charms associated with gambling, and religious relics • Includes photos of artifacts from the author's extensive collection Offering an illustrated exploration of the origins and history of amulets, lucky charms, talismans, and mascots, including photos of unique and original artifacts from his extensive collection, Nigel Pennick examines these objects from a magical perspective, from ancient Egypt to the present. He looks at the age-old spiritual principles, folklore, and esoteric traditions behind their creation as well as the use of numbers, colors, sigils, geometric emblems, knots, crosses, pentagrams, and other symbols. Pennick explores magical charms and objects manufactured from bones, teeth, claws, and horns and those that include symbols of the human body. He also discusses religious relics as well as the combining of charms to make more powerful objects, from the bind runes of the Norse and the crowns of ancient Egypt to the Mojo hand and the medicine pouch. Revealing the lasting power of amulets, talismans, charms, and mascots, Pennick shows that these objects and symbols have retained their magic across the centuries. This illustrated two-volume history of Egypt, 'derived entirely from the monuments', was first published in an English translation in 1879.

Brugsch brings to bear his wide experience of the archaeological sites together with his linguistic expertise, and deliberately eschews later Greek and Roman accounts of Egypt.

Inculcating Morality by Entertaining Narratives

A beautiful woman, desired by two very different brothers, fights for the freedom of others in this spellbinding saga set during "Bleeding Kansas." The daughter of abolitionists whose isolated cabin on the Kansas-Missouri border serves as a station on the Underground Railroad, Deborah Whitlaw is devastated when pro-slavery marauders murder her parents. Yet she can no more extinguish the flame of justice that burns inside her than she can forget her mother and father. She vows to continue their fight, no matter the cost, and joins forces with a runaway black woman and a mission-educated Shawnee girl to spirit many fugitives northward. Deborah's fiery personality attracts two aristocratic English brothers. Rolf Hunter is violent and indomitable; he wants to capture Deborah and bend her to his will. Dane is the p

opposite of his sibling. Honest, gentle, and idealistic, he wins Deborah's heart, but their tender romance faces staggering obstacles in a state and nation lurching toward civil war. For a blessed interval, Deborah finds solace with Conrad, a German nobleman who has brought his peace-loving Mennonite tenants to Kansas to found a colony. But Rolf, now the head of a gang of pro-slavery bushwhackers, soon shatters Deborah's idyll. Can she keep him from crushing not only her, but also her friends and the abolitionist cause they've risked their lives to support? A magnificent tale of love and honor, danger and destiny, *Daughter of the Sword* takes readers on a thrilling journey into the darkest chapter of American history and pays tribute to the brave men and women who led the nation back into the light.

Taziem is a magnificent dragon: sexy, powerful, intelligent. Like other dragons, she hoards diamonds, but unlike other dragons, she covets knowledge as well. So when the local villagers offer her one of their younglings as a sacrifice, she decides to take it home with her and study it so she might learn all there is to know about humans. If the youngling satisfies her curiosity, she'll set it free eventually. If it disappoints, she'll feed it to her soon-to-be-born dragonets. As it so happens, the youngling is fearless, clever, and dragon-smart. She quickly exceeds Taziem's wildest expectations and winds up bonding with the newborns. Lathwi, The Soft One, they call her, and accept her as a tanglemate. As they live and grow and play together, Lathwi

forgets that she was ever human. After a time though, Taqziem must banish Lathwi from her territory for her own safety. Forced into the human world again, Lathwi begins a journey of re-discovery, stumbling onto a plot to revive dragonkind's ancient nemesis. She withstands sorcerous attacks and an onslaught of demons, but without her mother's help, she knows she cannot defeat the evil that threatens to consume the world. The question is, can she return to Taziem's mountain in time to prevent an apocalypse?

The father-daughter relationship was one that Shakespeare explored again and again. His typical pattern featured a middle-aged or older man, usually a widower, with an adolescent daughter who had spent most of her life under her father's control, protected in his house. The plays usually begin when the daughter is on the verge of womanhood and eager to assert her own identity and make her own decisions, especially in matters of the heart, even if it means going against her father's wishes. This work considers Capulet in *Romeo and Juliet* as an inept father to Juliet and Prospero in *The Tempest* as an able mentor to Miranda; Hermia in *A Midsummer Night's Dream*, Jessica in *The Merchant of Venice* and Desdemona in *Othello* as daughters who rebel against their fathers; Hero in *Much Ado About Nothing*, Lavinia in *Titus Andronicus* and Ophelia in *Hamlet* as daughters who acquiesce; Bianca in *The Taming of the Shrew* and Goneril and Regan in *King Lear*

as daughters who cunningly play the good girl role; Portia in The Merchant of Venice, Viola in Twelfth Night and Rosalind in As You Like It as daughters who act in their fathers' places; and Marina in Pericles, Perdita in The Winter's Tale and Cordelia in Lear as daughters who forgive and heal.

The guard at the city gates does not attempt to stop the stranger entering Nuthollia, for his job is to keep people inside the city and no person would enter the city voluntarily unless he were an agent of Grimlindus. Nuthollia, the capital of Neuthonia, is no longer a trading metropolis. Its remaining inhabitants are usually hiding indoors, trying to escape Grimlindus's violent soldiersthe tall blond northerners, bandit warriors and Knights of Destruction, as well as goblins, hobgoblins, kobolds and ogres from further east on the steppes. While contact with these soldiers is dangerous and unpredictable, the soldiers do keep the city's economy moving, the trade continuing. So Nuthollia's inhabitants, the original Neuthonics as well as countless released prisoners-of-war, attempt to earn a meagre living in fear and dread. The stranger is rnwulf, the tall barbarian who had been learning sword-skills in the cold hills of the Borderlands. He is dressed in heavy furs. His long, straight, black hair is tied back by a broad cloth that completely conceals his forehead and from which hangs three beaded feathers. His heavy

broadsword is strapped to his back, partially buried within his fur coat, while a number of knives are strapped to his chest and belt. A two-headed tomahawk hangs from his belt. He is accompanied by Caleb, the huge wolf that is as large as a small pony and which has a thick mane of grey fur. Man and wolf survey the cold, snow-covered streets, looking beyond the unhappy houses to the dark palace standing on a hill near the centre of the city. They turn away from it and head into one of the darker and less inviting neighbourhoods, where even Grimlindus's soldiers would think twice before entering. The houses are closer together than elsewhere; the streets disappear into narrow alleyways and blind corners. Open doorways and boarded windows show that many of the residences are empty of normal occupation. However, a quick survey inside would reveal hiding squatters, ruffians, thieves and muggers. The man and wolf stop in front of a building that is deep within this neighbourhood. This building is similar to all the others, dismal and grey. It has a heavy steel door with a small window at face height, covered by a shutter. The man thumps on the door and the shutter is pulled back, revealing two dark, slanted eyes. "What do you want?" says the bouncer. "Where are your mistresses?" asks rnwulf, with a heavy, northern accent. "They are busy. Who wants to know?" "I was sent by Cleosius the warlord, to purchase something which was stolen from him. They are expecting me." The shutter is slid shut and

rnwulf hears muted discussions behind it. The shutter slides open again. "You are early!" snaps the voice and the shutter slams closed. rnwulf thumps on the door again, his blows echoing inside. The shutter is pulled back again. "Can I wait inside?" he asks. The door opens, revealing a seven-and-a-half foot monstrosity, which bends over inside the small front room; its hairy frame fills up the doorway. Bugbear! thinks rnwulf, staring at the hairy giant-goblin, which would tower over one of its smaller goblin or hobgoblin cousins. "Come inside," it snarls, "but the wolf stays out there." After re-locking the door, the bugbear leads rnwulf along a dimly lit corridor, before arriving at a small room, furnished only with a hard-backed chair. "The mistresses are busy, the bugbear growls, but I will send someone to fetch them when they are, um, finished. Would you like a drink while you are waiting?" rnwulf waves the bugbear away and sits on the chair. In a moment, he becomes completely motionless, his keen eyes surveying every inch of the room. He waits, becoming tenser as he looks at the low ceiling and the walls. After a short time he stands up, goes to the door and tries the handle, finding it locked. H
