Yoshida was just rejected by his crush of 5 years. On the way home from drowning his sorrows, he runs into a girl crouching in the middle of the road, and she offers him a deal—let her crash at his place and he can do whatever he wants with her. When he refuses, she asks to stay for free. This is the story of Yoshida, a 26-year-old office worker, and Sayu, a runaway high school girl, and their unconventional life together.

In June 2014, Abu Bakr al-Baghdadi declared an Islamic State in Iraq and Syria and called for Muslims around the world to migrate there. Over the next five years, around 150 women left the UK to heed this invitation, and the so-called 'jihadi brides' were rarely out of the news. This book traces the media fascination with those who joined the 'caliphate', including Sally Jones, Aqsa Mahmood and Shamima Begum. Through an analysis of the media that presented the 'brides' for public consumption, Leonie B. Jackson reveals the gendered dualistic construction of IS women as either monstrous or vulnerable. Just as the monstrous woman was

sensationalised as irredeemably evil, the vulnerable girl was represented as groomed and naïve. Both subjects were constructed in such a way that women's involvement in jihadism was detached from men's, scrutinised more closely, and explained through gender stereotypes that both erased the agency of female extremists and neglected their stated motivations. As Jackson demonstrates, these media representations also contributed to the development of new norms for dealing with the 'brides', including targeted killing and the revocation of citizenship. While the vulnerable girl was potentially redeemable, the monstrous woman was increasingly considered expendable.

Some indigenous people, while remaining attached to their traditional homelands, leave them to make a new life for themselves in white towns and cities, thus constituting an "indigenous diaspora". This innovative book is the first ethnographic account of one such indigenous diaspora, the Warlpiri, whose traditional hunter-gatherer life has been transformed through their dispossession and involvement with ranchers, missionaries, and successive government projects of recognition. By following several Warlpiri matriarchs into their new locations, far from their home settlements, this book explores how they sustained their independent lives,

and examines their changing relationship with the traditional culture they represent.

When the dying mother of a dead friend contacts her wanting answers about his murder, Kate Mayfield, a retired teacher, is forced to relive the events that led to it during the summer of 1972.

1894-1897 contain a synopsis of playbills of the year by Henry George Hibbert.

Hers is the show business saga you think you already know--but you ain't seen nothin' yet. Rose Thompson Hovick, mother of June Havoc and Gypsy Rose Lee, went down in theatrical history as "The Stage Mother from Hell" after

her immortalization on Broadway in *Gypsy: A Musical Fable*. Yet the musical was 75 percent fictionalized by playwright Arthur Laurents and condensed for the stage. Rose's full story is even more striking. Born fearless on the North Dakota prairie in 1891, Rose Thompson had a kind father and a gallivanting mother who sold lacy finery to prostitutes. She became an unhappy teenage bride whose marriage yielded two entrancing daughters, Louise and June. When June was discovered to be a child prodigy in ballet, capable of dancing en pointe by the age of three, Rose, without benefit of any theatrical training, set out to create onstage opportunities for her magical baby girl--and succeeded. Rose followed her own star and created two more in dramatic and colorful style: "Baby June" became a child headliner in vaudeville, and Louise grew up to be the well-known burlesque star Gypsy Rose Lee. The rest of Mama Rose's remarkable story included love affairs with both men and women, the operation of a "lesbian pick-up joint" where she sold homemade bathtub gin, wild attempts to extort

money from Gypsy and June, two stints as a chicken farmer, and three allegations of cold-blooded murder--all of which was deemed unfit for the script of Gypsy. Here, at last, is the rollicking, wild saga that never made it to the stage.

Today, we talk about Bernard Madoff, but in the early 20th century, they talked about George Graham Rice. Born Jacob Simon Herzig in 1870, he later changed his name - just as he would frequently change his swindles to make himself into one of the most colorfully successful villains in American history. T.D. Thornton now tells the story of Rice's life as it unfolded against the dark rise of American greed in the early 20th century. In the early 1900s, Rice made market-manipulation killings valued at billions in today's dollars by inventing fictitious boom towns in Death Valley and flagrantly exaggerating worthless mining claims throughout the West. As a shameless

racetrack tipster, Rice cultivated a national following of 100,000 daily subscribers who paid for the privilege of being tipped to bet on hopeless nags. Vilified by securities regulators as the "Jackal of Wall Street," Rice sparked riots in Manhattan's financial district by perfecting the art of "bucket shop" trading with the sole purpose of bilking the public blind. He was capable of pulling off everything from street corner rip-offs for pocket change to elaborately scripted gambling hoaxes, all while being vilified by old-guard profiteers like J.P. Morgan and befriended by gangsters like Arnold Rothstein. In My Adventures With Your Money, T.D. Thornton has given us a real-life version of The Sting with one of America's most colorful con men at it's center.

The so-called "Islamic State" (IS) that has swept into power in parts of Syria and Iraq presents an imminent danger to the global community with its capacity as an effective, ideologically motivated, and bloodthirsty fighting force, coupled with its expanding territorial reach, on the ground and online. The IS has taken on a quasi-state form that mixes modernity with ancient rites, and aggressively promotes sectarian violence and religious extremism with a decidedly apocalyptic bent. Too, it has introduced to the Middle East a new level of extremism and brutality, marked by volatile fluidity, with far-reaching, dangerously destabilizing effects on state and

non-state actors, regionally and globally. This book offers insights into the nature of the IS and what the international community can do to combat it. In order to achieve this objective, the origins, intentions, leadership, capabilities, and operations of the IS are explored. The Islamic State's multifaceted efforts and effects in the region and beyond are described. Also, national, regional, and global strategies that are being pursued to address the new threat are examined. To this end, a range of recommendations are offered on specific steps that governmental, intergovernmental, and non-governmental bodies can take to counter the IS menace. Lastly, additional insights are presented relevant to combating the IS and undermining its potential future capabilities. Originally published in London by Hodder Children's Books in 2014.

In September 2012, mother of five Davina Williams found two policemen on her doorstep. Her daughter "Gemma," fifteen, had been abducted by her thirty-year-old teacher Jeremy Forrest. It was the start of a year-long nightmare that still haunts the family. While the media painted a picture of doomed romance, Forrest had in fact abused his position of authority. The Life and Death of Tina Fontaine

A Concise History

The Fiction Film

It is 1940, the time of the Phoney War. Britain stands alone with German invaders waiting across the Channel and an anxious population preparing for the bloody battle ahead. In an isolated girls' boarding school, sixteen-year-old Judy Randall watches the coming of war with a mixture of fascination and fear. She is a misfit in an institution that prizes conformity; a Catholic with Jewish heritage at a time when anti-Semitism is still

commonplace. Most inconveniently of all, she is autistic, and her behavior is misunderstood as merely eccentric and insolent. Bored and frustrated by her inability to help the war effort, Judy becomes obsessed with the idea that her hated headmistress is a Nazi, and she goes to increasingly reckless lengths to prove her theory. In the meantime, the adults of the school busy themselves with planning how best to protect the children in their care if occupying forces overrun the country. For teacher John Peterson, who has seen armed conflict before, his own agonizing history forces him to consider what sacrifices he might have to make if the horrors of the war overtake them all. *A Most Dangerous Innocence* offers a glimpse into the early days of the Second World War, seen from a sleepy corner of Britain. It is also a meditation on childhood guilt, innocence, loyalty, and the courage to stand alone.

NATIONAL BESTSELLER A gripping account of the unsolved death of an Indigenous teenager, and the detective determined to find her killer, set against the backdrop of a troubled city. On August 17, 2014, the body of fifteen-year old runaway Tina Fontaine was found in Winnipeg's Red River. It was wrapped in material and weighted down with rocks. *Red River Girl* is a gripping account of that murder investigation and the unusual

police detective who pursued the killer with every legal means at his disposal. The book, like the movie *Spotlight*, will chronicle the behind-the-scenes stages of a lengthy and meticulously planned investigation. It reveals characters and social tensions that bring vivid life to a story that made national headlines. Award-winning BBC reporter and documentary maker Joanna Jolly delves into the troubled life of Tina Fontaine, the half-Ojibway, half-Cree murder victim, starting with her childhood on the Sagkeeng First Nation Reserve. Tina's journey to the capital city is a harrowing one, culminating in drug abuse, sexual exploitation, and death. Aware of the reality of missing and murdered Indigenous women and girls, Jolly has chronicled Tina Fontaine's life as a reminder that she was more than a statistic. Raised by her father, and then by her great-aunt, Tina was a good student. But the violent death of her father hit Tina hard. She ran away, was found and put into the care of Child and Family Services, which she also sought to escape from. That choice left her in danger. *Red River Girl* focuses not on the grisly event itself, but on the efforts to seek justice. In December 2015, the police charged Raymond Cormier, a drifter, with second-degree murder. Jolly's book will cover the trial, which resulted in an acquittal. The verdict caused dismay across the country. The book is not only a true crime story, but a portrait of a community where Indigenous women are disproportionately more likely to be hurt or killed. Jolly asks questions about how Indigenous women, sex workers, community leaders, and activists are fighting back to protect themselves and change perceptions. Most importantly, the book will chronicle

whether Tina's family will find justice.

Combating The Caliphate Without Borders

Japanese society in the 1990s and 2000s produced a range of complicated material about sexualized schoolgirls, and few topics have caught the imagination of western observers so powerfully. While young Japanese girls had previously been portrayed as demure and obedient, in training to become the obedient wife and prudent mother, in recent years less than demure young women have become central to urban mythology and the content of culture. The cultic fascination with the figure of a deviant school girl, which has some of its earliest roots in the nineteenth and early twentieth centuries, likewise re-emerged and proliferated in fascinating and timely ways in the 1990s and 2000s. Through exploring the history and politics underlying the cult of girls in contemporary Japanese media and culture, this book presents a striking picture of contemporary Japanese society from the 1990s to the start of the 2010s. At its core is an in-depth case study of the media delight and panic surrounding delinquent prostitute schoolgirls. Sharon Kinsella traces this social panic back to male anxieties relating to gender equality and female emancipation in Japan. In each chapter in turn, the book reveals the conflicted, nostalgic, pornographic, and at times distinctly racialized manner, in which largely male sentiments about this transformation of gender relations have been expressed. The book simultaneously explores the stylistic and flamboyant

manner in which young women have reacted to the weight of an obsessive and accusatory male media gaze. Covering the often controversial subjects of compensated dating (enjo kô sai), the role of porn and lifestyle magazines, the historical sources and politicized social meanings of the schoolgirl, and the racialization of fashionable girls, *Schoolgirls, Money, Rebellion in Japan* will be invaluable to students and scholars of Japanese culture and society, sociology, anthropology, gender and women's studies.

On Friday 21 September 2012, mother of five, Davina Williams found herself facing two policemen on her doorstep. It was the start of a year-long nightmare that still haunts the entire family. Her fifteen-year-old daughter was missing and soon after was captured on CCTV boarding a ferry to France with her thirty-year-old school teacher Jeremy Forrest. The newspapers called her *The Runaway Schoolgirl* and some saw their romance as nothing more than a harmless love story. But Forrest had abused his position of responsibility and engaged his pupil in a sexual relationship. Now Davina Williams, the mother of the teenager referred to as Gemma Grant, tells the story of the abduction and subsequent capture of Forrest, its harrowing aftermath and the traumatic trial to make Forrest pay for his crimes. Told only as a mother knows how, Davina Williams hopes her heart wrenching story will silence the parasites who believed they should be together and allow 'Gemma' and her family to finally move on with their lives.
