Do you know why you're here? Do you know what you're supposed to accomplish? Your work what you do in this life matters greatly to God. There are no second-class assignments from Him, and it is imperative to see the value that God places on our work and our works. In The Work Book, you will find answers to important questions. Is work a result of sin and the curse, or was it God's original plan that we work? Is secular work somehow inferior to spiritual or ministerial work? What is the significance of Jesus having been a carpenter, and of Paul having been a tent-maker? What kind of work is Jesus doing yet today? What does the Bible say about the kind of work ethic we are to have? Our attitude toward work? How much does the New Testament really say about the importance of us doing good works? What does the work of the ministry look like and entail? What does the Bible say about the rewards of our works, and how will our works be judged? If we are saved by grace, why do we need to work? Are there some works we are to avoid? What about rest? How can we work and not be a workaholic? If we want to hear Jesus say, Well Done, then we need to make sure we are doing some things well. Your life matters to God because of His unconditional love for you; now it's time to make your life significant to others through works of love and kindness.

How has He expressed His riches and righteousness? How can you trust His goodness? As you get to know the names of God and understand their meaning, God's character will become real to you in life-changing ways. In a culture obsessed with happiness, this wise, stirring book points the way toward a richer, more satisfying life. Too many of us believe that the search for meaning is an esoteric pursuit—that you have to travel to a distant monastery or page through dusty volumes to discover life's secrets. The truth is, there are untapped sources of meaning all around us—right here, right now. To explore how we can craft lives of meaning, Emily Esfahani Smith synthesizes a kaleidoscopic array of sources—from psychologists, sociologists, philosophers, and neuroscientists to figures in literature and history such as George Eliot, Viktor Frankl, Aristotle, and the Buddha. Drawing on this research, Smith shows us how cultivating connections to others, identifying and working toward a purpose, telling stories about our place in the world, and seeking out mystery can immeasurably deepen our lives. To bring what she calls the four pillars of meaning to life, Smith visits a tight-knit fishing village in the Chesapeake Bay, stargazes in West Texas, attends a dinner where young people gather to share their experiences of profound loss, and more. She also introduces us to compelling seekers of meaning—from the drug kingpin who finds his purpose in helping people get fit to the artist who draws on her Hindu upbringing to create arresting photographs. And she explores how we might begin to build a culture that leaves space for introspection and awe, cultivates a sense of community, and imbues our lives with meaning. Inspiring and story-driven, The Power of Meaning will strike a profound chord in anyone seeking a life that matters.

Here is a book for men and women who hunger for something deeper and more authentic in their relationships with their fathers. Your relationship with your father affects your emotional style, your relationships, and the way you think about God.

In the Lord's recovery during the past five hundred years the church's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does.
