

The Sing Of The Shore

An uncanny, startlingly beautiful story collection steeped in the Cornish landscape, from the award-winning author of *Diving Belles and Other Stories* and *Weathering*.

Merlyn Britannicus and Uther Pendragon---the Silver Bear and the Red Dragon---are the leaders of the Colony, lifeblood to the community from which will come the fabled Camulod. But soon their tranquility is in ruins, Uther lies dead from treachery, and all that is left of the dream is the orphaned babe Arthur. Heir to the Colony of Camulod, born with Roman heritage as well as the blood of the Hibernians and the Celts, Arthur is the living incarnation of the sacred dream of his ancestors: independent survival in Britain amidst the ruins of the Roman Empire. When Arthur is adopted by Merlyn Britannicus, an enormous responsibility is placed on Merlyn's shoulders. Now he must prepare young Arthur to unify the clans of Britain and guard the mighty sword Excalibur. And, above all, Merlyn must see that Arthur survives to achieve the rest of his ancestors' dreams, in spite of the deadly threats rumbling from the Saxon Shore. "Of the scores of novels based on Arthurian legend, Whyte's Camulod series is distinctive, particularly in the rendering of its leading players and the residual Roman influences that survived in Britain during the Dark Ages."--The Washington Post

Along Cornwall's ancient coast, the flotsam and jetsam of the past becomes caught in the cross-currents of the

present and, from time to time, a certain kind of magic can float to the surface... Straying husbands lured into the sea can be fetched back, for a fee. Magpies whisper to lonely drivers late at night. Trees can make wishes come true - provided you know how to wish properly first. Houses creak, fill with water and keep a fretful watch on their inhabitants, straightening shower curtains and worrying about frayed carpets. A teenager's growing pains are sometimes even bigger than him. And, on a windy beach, a small boy and his grandmother keep despair at bay with an old white door. In these stories, Cornish folklore slips into everyday life. Hopes, regrets and memories are entangled with catfish, wrecker's lamps, standing stones and baying hounds, and relationships wax and wane in the glow of a moonlit sea. This luminous, startling and utterly spellbinding debut collection introduces in Lucy Wood a spectacular new voice in contemporary British fiction.

A song book that highlights that inside everyone there is a perfect and loving heart, and that if we uncover our perfection and recognise it in others we can change the world for the better. The song takes you through the personal journey of a little monster who discovers his self worth is not defined by his physical characteristics or by

the definitions placed on him by others, but by how he allows his light and love to shine. Once he understands his own value he is able to see the perfection in others even when they are hurtful. He then goes on to show that if we all recognised the perfection in each other and acted from a place of love we can change the world to a better place. "Let us live the perfection that we are and uncover ourselves to shine like a star. Our potential never stops to spread love on this earth, it is why we are here, it is the reason for our birth."

NOW A MAJOR MOTION PICTURE The #1 New York Times bestselling worldwide sensation with more than 12 million copies sold, “a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature” (The New York Times Book Review). For years, rumors of the “Marsh Girl” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Where the Crawdads Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Delia Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps. This work offers a comprehensive history of the myths and legends of the Huron and Wyandot people, both native tribes of the Toronto region. The work offers a history of how their respective myths came into being, as well as offering a thorough storytelling of their creation, cosmological and sociological myths, like The Big Turtle Myth, The Lion and the Boy and dozens of others.

Fast 40

From the bestselling author of *The Genius of Birds*, the revised and reissued edition of her beloved book of essays describing her forays along the Delaware shore. For three years, Jennifer Ackerman lived in the small coastal town of Lewes, Delaware, in the sort of blue-water, white-sand landscape that draws summer crowds up and down the eastern seaboard. *Birds by the Shore* is a book about discovering the natural life at the ocean's edge: the habits of shorebirds and seabirds, the movement of sand and water, the wealth of creatures that survive amid storm and surf. Against this landscape's rhythms, Ackerman revisits her own history--her mother's death, her father's illness and her hopes to have children of her own. This portrait of life at the ocean's edge will be relished by anyone who has walked a beach at sunset, or watched a hawk hover over a winter marsh, and felt part of the natural world. With a quiet passion and friendly, generous intelligence, it explores the way that landscape shapes our thoughts and perceptions and shows that home ground is often where we feel the deepest response to the planet.

Come down to the shore with this rich and vivid

celebration of the ocean! With watercolors gorgeous enough to wade in by award-winning artist Meilo So and playful, moving poems by Kate Coombs, *Water Sings Blue* evokes the beauty and power, the depth and mystery, and the endless resonance of the sea. Go on a snowy, sandy shore walk in a story where every single word starts with the letter S! Explore the beach in winter in this story told through clever language. During a sunset beach saunter, a girl stumbles and drops her doll into a tidal pool. *Soaked!* Celebrating the natural silence of an off-season location, the surf and sand are brought to life through this engaging story.

Soothe little ones to sleep with this beautiful board book featuring a sweetly illustrated and tender lullaby first composed by Holocaust survivor, Dr. Lena Allen-Shore for her son, Jacques, and then adapted further by them for this children's book. Sleep, my baby, my lovely baby I wish you good night. The stars are smiling they say to you be happy all your life. Author, teacher, and poet, Dr. Lena Allen-Shore made her mark on the world in innumerable ways, but she

made the most endearing and enduring mark on her sons by singing "Sleep, My Baby" to them as they drifted off to bed each night. This extended version of the original, written by both Dr. Shore and her son Jacques, celebrates mothers all over the world and shares the universal messaging of hope, peace, and love as children are gently lulled to sleep knowing they are safe, sound, and protected from harm.

40 Photos. 40 Stories. 40 Moments. Photographs freeze moments in time that would have otherwise escaped into memory and beyond. Each photo tells a story of what was, at that moment, real. Collected here are 40 such moments. Whether jumping off points for bigger tales, or self-contained stories that complete the moment, Fast 40 offers a view into other worlds. Each story won't take long to complete, but might tempt you to examine the moments happening around you from a different perspective.

Kafka on the Shore follows the fortunes of two remarkable characters. Kafka Tamura runs away from home at fifteen, under the shadow of his father's dark prophesy. The aging Nakata, tracker of lost cats, who never recovered from a bizarre childhood affliction, finds his pleasantly simplified life suddenly turned upside down. Their parallel odysseys are enriched throughout by vivid accomplices and mesmerising dramas. Cats converse with people; fish tumble from the sky; a ghostlike pimp deploys a Hegel-spouting girl of

the night; a forest harbours soldiers apparently unaged since WWII. There is a savage killing, but the identity of both victim and killer is a riddle.

Murakami's new novel is at once a classic tale of quest, but it is also a bold exploration of mythic and contemporary taboos, of patricide, of mother-love, of sister-love. Above all it is an entertainment of a very high order.

A novel of suspense and intrigue set in the post-pandemic world Harris Maloub, a killer with an erased official past, now in his fifties, is visited by someone who could not be alive and given an assignment. In Aarhus, Denmark, Jens Erik, police officer on pre-retirement leave, somehow cannot forget the body of a Black man recovered from the sea some years ago. On an abandoned oil rig in the North Sea, turned into a resort for the very rich, Michelle, a young Caribbean woman, realizes that the man she has followed to this job is not what he claims to be. And neither is the rig, where a secret laboratory bares to her a face that is neither human nor animal. Behind all this, there lurks the ghost of a seminar in 2007: most of the participants of that seminar are dead or untraceable. Why was their

obscure research on plants and fungi and microbes so important? What is the secret that killed them? What is the weapon that powerful syndicates are trying to obtain - or develop? Narrated from the perspective of the post-pandemic world around 2030, but moving back in time to cover all of the 21st century, and even bits and pieces from the 20th and the 19th, *The Body by the Shore* is a novel of suspense and speculation about the complexity of life and intricacy of the earth. It is also a novel about reason and emotion, love and despair, greed and hope, human beings and microbes. When the narrative strands come together, a world of great terror and beauty is revealed to the reader.

During a chance night shift on the cops beat, newsroom assistant Madeleine Harrington stumbles on the corruption story of a lifetime - a plot that would reshape the entire city. She teams up with her dad, a downtrodden columnist at the paper, to unearth the mystery. The muckrakers find the plot goes deeper - and contains more skeletons among the city's powerbrokers - than

they imagined.

“A first-rate storyteller who creates believable, sympathetic characters who seem as familiar as your neighbors,” (The Boston Globe), Barbara Delinsky presents a captivating new novel about a woman whose unexpected reunion with her estranged family forces her to confront a devastating past in *A Week at the Shore*. One phone call is all it takes to lure Mallory Aldiss back to her family’s Rhode Island beach home. It's been twenty years since she's been gone—running from the scandal that destroyed her parents' marriage, drove her and her two sisters apart, and crushed her relationship with the love of her life, Jack Sabathian. Twenty years during which she lived in New York, building her career as a photographer and raising her now teenage daughter Joy. But that phone call makes it clear that something has brought the past forward again—something involving Mallory’s father. Compelled by concern for her family and by Joy’s wish to visit her mother’s childhood home, Mallory returns to Bay Bluff, where conflicting loyalties will be faced and painful truths revealed. In just

seven watershed days at the Rhode Island shore, she will test the bonds of friendship and family—and discover the role that love plays in defining their lives.

“A passionate coming-of-age story.”—Kirkus Reviews Finalist, Indies Today Book Awards
All magical gifts are wild. The seer’s gift is the wildest of all. Dasha, Tsarinovna of all of Zem’, was expected to have great magical gifts. Why else would the gods have arranged her conception? But instead of anything useful, Dasha’s gifts first manifested themselves as visions of terror and destruction. Then, just when it seemed she might be gaining some control over them, they abandoned her entirely. That’s unfortunate, because Dasha could really use some guidance right now. She’s volunteered to be her people’s envoy to the Rutsi, their warlike neighbors to the West. Dasha wants to make peace with the Rutsi, but the only way they want to make peace with her is by conquest—or marriage. Dasha leaves behind her home and everything she knows on a dangerous journey to treat with the Rutsi. As she travels through a new land, she discovers new

powers, new dangers, and the oldest magic of all—love. Dasha’s gift is wild, but she’s about to find out that the heart is wilder still. A high fantasy saga that combines spiritual exploration with a touch of spicy romance, *The Singing Shore I: Sea and Song* is the first installment in the trilogy sequel to the award-winning miniseries *The Breathing Sea*. But the family's future becomes even more precarious when Brian develops a brain tumor, transforming into a bizarre, erratic version of himself. Amidst the chaos and new caretaking responsibilities, Liz still seeks out summer adventure and flirting with a guy she should know better than to pursue. Her younger sister Evy works in a candy shop, falls in love with her friend Olivia, and secretly adopts the persona of a middle-aged mom in an online support group, where she discovers her own mother's most vulnerable confessions. Meanwhile, Margot faces an impossible choice driven by grief, impulse, and the ways that small-town life in Seaside has shaped her.
