Happiness is not

lasting, neuro-

of peace and well-

3. Research indicates that everyone has a happiness set-point. No matter what happens to a person, they will tend to return to a set range of happiness. This book shows how

The only requirement asked of you is the willingness to honestly look at yourself in the most natural, intuitive manner. Remember,

if we are seeking the root of "self," what we are actually seeking is you. As you read through these pages, you will find that you know much more than you thought you did about some very deep subjects. The fact is, you already

Once refocused, you will realize that you not only have the ability to find yourself, you have the ability to free yourself. Whether you choose to do so

must be done. And should you choose to devote yourself to the ongoing journey of self-realization, you will develop a tremendous sense of respect for who you really are. It is only then that you will come to appreciate the full depth of
