Why does nature try to kill us?
In the same way that humans
“thin the herd” when a

Assassins & More details
hundreds of the scariest,
messiest, smelliest, most
terrifying ways that nature
works to destroy, maim or
sicken humans every single day.
Each page of this book

File Type PDF The Unofficial Pokemon Go Field Guide

examines an oddity (or two) from the natural world that is harmful to humanity. And we're not talking about car wrecks, warfare, drug overdoses or parachute accidents. We're talking about biology,

File Type PDF The Unofficial Pokemon Go Field Guide

chemistry, botany, invasive little critters that eat our brains, slimes that dissolve our flesh, smells that cause our throats to close up, and other environmental assassins.

Provided with such information,

File Type PDF The Unofficial Pokemon Go Field Guide

we might just survive. That's right. It's humans vs. the world and, damn it, we're going to win if it kills us.
