The Ultimate Unofficial Guide to the mysteries of Harry Potter: Books 1-4 shows would-be sleuths how to hunt for JK Rowling's clues in a fun-to-read manner. With this Guide in one hand and the Harry Potter books in the other, you'll read the series in a whole new light as you: -- uncover the detail with which Rowling has crafted her story and her world -- delve below the surface to ferret out Rowling's sly clues Not only will you be amazed at how deceptively Rowling's hidden those clues, you'll learn how to discover new ones on your own! There are questions in Books 1-4 Rowling still hasn't answered, even after Book 6! Do you know what they are? The Ultimate Unofficial Guide to the Mysteries of Harry Potter is for you if: -- You're new to the series and want a leg up or -- You've read all the books, but it's been a while. Pull out your memories for another look and tighten your skills! Do you know how to solve Snape's poison bottle puzzle in the room "through the trapdoor?" Did you know there are actually 2 solutions to that puzzle? Do you know what Rowling told us in the first four books about the secrets Neville and Professor Snape hold? Do

**you understand exactly how Dumbledore's "Mirror of Erised" worked? (Rowling's said we'll see it again!) Are you aware that what Harry saw in the Mirror was not accurate? Here's what the Guide says about spotting a clue: "In chapter 16 of Book 1, J.K. Rowling writes that Harry 'watched an owl flutter toward the school across the bright blue sky, a note clamped in its mouth.' Even after reading the book several times, it still catches readers by surprise when they realize that this note was the message used to trick Headmaster Dumbledore into leaving the school for a trip to London. That clue doesn't help us solve the plot of the book and it was never explained or mentioned again, but when we then see a similar clue in Book 4, we need to pay much closer attention! Look for yourself - it's awesome!" The Ultimate Unofficial Guide to the Mysteries of Harry Potter is best read alongside JK Rowling's books—not as a replacement! It does not give the plot away in advance, but there IS a spoiler warning because it discusses the endings of each of the books in chronological order. No Harry Potter collection is complete without the Guide. Written by fans for fans, it is the perfect holiday gift for the Potter fan in your life—or yourself! The book is filled with Harry Potter-themed crafts, games, and recipes that are simple, affordable, and amazingly creative.**

wizarding world! From Acromantulas to Thestrals, this beautiful book details every monster, beast or creature that has ever appeared in any official Harry Potter book, film, or theatrical production. The Unofficial Harry Potter Bestiary includes more than 200 fascinating, magical creatures in all, with each entry providing a number of important classifications, including first appearance in Harry Potter lore, location, disposition, physical appearance, attack abilities, defenses and intriguing story facts. We've also included rich descriptions for each entry, detailing each creature's history (or biography, in the case of specific creature characters), habitat and impact on the various stories from throughout the Wizarding World. So feed your inner magizoologist's hunger for knowledge, learn more about these incredible creatures (including stories about them passed down through generations by historians and mythologists) and discover how to spot them in the wild—or even your own backyard.

**Harry Potter Cocktail Cookbook: Discover The Art Of Potion-Making An Ultimate Harry Potter Cookbook With Butterbeer and 40 Other Great Cocktails (Unofficial) Gather 'round, cocktail-loving cronies! We want to tell the tale about potion making. The subtle science and exact art of potion-making (that's "bartending," to Muggles) is difficult, but it can be mastered. According to Professor Snape, a good potion can "bewitch the mind and ensnare the senses." You can "bottle fame, brew glory, and even**

put a stopper in death," if you know what you're doing. While some of these goals are a little out of range to us Muggles, a good time is not. So here are some recipes that will get you drunk, honor the wizard within, and hopefully earn you some serious house points. No wands or cauldrons necessary to make these Harry Potter alcoholic drinks! One of the most magical things about the JK Rowling series is how very believable the food and drinks sound. No doubt about it, the Wizarding World is a foodie paradise. And while countless muggles have tried to recreate the drinks, we've got secret recipes that rival even those of the Harry Potter Restaurant -- and you won't need an Ollivanders magic wand to pull them off. So, round up your gang of wizards and muggles, and prepare for some serious mixologist sorcery. Here are 41 Harry Potter cocktails that will teleport you to the heart at the Hogshead Pub without the magic of Floo Powder. Do you wonder about possibly recreating the foods you saw in the Harry Potter series? It isn't that hard to do! Many of the foods in the Harry Potter Universe are not much different than what people really eat in various areas of the world, especially Europe. Of course, there are some dishes only found in Harry Potter's world, especially sweet treats. You'll learn all about Harry Potter recipes in this cookbook.

While at Hogwarts, Harry Potter and his friends regularly eat some famous British foods that are good, and some that are not-as-good. I'll only be making the GOOD dishes here. The school attended by Harry Potter and his friends involves many delicious cakes, tarts, puddings and pies - some of them sweet and some of them savory. They enjoy them after tough Quidditch games, during the early morning breakfast hours, after middle of the night escapades and during their afternoon teas spent with Hagrid. Read on, and make some of these insanely popular dishes yourself!

This compendium showcases EVERY character ever mentioned in the Harry Potter books, films and play: the good, the bad and the misunderstood. With more than 700 entries, this book is packed from cover to cover! J.K. Rowling's collection of mystical multitudes is what makes the wizarding world so enchanting. To dive into Harry's story is to immerse yourself in the richness of a magical universe filled with wizarding history, culture and lore. A world of witches, wizards, owls, elves, non-magical people,

anti-non-magical-people people, folks who can talk to snakes and snakes who used to be folks. There are mind-readers, shape-shifters, centaurs, giants, ghosts (nearly headless and fully formed) and one enormous, extremely ill-tempered tree. This massive tome details every character created by J.K. Rowling and appearing in the official Harry Potter canon of books, movies and plays. Each entry highlights one character, where you will find details of when the character was first mentioned, appearance, wizard school, house, patronus, wand, related family members, skills and achievements, personal history and more. The Compendium also include genealogical charts and family trees for the major characters, world maps detailing important locations, homes and schools, as well as charts detailing alliances between characters.
