This carefully crafted book: "MIND POWER: The Secret of Mental Magic (Unabridged)" is formatted for your eReader with a functional and detailed table of contents. "I wish to invite you to the consideration of a great principle of Nature—a great natural force that manifests its activities in the phenomena of Dynamic Mentation—a great Something the energies of which I have called MIND-POWER." My thought on the subject is based upon the fundamental conception that THERE EXISTS IN NATURE A DYNAMIC MENTAL PRINCIPLE—A MIND-POWER—PERVADING ALL THINGS—MANIFESTING IN AN INFINITE VARIETY OF FORMS, DEGREES, AND PHASES. I hold that this energy, or force, or dynamic principle, is no respecter of persons. Its service, like that of the sun and rain, and all natural forces, is open to all—just and unjust; good and bad; high and low; rich and poor. It responds to the proper efforts, no matter by whom exerted, or for what purpose called into effect. But the proper effort must be exerted, consciously or unconsciously, else there will be no operation of the force." - William Walker Atkinson William Walker Atkinson's themes related to the mental world, occultism, divination, psychic reality, and mankind's nature. They constitute a basis for what Atkinson called "New Psychology" or "New Thought".

From the word "Magi" came the term "Magic," which Webster has defined as follows: "The hidden wisdom possessed to be possessed by the Magi; relating to the occult powers of nature; mastery of secret forces in nature; having extraordinary properties; seemingly requiring more than human power, etc.," So we may consider the word "magic" to mean, "mastery of the occult forces of nature," the term indicating the existence of such forces, and the possibility of the mastery or control of them. And in ancient times, "magic" was always believed to be connected with desire, and imagination. Effects were believed to result because some magician either "willed it"; "desired it to be"; or else "imagined it would occur";-in each case the result happening as a materialization of the mental conception or wish. "Wishing" was always believed to be a magical operation, and if we examine a "wish" we see it is composed of the use of the imagination, coupled with desire, and backed up with will.

Secret Mental Powers: Miracle of Mind Magic How to energize your mental dynamo to work miracles for you! Frank Young has done a lot of research in his field of study and was truly ahead of his time. Many books delve into the sub-conscious mind and how it works. This book takes a different approach. He teaches you how to use you conscious mind to achieve anything you want in life. I think it's best to learn about the conscious mind before learning about the sub-conscious. He gives techniques that can be used over and over until you achieve success. His teaching are genuine and not a rewrite of other peoples work. I have read the majority of his other books. I can say that this book should be the foundation before getting into his more advanced work such as Cyclomancy, Zodiac Force Control, Mental Domination, and more...

This book is accompanying Atkinson's main work entitled "The Secret of Mental Magic," and being in the nature of a sequel, supplement, or "side-light" thereto. It is designed to bring out the details, and special features of several of the "lessons" of which "The Secret of Mental Magic" is composed; and to give something in the nature of Special Instruction regarding the actual operation or workings of the principles referred to in the lessons of my main work. The present manual bears the above mentioned relation to that lesson in my main work entitled "Personal Influence."

"We take the greatest pleasure in presenting this latest and best work from the pen of William Walker Atkinson. It embodies the essence of years of thought, study, and experiment on the part of its author whose original research, discoveries, and writings along these lines have given him his worldwide reputation as an authority. It is his Masterpiece. A portion of its material was used in two of the author's previous works, vis., "Mental Magic," and "Mental Fascination," both of which works were published by ourselves. Both of the said works are now practically out of print, and will be withdrawn from sale by us, as they will be superseded by this newer and more complete work. This foundation material has been edited; added to; changed; improved; and corrected by the author, in accordance with his increased experience and knowledge of the subject. Obsolete matter has been replaced by entirely new material, and the work is now strictly "up-to-date". It is encyclopaedic in extent and character, every phase of the subject being considered by the author and expressed in words charged with his dynamic vitality. It contains matter that well might have been expanded into several volumes"--Foreword.
