

## **The Sober Revolution Women Calling Time On Wine O'clock Volume 1 Addiction Recovery Series**

**"An important debut work of narrative nonfiction: the timely, never-before-told story of five brilliant, passionate women who, in the early 1960s, converged at the newly founded Radcliffe Institute for Independent Study, stepping outside the domestic sphere and shaping the course of feminism in ways that still resonate today. In 1960, at the height of an era that expected women to focus solely on raising families, Radcliffe College announced the founding of an Institute for Independent Study, offering fellowships to women with a PhD or "the equivalent" in artistic success. Acclaimed writer and Harvard lecturer Maggie Doherty introduces us to five brilliant friends--poets Anne Sexton and Maxine Kumin, painter Barbara Swan, sculptor Mariana Pineda, and writer Tillie Olsen--who came together at the Institute and would go on to make history. Drawing from their notebooks, letters, lecture recordings, journals, and finished works, Doherty weaves from these women's own voices a moving narrative of friendship, ambition, activism, and art. Beautifully written and urgently told, *The Equivalent* shows us where we've been--and inspires us to go forward"--**

**"The feeling was electric-energy humming through my body. I felt like blood was pouring into areas of my tissues that it had not been able to reach for some time. It was relieving and healing, subtler than the feeling from getting off on drugs, but it was detectable and lovely, and of course, there was no hangover, just a feeling of more ease than I could remember. I felt a warmth come over me similar to what I felt when I had done heroin, but far from the darkness of that insanity, this was pure light-a way through." - Tommy Rosen, on his first yoga experience** Most of us deal with addiction in some form. While you may not be a fall-down drunk, anorexic, or a gambling addict, you likely struggle with addiction in other ways. Workaholism, overeating, and compulsively engaging with technology like video games, texting, and Facebook are also highly common examples. And if you don't suffer from addiction, chances are you know someone who does. Through more than 20 years of recovery and in working professionally with others, Tommy Rosen has uncovered core elements of recovery and healing, what he refers to as Recovery 2.0. In the book, he shares his own past struggles with addiction, and powerful, tested tools for breaking free from the obstacles that stand in the way of a holistic and lasting recovery. Building off the key tenets of the 12-Step program, he has developed an innovative approach that includes • Looking at the roots of addiction; your family history and "Addiction Story" • Daily breathing practices, meditation, yoga, and body awareness • A healthy, alkaline-based diet to aid with detox, boost immunity, increase vitality, support your entire recovery, and help prevent relapse • Discovering your mission, living on purpose, and being of service to others Recovery 2.0 will help readers not only release their addictions, but thrive in their recovery.

**Burgundy, Bordeaux, Champagne. The names of these and other French regions bring to mind time-honored winemaking practices. Yet the link between wine and place, in French known as *terroir*, was not a given. In *The Sober Revolution*, Joseph Bohling inverts our understanding of French wine history by revealing a modern connection between wine and place, one with profound ties to such diverse and sometimes unlikely issues as alcoholism, drunk driving, regional tourism, Algeria's independence from French rule, and integration into the European Economic Community. In the 1930s, cheap, mass-produced wines from the Languedoc region of southern France and French Algeria dominated French markets. Artisanal wine producers, worried about the impact of these "inferior" products on the reputation of their wines, created a system of regional appellation labeling to reform the industry in their favor by linking quality to the place of origin. At the same time, the loss of Algeria, once the world's largest wine exporter, forced the industry to rethink wine production. Over several decades, appellation producers were joined by technocrats, public health activists, tourism boosters, and other dynamic economic actors who blamed cheap industrial wine for hindering efforts to modernize France. Today, scholars, food activists, and wine enthusiasts see the appellation system as a counterweight to globalization and industrial food. But, as *The Sober Revolution* reveals, French efforts to localize wine and integrate into global markets were not antagonistic but instead mutually dependent. The time-honored winemaking practices that we associate with a pastoral vision of traditional France were in fact a strategy deployed by the wine industry to meet the challenges and opportunities of the post-1945 international economy. France's luxury wine producers were more market savvy than we realize.**

**The first general consumer book ever on the powerful, award-winning, scientifically proven new system of intervention that is turning the recovery field on its head. Historically there have been few options available for individuals seeking help for treatment-resistant loved ones suffering from substance abuse. Co-author Dr. Robert Meyers spent ten years developing a treatment program that helps Concerned Significant Others (CSOs) both improve the quality of their lives and to learn how to make treatment an attractive option for their partners who are substance abusers. *Get Your Loved One Sober* describes this multi-faceted program that uses supportive, non-confrontational methods to engage substance abusers into treatment. Called Community Reinforcement and Family Training (CRAFT), the program uses scientifically validated behavioral principles to reduce the loved one's substance use and to encourage him or her to seek treatment. Equally important, CRAFT also helps loved ones reduce personal stress and introduce meaningful, new sources of satisfaction into their life. Key Features: CRAFT is more effective than other types of interventions. This breakthrough new system is sweeping the recovery field. This is its first introduction to the general public. Contains**

**simple exercises readers can practice at their own pace, with no costly or heart-breaking interventions. Proven successful for numerous addictions, not just alcoholism.**

*Fifteen million Americans a year are plagued with alcoholism. Five million of them are women. Many of them, like Caroline Knapp, started in their early teens and began to use alcohol as "liquid armor," a way to protect themselves against the difficult realities of life. In this extraordinarily candid and revealing memoir, Knapp offers important insights not only about alcoholism, but about life itself and how we learn to cope with it. It was love at first sight. The beads of moisture on a chilled bottle. The way the glasses clinked and the conversation flowed. Then it became obsession. The way she hid her bottles behind her lover's refrigerator. The way she slipped from the dinner table to the bathroom, from work to the bar. And then, like so many love stories, it fell apart. Drinking is Caroline Knapp's harrowing chronicle of her twenty-year love affair with alcohol. Caroline had her first drink at fourteen. She drank through her years at an Ivy League college, and through an award-winning career as an editor and columnist. Publicly she was a dutiful daughter, a sophisticated professional. Privately she was drinking herself into oblivion. This startlingly honest memoir lays bare the secrecy, family myths, and destructive relationships that go hand in hand with drinking. And it is, above all, a love story for our times—full of passion and heartbreak, betrayal and desire—a triumph over the pain and deception that mark an alcoholic life. Praise for *Drinking* "Quietly moving . . . Caroline Knapp dazzles us with her heady description of alcohol's allure and its devastating hold."—Los Angeles Times Book Review "Filled with hard-won wisdom . . . [a] perceptive and revealing book."—San Francisco Chronicle "Eloquent . . . a remarkable exercise in self-discovery."—The New York Times "Drinking not only describes triumph; it is one."—Newsweek*

*In *Drink: The Intimate Relationship Between Women and Alcohol*, award-winning journalist Anne Dowsett Johnston combines in-depth research with her own personal story of recovery, and delivers a groundbreaking examination of a shocking yet little recognized epidemic threatening society today: the precipitous rise in risky drinking among women and girls. With the feminist revolution, women have closed the gender gap in their professional and educational lives. They have also achieved equality with men in more troubling areas as well. In the U.S. alone, the rates of alcohol abuse among women have skyrocketed in the past decade. DUIs, "drunkorexia" (choosing to limit eating to consume greater quantities of alcohol), and health problems connected to drinking are all rising—a problem exacerbated by the alcohol industry itself. Battling for women's dollars and leisure time, corporations have developed marketing strategies and products targeted exclusively to women. Equally alarming is a recent CDC report showing a sharp rise in binge drinking, putting women and girls at further risk. As she brilliantly weaves in-depth research, interviews with leading researchers, and the moving story of her own struggle with alcohol abuse, Johnston illuminates this startling epidemic, dissecting the psychological, social, and industry factors that have contributed to its rise, and exploring its long-lasting impact on our society and individual lives.*

*"We Are the Luckiest is a masterpiece. It's the truest, most generous, honest, and helpful sobriety memoir I've read. It's going to save lives." — Glennon Doyle, #1 New York Times bestselling author of *Love Warrior: A Memoir* What could possibly be "lucky" about addiction? Absolutely nothing, thought Laura McKowen when drinking brought her to her knees. As she puts it, she "kicked and screamed . . . wishing for something — anything — else" to be her issue. The people who got to drink normally, she thought, were so damn lucky. But in the midst of early sobriety, when no longer able to anesthetize her pain and anxiety, she realized that she was actually the lucky one. Lucky to feel her feelings, live honestly, really be with her daughter, change her legacy. She recognized that "those of us who answer the invitation to wake up, whatever our invitation, are really the luckiest of all." Here, in straight-talking chapters filled with personal stories, McKowen addresses issues such as facing facts, the question of AA, and other people's drinking. Without sugarcoating the struggles of sobriety, she relentlessly emphasizes the many blessings of an honest life, one without secrets and debilitating shame.*

*"Today, only twenty percent of Americans are wed by age twenty-nine, compared to nearly sixty percent in 1960. The Population Reference Bureau calls it a 'dramatic reversal.' [This book presents a] portrait of contemporary American life and how we got here, through the lens of the single American woman, covering class, race, [and] sexual orientation, and filled with . . . anecdotes from . . . contemporary and historical figures"--*

**#1 NEW YORK TIMES BESTSELLER • OVER TWO MILLION COPIES SOLD!** "Packed with incredible insight about what it means to be a woman today."—Reese Witherspoon (*Reese's Book Club Pick*) In her most revealing and powerful memoir

yet, the activist, speaker, bestselling author, and “patron saint of female empowerment” (*People*) explores the joy and peace we discover when we stop striving to meet others’ expectations and start trusting the voice deep within us. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY O: The Oprah Magazine • The Washington Post • Cosmopolitan • Marie Claire • Bloomberg • Parade • “Untamed will liberate women—emotionally, spiritually, and physically. It is phenomenal.”—Elizabeth Gilbert, author of City of Girls and Eat Pray Love** This is how you find yourself. There is a voice of longing inside each woman. We strive so mightily to be good: good partners, daughters, mothers, employees, and friends. We hope all this striving will make us feel alive. Instead, it leaves us feeling weary, stuck, overwhelmed, and underwhelmed. We look at our lives and wonder: Wasn’t it all supposed to be more beautiful than this? We quickly silence that question, telling ourselves to be grateful, hiding our discontent—even from ourselves. For many years, Glennon Doyle denied her own discontent. Then, while speaking at a conference, she looked at a woman across the room and fell instantly in love. Three words flooded her mind: *There She Is*. At first, Glennon assumed these words came to her from on high. But she soon realized they had come to her from within. This was her own voice—the one she had buried beneath decades of numbing addictions, cultural conditioning, and institutional allegiances. This was the voice of the girl she had been before the world told her who to be. Glennon decided to quit abandoning herself and to instead abandon the world’s expectations of her. She quit being good so she could be free. She quit pleasing and started living. Soulful and uproarious, forceful and tender, *Untamed* is both an intimate memoir and a galvanizing wake-up call. It is the story of how one woman learned that a responsible mother is not one who slowly dies for her children, but one who shows them how to fully live. It is the story of navigating divorce, forming a new blended family, and discovering that the brokenness or wholeness of a family depends not on its structure but on each member’s ability to bring her full self to the table. And it is the story of how each of us can begin to trust ourselves enough to set boundaries, make peace with our bodies, honor our anger and heartbreak, and unleash our truest, wildest instincts so that we become women who can finally look at ourselves and say: *There She Is*. *Untamed* shows us how to be brave. As Glennon insists: *The braver we are, the luckier we get.*

The first book in the three book practical series on becoming and living alcohol free by alcohol free lifestyle coach and personal trainer, Catherine Mason Thomas. This series is written to inspire you if you want to control alcohol or be alcohol free for an evening, a day, a month or forever. This book introduces some mindfulness exercises and techniques into your daily routine to help with cravings and increase happiness levels. There is also a discussion of supplements specific to alcohol addiction and recovery. The nutrition sections in the book look at eating to avoid the triggers for wanting to drink or cravings **HALT** and rebuilding your health and looks. The recipes are for healthy eating with specific nutrients to target liver health. There is also a section on juices for everyday and rejuvenation.\* *Building the sober person from the inside out\* How you got sober does not matter\* Looking and feeling great\* It's all about blood sugar\* How is alcohol metabolised\* Effect of stopping drinking on your body\* Supporting your body to get back to optimum health\* The food element of HALT\* Supplements\* Liver supporting foods and recipes\* Juices for sobriety*

*Wholly Sober* is a fast track of Teresa Rodden's relationship with alcohol starting with her first hangover at just five years old. She shares how she had all the makings of a bonafide alcoholic, but chose to dismiss conventional theories about how to live sober. Being the latest in a lineage of women that lived understanding two things: Life is painful and alcohol will numb that pain. This is what she believed, too-as she navigated teen pregnancy, abusive relationships, staggering debt and spiritual crisis. This is her powerful story of clearing the debris left behind after years of pain and poor choices and her reconnection with her God-given dreams, talents, and purpose. Rodden describes how she journeyed beyond commonly-held beliefs about sobriety and 12-step recovery into a life she calls "wholly sober"- a life in which she now helps other women live joyfully, purposefully, and free from alcohol abuse. Warning: Strong language is used to maintain authenticity of character and experience.

There is no such thing as an alcoholic and there is no such disease as alcoholism! (as society understands it). Whether you agree with this statement or not, one thing is for sure, you will never see alcohol in the same light ever again after reading this book. Jason Vale takes an honest and hard hitting look at people's conceptions of our most widely consumed drug. Jason's major argument is there is no such thing as an 'alcoholic' and that we are conditioned to accept alcohol as a 'normal' substance in today's society despite the fact that it is the major cause of many of today's social problems and a wide range of health issues. This book is much more than a simple eye opener, it will: change the way you see alcohol forever; show you how to stop drinking; help you enjoy the process and enjoy your life so much more than you do now without having to drink alcohol. So open your mind and take a journey with Jason to explore the myths about the most used and accepted drug addiction in the world!

THE SUNDAY TIMES BESTSELLER and a Times, Spectator and Observer Book of the Year 2021 ‘ In the first decade of this century, it was unthinkable that a gender-critical book could even be published by a prominent publishing house, let alone become a bestseller. ’ Louise Perry, *New Statesman* ‘ Thank goodness for Helen Joyce. ’ Christina Patterson, *Sunday Times* ‘ Reasonable, methodical, sane, and utterly unintimidated by extremist orthodoxy, *Trans* is a riveting read. ’ Lionel Shriver ‘ A tour de force. ’ *Evening Standard* Biological sex is no longer accepted as a basic fact of life. It is forbidden to admit that female people sometimes need protection and privacy from male ones. In an analysis that is at once expert, sympathetic and urgent, Helen Joyce offers an antidote to the chaos and cancelling. Author Jasmin Rogg draws from her own extensive experience as a psychotherapist, addiction and recovery group facilitator, and her own personal struggle with substance abuse and long-term sobriety. She compiled a collection of writings meant to offer inspiration and information for recovery and change. After introducing readers to her own story and her path through addiction and recovery, Rogg goes on to write with honesty and compassion about the issues at the heart of substance abuse and recovery. She shares how embracing Buddhism's teachings of mindfulness practice help foster emotional regulation and healing-two important aspects of maintaining ongoing sobriety. She does not shy away from difficult topics, tackling issues such as abuse, trauma, love, attachment, and suffering, all while

shining a light on the things we tell ourselves and about why we do what we do. Waking Up Sober inspires insight and understanding, and includes adverse childhood experiences and relational issues as underlying factors for self-destructive behavior patterns. Rogg intersperses her own poems throughout the book, which ultimately serve to ground the topics in humanity.

New York Times Book Review • Editors' Choice Finally revealing the family's indefatigable women among its legendary military figures, *The Howe Dynasty* recasts the British side of the American Revolution. In December 1774, Benjamin Franklin met Caroline Howe, the sister of British General Sir William Howe and Richard Admiral Lord Howe, in a London drawing room for "half a dozen Games of Chess." But as historian Julie Flavell reveals, these meetings were about much more than board games: they were cover for a last-ditch attempt to forestall the outbreak of the American War of Independence. Aware that the distinguished Howe family, both the men and the women, have been known solely for the military exploits of the brothers, Flavell investigated the letters of Caroline Howe, which have been blatantly overlooked since the nineteenth century. Using revelatory documents and this correspondence, *The Howe Dynasty* provides a groundbreaking reinterpretation of one of England's most famous military families across four wars. Contemporaries considered the Howes impenetrable and intensely private—or, as Horace Walpole called them, "brave and silent." Flavell traces their roots to modest beginnings at Langar Hall in rural Nottinghamshire and highlights the Georgian phenomenon of the politically involved aristocratic woman. In fact, the early careers of the brothers—George, Richard, and William—can be credited not to the maneuverings of their father, Scrope Lord Howe, but to those of their aunt, the savvy Mary Herbert Countess Pembroke. When eldest sister Caroline came of age during the reign of King George III, she too used her intimacy with the royal inner circle to promote her brothers, moving smoothly between a straitlaced court and an increasingly scandalous London high life. With genuine suspense, Flavell skillfully recounts the most notable episodes of the brothers' military campaigns: how Richard, commanding the HMS *Dunkirk* in 1755, fired the first shot signaling the beginning of the Seven Years' War at sea; how George won the devotion of the American fighters he commanded at Fort Ticonderoga just three years later; and how youngest brother General William Howe, his sympathies torn, nonetheless commanded his troops to a bitter Pyrrhic victory in the Battle of Bunker Hill, only to be vilified for his failure as British commander-in-chief to subdue Washington's Continental Army. Britain's desperate battles to guard its most vaunted colonial possession are here told in tandem with London parlor-room intrigues, where Caroline bravely fought to protect the Howe reputation in a gossipy aristocratic milieu. A riveting narrative and long overdue reassessment of the entire family, *The Howe Dynasty* forces us to reimagine the Revolutionary War in ways that would have been previously inconceivable.

You've finally reached the pivotal moment in your life to get clean and sober. I welcome you to join me as I share my quest for addiction recovery and sobriety. This book is hopeful and encouraging. It is a must read for the fellow addict that deserves a new chapter in life. I wrote this book with the burning desire and a passion for reaching out to fellow addicts as a resource for them to possibly utilize some of my experiences and methods for recovery and relapse prevention. The book encompasses my life journey from my early teen years into adulthood as an addict, which details some of the painful aspects that encouraged me to turn to substance abuse as a coping mechanism. This book also alludes to my experience with the recovery process which I share many of the self-researched and time-tested techniques that helped me cultivate my successful rehabilitation process. Addiction exerts a long and powerful influence on the brain that manifests in three distinct ways: craving for the object of addiction, loss of control over its use, and continuing involvement with it despite adverse consequences. While overcoming addiction is possible, the process is often long, slow, and complicated. The word "addiction" is derived from a Latin term for "enslaved by" or "bound to." Anyone who has struggled to overcome an addiction - or has tried to help someone else to do so - understands why, and ultimately, we can understand that addiction is a "dis-ease". From my experience, addiction is also a disease of isolation. The question of whether addiction is a disease or not has perplexed clinicians and scholars and researchers for decades. At one point, addiction was easily called the disease. At other points in time, there was considerable debate about how to classify these phenomena. I think it's best to talk about the disease of addiction. The word "addiction" is derived from a Latin term for "enslaved by" or "bound to." Anyone who has struggled to overcome an addiction - or has tried to help someone else to do so - understands why, and ultimately, we can understand that addiction is a "dis-ease". From my experience, addiction is also a disease of isolation. The question of whether addiction is a disease or not has perplexed clinicians and scholars and researchers for decades. At one point, addiction was easily called the disease. At other points in time, there was considerable debate about how to classify these phenomena. I think it's best to talk about the disease of addiction. My story is like so many others who chose to foolishly abuse alcohol and drugs...most of us were unaware that we had these addictions that are conveniently labeled as a "disease." However, the fact is that each one of us is a unique individual with our own story to tell. Usually, the suffering alcoholic/ addict hits a point called "rock bottom" in their lives where they choose to get better or turn for the worse. When this happens, life-changing events usually transpire to test the person's character and integrity. Hitting "rock bottom" was my personal alarm clock for realizing I had a serious substance abuse problem. There was a defining moment in my life that turned a page, sending me in a new direction. Making the transition from being actively addicted to being in recovery is a complex physical and psychological process. There is a lot to learn in recovery and we have to make a lot of changes internally and externally. Writing this book has given me a wholesome and hopeful perspective on life and the world we live in. I find that I spend more time embraced in bold prayer and meditation which grants me the influence to believe in miracles for others. I trust that there are great people in this world that contribute to making a significant difference, consequently making the world a better place for all of us to live in. Composing this book was my contribution to 'pay it forward' in a positive way. I am honored.

A Vindication of the Rights of Woman

**A New York Post Best Book of 2016 Winner of the 2016 IWJF Courage in Journalism Award Winner of the 2016 Hay Festival Medal for Prose "Destined to become a classic." —Lisa Shea, Elle** A masterpiece of war reportage, *The Morning They Came for Us* bears witness to one of the most brutal internecine conflicts in recent history. Drawing from years of experience covering Syria for *Vanity Fair*, *Newsweek*, and the front page of the *New York Times*, award-winning journalist Janine di Giovanni chronicles a nation on the brink of disintegration, all written through the perspective of ordinary people. With a new epilogue, what emerges is an unflinching picture of the horrific consequences of armed conflict, one that charts an apocalyptic but at times tender story of life in a jihadist war zone. The result is an unforgettable testament to resilience in the face of nihilistic human debasement.

**Do you count down the minutes to wine o'clock on a daily basis? Is a bottle of Pinot Grigio your friend at the end of a long hard day? If you want to give up being controlled and defined by alcohol then now is the time to join The Sober Revolution... Fed up of living in a fog of hangovers, lethargy and guilt from too much wine? Have you tried to cut down without success? You are not alone. When it comes to alcohol, millions of people around the world find it hard to exercise moderation and become stuck in a vicious cycle of blame, guilt and using more alcohol as a way of coping. The Sober Revolution looks at women and their relationships with alcohol, exploring the myths behind this socially acceptable yet often destructive habit. Rather than continuing the sad spiral into addiction it helps women regain control of their drinking and live happier, healthier lives. Sarah Turner, cognitive behavioural therapist and addictions counsellor, and Lucy Rocca, founder of Soberistas.com, the popular social networking site for women who have successfully kicked the booze or would like to, give an insight into ways to find a route out of the world of wine. The Sober Revolution will open your eyes to the dangers of social drinking and give you the tools you need to have a happy life without the wine. Read it now and call time on wine o'clock forever.**

**With an easy three-step plan, *Mindful Drinking: How To Break Up With Alcohol* is here to help the 64% of Brits who want to drink less, and cultivate a new, healthy and more mindful relationship with alcohol. You CAN drink less, without giving up! Journalist Rosamund Dean combines scientific expertise with practical advice in a game-changing three step guide: *The Problem, The Incentive, and The Plan*. By following this guide you will be able to experience the benefits of drinking less - drinking less will improve your mood, your skin, your sex-drive and your body as well as reduce stress and anxiety. Whether you are sober-curious, or just want to cut down - *Mindful Drinking: How To Break Up With Alcohol* shows not only why you should, but also how you can, in a way that will change your life forever. What readers have been saying about *Mindful Drinking: How to Break Up With Alcohol*: 'Brilliant book; realistic and creating real positive change' 'Would highly recommend for anyone who is concerned about the amount they drink, but doesn't want to completely stop.' 'A brilliantly straightforward and realistic approach to cutting down sensibly.' 'Really broke a cycle for me of just drinking every weekend.'**

**Examining the multigenerational impact of punk rock music, this international survey of the political-punk straight edge movement - which has persisted as a drug-free, hardcore subculture for more than 25 years - traces its history from 1980s Washington, DC, to today. Asserting that drugs are not necessarily rebellious and that not all rebels do them, the record also defies common conceptions of straight edge's political legacy as being associated with self-righteous, macho posturing and conservative Puritanism. On the contrary, the movement has been linked to radical thought and action by the countless individuals, bands, and entire scenes profiled throughout the discussion. Lively and exhaustive, this dynamic overview includes contributions from famed straight edge punk rockers Ian MacKaye of *Minor Threat* and *Fugazi*, Dennis Lyxzén of *Refused* and the *International Noise Conspiracy*, and Andy Hurley of *Fall Out Boy*; legendary bands *Man Lifting Banner* and *Point of No Return*; radical collectives such as *Crimeth Inc.* and *Alpine Anarchist Productions*; and numerous other artists and activists dedicated as much to sober living as to the fight for a better world.**

The Morning They Came For Us: Dispatches from Syria

In April 2011, Lucy Rocca woke up in a hospital bed with no memory of how she had ended up there. After accepting that her drinking had spiralled out of control, she made the decision there and then to never touch alcohol again. However, the early days were a challenge, and Lucy began recording her journey in a blog as a way of helping herself move forward to a happy and sober future. For someone who defined herself by her love of drinking for over twenty years, letting go of the booze crutch was initially a challenge, but over time, Lucy began to realise how much happier she was living alcohol-free. Glass Half Full is the story of her journey from hopelessly devoted wine fiend to sober and truly happy for the first time in her adult life. As the founder of Soberistas.com, Lucy's blog also provides motivational and inspirational support for those seeking an alcohol-free life.

A reissue of the 2014 edition, featuring a new foreword from the authors. Do you count down the minutes to wine o'clock? You are not alone. When it comes to alcohol, plenty of people find it hard to exercise moderation and become stuck in a vicious cycle of blame, guilt and addiction. If you want to take back control and stop being defined by alcohol now is the time to join The Sober Revolution. In this empowering book, addictions counsellor Sarah Turner and life coach Lucy Rocca examine women's relationship with alcohol and offer insight and advice into overcoming this addiction. The Sober Revolution explores the myths behind this socially acceptable yet often destructive habit and, through personal accounts of alcohol abuse and its impacts on relationships, careers and finances, you are invited to examine your own relationship with alcohol and its impact on your life. Read it now. Regain control and lead a happier, healthier life. Call time on wine o'clock forever.

\*Voted an Independent best self-care book for 2021\* \*Voted one of Heat's best self-help books to help you reach your full potential\* If you've ever woken up feeling anxious, or cringing with embarrassment, about something you did or said whilst drunk the night before, this book may just change your life. Whichever way you look at it, it's hard to avoid how alcohol really makes us feel: terrible. After years of partying and hangovers started taking a toll on her mental health, Millie Gooch gave up alcohol and has never looked back. Whether you're simply sober-curious or determined to make a more permanent change, this book shows not only why you should but also how you can. Offering tips and advice on how to stay sober in a world that revolves around drinking, this handbook will empower you to transform your relationship with alcohol so that you can lead your most fulfilling life. It's time to join the Sober Girl Society: 'I LOVE this book already, just received today and I can't put it down!' 'I recommend this to anyone; whether they want to stop drinking permanently, or even would just like to cut down on their drinking.' 'I love how relatable and non-preachy this book is.' 'Approaches what can be a tricky and confusing subject for many with humour and wit.' 'Perfect for those reconsidering their relationship with alcohol. Brilliant book.'

Shortlisted for the 2022 Booker Prize "A hypnotic and electrifying Irish tale that transcends country, transcends time." -Lily King, New York Times bestselling author of Writers & Lovers Small Things Like These is award-winning author Claire Keegan's landmark new novel, a tale of one man's courage and a remarkable portrait of love and family It is 1985 in a small Irish town. During the weeks leading up to Christmas, Bill Furlong, a coal merchant and family man faces into his busiest season. Early one morning, while delivering an order to the local convent, Bill makes a discovery which forces him to confront both his past and the complicit silences of a town controlled by the church. Already an international bestseller, Small Things Like These is a deeply affecting story of hope, quiet heroism, and empathy from one of our most critically lauded and iconic writers.

How I Stopped Thinking About Drinking and Started Loving My Life

Sober Living for the Revolution

*Would life be better without alcohol? It's the nagging question more and more of us are finding harder to ignore, whether we have a "problem" with alcohol or not. After all, we yoga. We green juice. We meditate. We self-care. And yet, come the end of a long work day, the start of a weekend, an awkward social situation, we drink. One glass of wine turns into two turns into a bottle. In the face of how we care for ourselves otherwise, it's hard to avoid how alcohol really makes us feel... terrible. How different would our lives be if we stopped drinking on autopilot? If we stopped drinking altogether? Really different, it turns out. Really better. Frank, funny, and always judgment free, Sober Curious is a bold guide to choosing to live hangover-free, from Ruby Warrington, one of the leading voices of the new sobriety movement. Drawing on research, expert interviews, and personal narrative, Sober Curious is a radical take down of the myths that keep so many of us drinking. Inspiring, timely, and blame free, Sober Curious is both conversation starter and handbook-essential reading that empowers readers to transform their relationship with alcohol, so we can lead our most fulfilling lives.*

*The first book in the three book practical series Catherine Mason Thomas Alcohol Free. The series is on becoming and living alcohol free by alcohol free lifestyle coach and personal trainer, Catherine Mason Thomas. A free book from the author "Alcohol Free Drinks - What To Drink if You Don't Drink" is also available for download. Get inspired by your free copy visit [www.threepeaspublishing.com](http://www.threepeaspublishing.com) This series is written to inspire you if you want to control alcohol or be alcohol free for an evening, a day, a month or forever. The focus is on early recovery, the first six months, diet to help your body recover. Recovery often comes after a period of very poor nutrition when alcohol has overridden good nutrition. Becoming alcohol free is the first step on the road to recovery but there is so much more to gain as being alcohol free gives you the opportunity to reassess your life priorities and start to value your health. The recipes in the book help you in two ways. First, they help the body repair the damage done by alcohol and poor nutrition. Second, they reduce your reliance on sugar. Sugar is a major contributor to cravings and relapse so managing your blood sugar is key. Sugar can also become an addiction to replace alcohol. The book also recommends long term nutritional goals.\* Staying away from the first drink is priority\* Sugar's role in early recovery\* Getting on track with your nutrition in the early days of recovery\* Long term nutritional goals to support your recovery\* The damage that alcohol has done to your body\* The slide into poor nutrition\* Emergency nutrition plan to help you in early recovery\* Vitamins & Minerals\* The foods that help your body recover\* The drinks that help your body recover\* Recipes to support early recovery\* Breakfast, lunch, dinner, snacks\* Juicing for fast results*

*The Sober Survival Guide - How to Free Yourself from Alcohol Forever - By Simon Chapple.*

*Foreword by Annie Grace - Author of This Naked Mind - Control Alcohol Are you tired of thinking about drinking? Hands up if you believe any of the following about drinking alcohol to be true: I can't have fun without alcohol. Imagine going to a party without drinking! it makes me feel less anxious or depressed; it helps me sleep; I can't relax without it; it makes me entertaining to be around; it fits the lifestyle of my boozy friends; I like the taste of alcohol; it's cool and sophisticated; I'm not confident enough to talk to new people without it; it helps me deal with all the problems life throws my way; it stops me worrying about how much I'm drinking (ironic, I know). If you find yourself nodding at even one of these statements, then I know how you feel. I was a heavy daily drinker for over twenty years, I too used to believe that I couldn't live without alcohol, and that once I'd had a few drinks I was funny to be around (hilarious in fact). Are you too are tired and fed up with the routine of drinking, and want to make a change and improve your life? Or you may simply be curious about how an alcohol-free life might look for you. Could it be better? Happier? Calmer? More peaceful? Perhaps you're already on the path to changing your relationship with booze and might have read other 'sober books' or taken part in programmes to help you quit. I want you to know you can do the same as me and find complete freedom from alcohol, and that you don't have to wait for years like I did. Also, I want to reassure you that alcohol addiction is never a person's fault, and that there's no need to blame yourself for finding it hard to give up. It honestly isn't as difficult as you might think, and this book will provide the support, tactics and advice you need as you progress on your sober journey. The Sober Survival Guide is unique in that it is split into two parts. The first is designed to set you up for success and put you in a place where you can find freedom from alcohol if that's what you want. The first part of the book contains essential information for when you're in the early stages of controlling your drinking. The second part serves as a handbook as you move forward into an alcohol-free life and is where this book comes into its own. As you read it you'll see I've used my own experiences and those of the people I've worked with to help ensure you're ready for the challenges, fears, and questions that will come up in the years after quitting drinking. You'll learn how to handle the work Christmas party without a*

glass of bubbly in hand, the joys of sober holidays, what to do when you stop drinking but your partner won't, and a whole lot more. With this part you can dip in and out, picking the chapters that address the problems you're facing that day or week. This unique quit alcohol book also shares my own stories and personal accounts that helped me learn (sometimes the hard way), so as well as providing vital tools and tactics it will also leave you with a smile on your face and provide you with a fun and enjoyable read. Part memoir, part sober guide and 100% alcohol free - The Sober Survival Guide is perfect for anyone looking to free themselves from the grip of alcohol. Simon Chapple is the founder of Be Sober one of the largest online 'quit drinking' communities, he is also a speaker and works as a Certified Alcohol Coach working with This Naked Mind helping people change their relationship with alcohol. He has helped thousands of people quit drinking and has made it his life mission to spread the word about the benefits an alcohol-free life brings. NEW YORK TIMES BESTSELLER • "An unflinching examination of how our drinking culture hurts women and a gorgeous memoir of how one woman healed herself."—Glennon Doyle, #1 New York Times bestselling author of *Untamed* "You don't know how much you need this book, or maybe you do. Either way, it will save your life."—Melissa Hartwig Urban, Whole30 co-founder and CEO The founder of the first female-focused recovery program offers a groundbreaking look at alcohol and a radical new path to sobriety. We live in a world obsessed with drinking. We drink at baby showers and work events, brunch and book club, graduations and funerals. Yet no one ever questions alcohol's ubiquity—in fact, the only thing ever questioned is why someone doesn't drink. It is a qualifier for belonging and if you don't imbibe, you are considered an anomaly. As a society, we are obsessed with health and wellness, yet we uphold alcohol as some kind of magic elixir, though it is anything but. When Holly Whitaker decided to seek help after one too many benders, she embarked on a journey that led not only to her own sobriety, but revealed the insidious role alcohol plays in our society and in the lives of women in particular. What's more, she could not ignore the ways that alcohol companies were targeting women, just as the tobacco industry had successfully done generations before. Fueled by her own emerging feminism, she also realized that the predominant systems of recovery are archaic, patriarchal, and ineffective for the unique needs of women and other historically oppressed people—who don't need to lose their egos and surrender to a male concept of God, as the tenets of Alcoholics Anonymous state, but who need to cultivate a deeper understanding of their own identities and take control of their lives. When Holly found an alternate way out of her own addiction, she felt a calling to create a sober community with resources for anyone questioning their relationship with drinking, so that they might find their way as well. Her resultant feminine-centric recovery program focuses on getting at the root causes that lead people to overindulge and provides the tools necessary to break the cycle of addiction, showing us what is possible when we remove alcohol and destroy our belief system around it. Written in a relatable voice that is honest and witty, *Quit Like a Woman* is at once a groundbreaking look at drinking culture and a road map to cutting out alcohol in order to live our best lives without the crutch of intoxication. You will never look at drinking the same way again.

The Intimate Relationship Between Women and Alcohol

**BY THE AUTHOR OF NEW YORK TIMES BESTSELLER THE AUTHENTICITY PROJECT, THE BRAVE AND FUNNY MEMOIR THAT IS CHANGING LIVES. How one mother gave up drinking and started living. This is *Bridget Jones Dries Out*. Clare Pooley is a Cambridge graduate and was a Managing Partner at one of the world's biggest advertising agencies, and yet by eighteen months ago she'd become an overweight, depressed, middle-aged mother of three who was drinking more than a bottle of wine a day, and spending her evenings Googling 'Am I an alcoholic?' In a desperate bid to turn her life around, she quit drinking and started a blog. She called it *Mummy Was a Secret Drinker*. This book is the story of a year in Clare's life. A year that started with her quitting booze having been drinking more than a bottle of wine every day. It sees her starting a hugely successful blog, then getting and beating breast cancer. By the end of the year she is booze free and cancer free, two stone lighter and with a life that is so much richer, healthier and more rewarding than ever before. *Sober Diaries* is an upbeat, funny and positive look at how to live life to the full. Interwoven within Clare's own very personal and frank story is research and advice, and answers to questions like: How do I know if I'm drinking too much? How will I cope at parties? What do I say to friends and family? How do I cope with cravings? Will I lose weight? What if my partner still drinks? And many more.**

**A Best Book of 2021 by Bloomberg BusinessWeek, Time, and The Washington Post The bestselling author of *Leonardo da Vinci* and *Steve Jobs* returns with a "compelling" (The Washington Post) account of how Nobel Prize winner Jennifer Doudna and her colleagues launched a revolution that will allow us to cure diseases, fend off viruses, and have healthier babies. When Jennifer Doudna was in sixth grade, she came home one day to find that her dad had left a paperback titled *The Double Helix***

*on her bed. She put it aside, thinking it was one of those detective tales she loved. When she read it on a rainy Saturday, she discovered she was right, in a way. As she sped through the pages, she became enthralled by the intense drama behind the competition to discover the code of life. Even though her high school counselor told her girls didn't become scientists, she decided she would. Driven by a passion to understand how nature works and to turn discoveries into inventions, she would help to make what the book's author, James Watson, told her was the most important biological advance since his codiscovery of the structure of DNA. She and her collaborators turned a curiosity of nature into an invention that will transform the human race: an easy-to-use tool that can edit DNA. Known as CRISPR, it opened a brave new world of medical miracles and moral questions. The development of CRISPR and the race to create vaccines for coronavirus will hasten our transition to the next great innovation revolution. The past half-century has been a digital age, based on the microchip, computer, and internet. Now we are entering a life-science revolution. Children who study digital coding will be joined by those who study genetic code. Should we use our new evolution-hacking powers to make us less susceptible to viruses? What a wonderful boon that would be! And what about preventing depression? Hmmm...Should we allow parents, if they can afford it, to enhance the height or muscles or IQ of their kids? After helping to discover CRISPR, Doudna became a leader in wrestling with these moral issues and, with her collaborator Emmanuelle Charpentier, won the Nobel Prize in 2020. Her story is an "enthraling detective story" (Oprah Daily) that involves the most profound wonders of nature, from the origins of life to the future of our species.*

*In Alcohol Explained 2 William Porter develops his insight into the alcohol phenomenon, and provides the tools you need to retake control of your life for good.*

**AN INSTANT NEW YORK TIMES BESTSELLER THE WASHINGTON POST NOTABLE BOOK OF 2021 A GOOD MORNING AMERICA BOOK CLUB PICK WINNER of the Isabel Allende Most Inspirational Fiction Award, She Reads Best of 2021 Awards • FINALIST for the 2022 Southern Book Prize • LONGLISTED for Crook's Corner Book Prize • NOMINEE for 2021 GoodReads Choice Award in Debut Novel and Historical Fiction** A sweeping, masterful debut about a daughter's fateful choice, a mother motivated by her own past, and a family legacy that begins in Cuba before either of them were born In present-day Miami, Jeanette is battling addiction. Daughter of Carmen, a Cuban immigrant, she is determined to learn more about her family history from her reticent mother and makes the snap decision to take in the daughter of a neighbor detained by ICE. Carmen, still wrestling with the trauma of displacement, must process her difficult relationship with her own mother while trying to raise a wayward Jeanette. Steadfast in her quest for understanding, Jeanette travels to Cuba to see her grandmother and reckon with secrets from the past destined to erupt. From 19th-century cigar factories to present-day detention centers, from Cuba to Mexico, Gabriela Garcia's *Of Women and Salt* is a kaleidoscopic portrait of betrayals—personal and political, self-inflicted and those done by others—that have shaped the lives of these extraordinary women. A haunting meditation on the choices of mothers, the legacy of the memories they carry, and the tenacity of women who choose to tell their stories despite those who wish to silence them, this is more than a diaspora story; it is a story of America's most tangled, honest, human roots.
