroad, Ferlinghetti narrates a Steinbeck-like trip through California's Salton Sea, a sad yet exquisitely melodic odyssey from motel to motel, experiencing the life "between cocktails, between filling stations, between buses, trains, towns, restaurants, movies, highways leading over horizons to another Rest Stop...Sad hope

of all their journeys to Nowhere and back in dark Eternity." Particularly memorable is his journey across the Trans-Siberian Railway in 1957, which turns into a Kafkaesque nightmare in which he, lacking a proper visa, is removed from a Japan-bound freighter and forced back across the Russian steppe to Moscow, encountering a countryside more Tolstoy than Khrushchev, while nearly dying in the process. Readers are also treated to glimpses of Ezra Pound, "looking like an old Chinese sage," whom Ferlinghetti spies in Italy, as well as fellow Beat legends Allen Ginsberg and a dyspeptic

William S. Burroughs, immured with his cats in a grotto-like apartment in London. Embedded with facsimile manuscript pages and an array of poems, many never before published, Writing Across the Landscape revives an era when political activism coursed through the land and refashions Lawrence Ferlinghetti, not only as a seminal poet but as an historic and singular American voice. The book discusses the form and contents of seventeenth- and early eighteenth-century travel journals and correspondence together with other aspects of tourism, such as transport, accommodation and sightseeing.

The nineteenth-century Romantic understanding of history is often confused with the longing for the past Golden Age. In this book, the Romantic idea of Golden Age is seen from a new angle by discussing it in the context of Friedrich Schlegel's works.

Interestingly, Schlegel argued that the concept of a past Golden Age in the beginning of history was

itself a product of antiquity, imagined without any historical ground. The Golden Age was not bygone for Schlegel, but to be produced in the future. His utopian vision of the Kingdom of God was related to the millenarian expectations of perpetual peace aroused by the revolutionary wars. Schlegel understood current era through the kairos concept, which emphasized the present possibilities for public agency. Thus history could not be reduced to any kind of pre-established
