He would be completely normal if he didn't live in a graveyard, being raised by ghosts, with a guardian who belongs to neither the world of the living nor the dead. There are adventures in the graveyard for a boy—an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Sleer. But if Bod leaves the graveyard, he will be in danger from the man Jack—who has already killed Bod's family.

A comprehensive critical reference guide for film, video, and DVD discusses both popular movies and independent and international movies; reviews more than ten thousand films, including films from more than fifty countries; offers five different indexes--by star, director, theme, genre, and national origin--and more. The prequel to *Dracula*, inspired by notes and texts left behind by the author of the classic novel, *Dracula* is a supernatural thriller that reveals not only *Dracula*'s true origins but Bram Stoker's—and the tale of the enigmatic woman who connects them. It is 1868, and a twenty-one-year-old Bram Stoker waits in a desolate tower to face an indescribable evil. Armed only with crucifixes, holy water, and a rifle, he prays to survive a single night, the longest of his life. Desperate to record what he has witnessed, Bram scribbles down the events that led him here... A sickly child, Bram spent his early days bedridden in his parents' Dublin home, tended to by his caretaker, a young woman named Ellen Crone. When a string of strange deaths occur in a nearby town, Bram and his sister Matilda detect a pattern of bizarre behavior by Ellen—a mystery that deepens chillingly until Ellen vanishes suddenly from their lives. Years later, Matilda returns from studying in Paris to tell Bram the news that she has seen Ellen—and that the nightmare they've thought long ended is only beginning.

"Based after Charles Dickens' Great Expectations, the opera is subtitled "Being an investigation into the unusual and violent death of Aurelia Havisham on the 17 of April in the year 1860." Miss Havisham lives for 50 years in the seclusion of her home, and she dies when her wedding gown, which she has never removed since she was jilted by her fiancé, catches fire. The work proceeds on two levels at once: Throughout the opera, an investigation about her death is held on one side of the stage while the explanatory action immediately follows. A series of flashbacks fleshes out the coroner's inquiry and past and present merge. During the Prologue screams are heard and a figure, enveloped in flames, appears at the window of Satis House. It is Miss Havisham. Pip rushes in to try to save her. The investigation of her death reveals the dark relationships Miss Havisham had with her adopted daughter Estella, and the orphan Pip. The investigation also reveals that all of the relatives involved had some motive for her death."--Synopsis from Boosey & Hawkes website.

I made a deal with a devil. And now I'm paying for my sins. But I have a plan to fix it...until a certain vampire gets in my way. Jamal is the epitome of tall, dark, and seductive. And he needs me (and my blood) more than he wants to admit. Too bad he'd literally rather die than be mine. However, I'm not ready to let him go... I was born a slave. I refused to die as one. Not even for a witch like Angel Moss. With hair like fire and a body made for sin, nothing about her lived up to her name. That right there should have been enough to warn me away, but like a moth to a flame, I'm lured into her secrets. And with the first taste of her blood, the truth slams into me like a nightmare come true. Angel is MINE, only she isn't taking me to heaven. She's dragging me to hell.

It is rare and splendid event when an author is elevated from the underground into the international literary establishment. In the case of England's best-known and best-loved modern satirist, that event has been long overdue. Terry Pratchett's profoundly irreverent Discworld novels satirize and celebrate every aspect of life, modern and ancient, sacred and profane. Consistent number-one bestsellers in England, they have garnered him a secure position in the pantheon of humor along with Mark Twain, Douglas Adams, Matt Groening, and Jonathan Swift. Even so distinguished an author as A. S. Byatt has sung his praises, calling Pratchett's intricate and delightful fictional Discworld "more complicated and satisfying than Oz." His latest satiric triumph, *Carpe Jugulum*, involves an exclusive royal snafu that leads to comic mayhem. In a fit of enlightenment democracy and ebullient goodwill, King Verence invites Uberwald's undead, the Magpyrs, into Lancre to celebrate the birth of his daughter. But once ensconced within the castle, these wine-drinking, garlic-eating, sun-loving modern vampires have no intention of leaving. Ever. Only an uneasy alliance between a nervous young priest and the argumentative local witches can save the country from being taken over by people with a cultivated bloodlust and bad taste in silk waistcoats. For them, there's only one way to fight. Go for the throat, or as the vampyres themselves say...*Carpe Jugulum*

Anne Rice, creator of the Vampire Lestat, the Mayfair witches and the amazing worlds they inhabit, now gives us the first in a new series of novels linked together by the fledgling vampire David Talbot, who has set out to become a chronicler of his fellow Undead. The novel opens in present-day Paris in a crowded café, where David meets Pandora. She is two thousand years old, a Child of the Millennia, the first vampire ever made by the great Marius. Pandora begins, reluctantly at first and then with increasing passion, to recount her mesmerizing tale, which takes us through the ages, from Imperial Rome to eighteenth-century France to twentieth-century Paris and New Orleans. She carries us back to her mortal girlhood in the world of Caesar Augustus, a world chronicled by Ovid and Petronius. This is where Pandora meets and falls in love with the handsome, charismatic, lighthearted, still-mortal Marius. This is the Rome she is forced to flee in fear of

assassination by conspirators plotting to take over the city. And we follow her to the exotic port of Antioch, where she is destined to be reunited with Marius, now immortal and haunted by his vampire nature, who will bestow on her the Dark Gift as they set out on the fraught and fantastic adventure of their two turbulent centuries together. Look for Anne Rice's new book, *Prince Lestat and the Realms of Atlantis*, coming November 29, 2016.
